Some of the officers and men were dressed only in pajamas and their under clothing. hours after the Charleston struck sible to save anything.

The first landing was made on a little island, with a front of barren rocks. Next day the boats again took to the water and proceeded to Kamiguin Island, where a landing was made in the expectation that fighting would be necessary. So far from this being the case, however, the Charleston's tree found a helf savage possible who men found a half savage people, who regarded them with curiosity rather than hostility.
On the third day the storm

on the third day the storm had greatly subsided and Lieutenant John D. McDonald, with Boatswain Dominick Glynn and six men, started for the Gulf of Lingayen in a 30 foot sailing launch, hoping to find an American warship, but entirely ignorant of General Wheaton's expedition.

Lieutenant McDonald was four days

affoat, keeping under shelter of the hostile shore for two days on account of the high seas, being most of the time in a soaking rain. Finally, flying the Union Jack down, clad in their under clothing and drenched to the skin, the officer and his companions overtook the transport Aztec, which carried them to the battleship Oregon. The gunboat Helena was due to arrive at Kamaguin Island Monday. The Charleston was returning from a five weeks' cruise along the eastern coast of Luzon, and Admiral Watson was beginning to be uneasy. He supposed, however, that she had joined General

Wheaton's expedition.
In naval circles the accident is considered quite unavoidable. The only wonder is that there are not more such disasters in Philippine waters, which are most indifferently charted.

The Charleston lies practically in the open sea, and there is no hope of saving her or the valuable paraphernalia and contents of the cruiser.

Wanamaker on Election Frauds. New York, Nov. 14.—In a signed statement published in The World ex-Postmaster General John Wanamaker discusses the need of ballot reform, and declares: "In Philadelphia we have not had an honest election for many years, and the debauchery of the ballot has acquired the system and precision of a science with the dominant so-called Republican machine. This has not been the growth of a day or a year, but has been perfected by a steady, systematic development of the most minute details of original ingenuity. The machine has educated the followers in election crime, and rewarded them according to their per-fection in fraudulent arts. What is called the Democratic organization is but an agency of the corrupt Republi-can machine."

A SWINDLING QUINTET

Rounded Up After Being Watched For Several Months.

A COLLEGIAN LEADS THE GANG.

He Led Ris Class in Columbia Law School, and inherited Baif a Million From His Father After Leaving College-He Is Wanted in Chicago.

New York, Nov. 15 .- There is at police headquarters here a quartet of prisoners in whom the police of almost every large American city and many of the leading business bouses, banks and trust companies have a deep Interest. They were rounded up after being watched for several months, and were formally held by a police magis-trate yesterday on the nominal charge of being suspicious persons.

The police of New York say that

most of them have been convicted here and elsewhere of swindling that has netted them many thousands of dol-lars. The prisoners are:

lars. The prisoners are:
Alonzo J. Whiteman, 39 years old,
of Danville, N. Y., the alleged head of
the gang, a graduate of the Columbia
Law school: Frank Edmunds, to
years old, clerk, of New York; John
Thompson, alias William Hartley, alias P. Lawton, alias Dr. George W. Johnson, 31 years old, clerk, residence unknown; Robert J. Knox, 42 years

old, lawyer, New York.

There is under arrest at Pittsburg a fifth member of the gang, Charles D. Stewart, plus Charles Ward, about 60 or 70 years old. He was arrested there Monday.

According to the statement given out by Captain McCluskey, chief of de-tectives, Hartley, under the name of Dr. George W. Johnson, entered into negotiations with the real estate firm of John F. James & Son, in Brooklyn, for the purchase of a \$10,000 house. "Dr. Johnson" said he would pay \$5,000 down and would carry the remaining \$5,000 on a first mortgage. In negotiating with the Central Trust company, of Brooklyn, regarding the interest on the mortgage "Dr. Johnson" managed to secure \$350 on a fraudulent back force. check from the company, he having deposited a draft for \$3,000 drawn on the Hoboken Loan and Savings insti-tution. This was one of the many imilar cases, Captain McCluskey says

that Hartley will have to answer for Several months ago a man claiming to be W. L. Howe, cashier of the Na-tional bank, of Lawrence, N. Y., ordered 10,000 drafts of a certain design from a firm of lithographers in this city, and paid for them in cash. They were sent to him in "care of Mrs. Whiteman, Bansville, N. Y." A few days later a North river ferryboat decknand found one of the books of drafts in the river, and the book was sent to a detective bureau. Soon reports of bogus drafts began to pour in from all over the country. They were all made on these forms, and drawn on the National bank, of Law-rence, N. Y. Investigation by the po-Hee traced them back to Whiteman. ville, N. Y. There, it is alleged, he formulated the plans, and his tools all over the country carried them out.

Another swindling game netted the gang \$3,000 from a Woonsocket (R. I.) bank on a worthless check. Then an effort was made to "work" a Pittsburg

bank, but the police had traced the gang, and arrangements were perfected to capture them all, but the plans miscarried, and Stewart alone, who is gray and venerable in appearance, was captured. Word was sent to this city, and the other three were caught soon

MEXICO'S SILVER PRODUCTION.

Will Soon Beach \$100,000,000 Yearly. Advice to American Workmen.

New York, Nov. 16,—In a paper on "The Mexico of Today" which will appear in the forthcoming issue of The Independent, Vice President Mariscal, of Mexico, makes this statement touching Mexico's eliver resources: 300 years she has produced one-third of all the sliver that was mined. The production at present is more than \$60,000,000 per Kanum. When Li Huus Chang was in Washington he asked Senor Romero how much silver Mex-Ico was mining, and how long she could keep it up. Senor Romero, try-ing to be conservative, replied that Mexico was turning out \$5,000,000 per year, and could keep it up for 200 years. Mexico expects to supply the world with \$100,000,000 of silver per annum

"It will not do for Americans who do not understand the language or habits of the people to go to Mexica to live mices they have sure employment hire from eight to twelve Mexicans for the \$3 American money which you dinary American labor cannot go into Mexico and compete with Mexican labor, the Mexican laborer can live so very much more cheaply. There is a field for skilled laborers, but they fore gaing to Mexico."

Legal Victory For Railroads. Boston, Nov. 15.—Judge Colt, in the United States circuit court yesterday, decided that an employe of a railroad injured while riding on a pass giver him by a corporation, even it was a part compensation for his services, could not recover damages. The case was that of C. A. Whitney, a baggage-master, against the New York, New Haven and Hartford railroad. The plaintiff claimed he was aeriously in jured in a wreck, and sought to re-cover \$25,005 damages.

"My boy was in a very bad way when I commenced to give him Dr. Pierce's Golden Medica Discovery," writes J. W. Price, Esq., of Osark Monroe Co., Ohio, in a recent letter to Dr. R. V Pierce of Buffalo, N. V. "The doctors claime he had consumption and we doctored with theu until he was past walking. After using five bot ties of the 'Discovery' he is now all right. It has been ten months since he stopped taking your medicine and he is still in good health. We are very thankful to you for saving our son."

Hundreds of similar cases are described and the other three were caught soon after arriving here.

The Chicago police have sent word that an officer will be sent after Whiteman, who was sentenced in that city to a year's imprisonment and \$2.000 fine for obtaining money under false pretenses. Pending an appeal he was released, and when his sentence was affirmed by the appellate court he had disappeared.

Hundreds of similar cases are described in one chapter of Dr. Pierce's great thousand page illustrated book The People's Common Sense Medical Adviser which will be sent ire for the bare cost of mailing, 20 one-cent stamps. It is a vertiable family library in one volume:—the fruit of Dr. Pierce's life-long experience with the severest types of obstinate chronic diseases.
