Modest Women

Modesty in women is no less a charm than beauty and wit. Is it any wonder that women afflicted with physical disorders peculiar to their sex shrink from personal examinations by male physicians? The weaknesses and irregularities of women may be recognized by certain unfailing symptoms. Backache, headache, bearing-down pains, irritability and extreme nervousness indicate derangement of the delicate female organism. Bradfield's Female Regulator is the standard remedy for characteristic diseases of women.

BROKERS UNDER ARREST

Charged With Using the United States Mails to Defraud.

REALIZED OVER HALF A MILLION

On an Alleged "Bucket Shopping" Scheme—One of Their Customers Claims to Have Lost $20,000 on His Deals With the Firm.

Chicago, Nov. 16.—The federal authorities yesterday took cognizance of the reports which had been made concerning the alleged fraudulent business of the board of trade firm of McLain Bros. & Co., and arrested Charles R. and Albert G. McLain, members of the firm. The charge was using the United States mails to carry on a scheme to defraud. The prisoners were taken before United States Commissioner Humphrey, where they waived examination on the charge and were held to the federal grand jury in bonds of $5,000. The bail was what is known as a joint and several bond, the whole of which will be forfeited if either or both of the defendants fail to apepar in court when called upon.

The two board of trade men are said to have begun their operations with customers in various parts of the country two years ago, and it is claimed they realized over $500,000 through their "bucket shopping" schemes. They will not appear in court again until next spring, and not then unless the federal grand jury finds true bills on the charges.

The firm of McLain Bros. & Co. has ceased all operations on the market, having transferred its trade. The case, which will be presented before the next grand jury, is said to show most flagrant violations of the board of trade rules, as well as offenses against the postal laws. The firm's business consisted principally of deals for country customers. The members of the firm are said to have "matched" buying or selling orders from customers with the reverse trade on its own account, and the work is said to have been carried on so quietly that many customers lost money on the fictitious sales.

The evidence in the case is in the custody of the postoffice inspectors and is made up of a bundle of several hundred letters written by the defendants to their customers. The warrants for the arrest of the McLain brothers was based on the alleged swindle of P. A. Hyke, of Luverne, Minn., who claims to have lost about $20,000 on his deals with the board of trade firm.

The evidence in possession of the postal officials consists of letters which contain memoranda of transactions made for customers and show that, while an effort was made to keep within the letter of the board rules, a conspiracy existed among certain local firms to violate them. It is said these deals, which were made by the McLain brothers for customers in the west, were "bucket shopped," and never reached the grain pit.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, Bronchitis, Hoarseness and all diseases of the Throat, Chest and Lungs are surely cured by it. Call on A. Wasley, Druggist, and get a trial bottle free. Regular size 50c. and $1. Every bottle guaranteed, or price refunded.

Still No Molineux Jurymen.

New York, Nov. 16.—In the trial of Roland B. Molineux, charged with the death of Mrs. Katherine J. Adams, yesterday efforts were directed toward securing a jury, but notwithstanding the fact that 46 talesmen were examined not one juryman was chosen. Seven objected to the death penalty, about the same number declared their unwillingness to convict on circumstantial evidence, ten were unable to define the meaning of terms submitted by counsel, five had an insufficient knowledge of the English language and the others, except those peremptorily challenged, were excused on the various grounds of general consent, ill health and old age.

A Sensible Man

Would use Kemp's Balsam for the Throa and Lungs. It is curing more cases of Coughs, Colds, Asthma, Bronchitis, Croup and all Throat and Lung troubles, than any other medicine. The proprietor has authorized any druggist to give you a sample bottle free to convince you of the merit of this great remedy. Price 25c and 50c.

No Dewey Presidential Boom.

Washington, Nov. 16.—Senator Proctor, of Vermont, said in an interview last night: "It is not true that I am trying to start a Dewey boom for the presidency. It was generally understood that before Dewey left Manila he was averse to being drawn into politics, and I am in a position to know that since his arrival in this country his antagonism has been confirmed." "Then you think there is no possibility for the nomination of Admiral Dewey next year?" "There is absolutely none. He is out of it, and I am not trying to run him as a candidate."

FIGHTING IN TRENCHES.

Brilliant Attack of Captain Fitzclarence's Party at Mafeking.

FOUGHT WITH FIXED BAYONETS.

Stole Silently on the Boers in the Darkness of Night, Pounced Upon Them With Fearful Effect, and as Silently Returned Under Heavy Fire.

London, Nov. 16.—A dispatch to The Daily Mail from Mafeking, sent by way of Magalapye, because the runners sent southward were unable to traverse the Boer lines, gives an interesting account of a trench fight during the last week in October. The correspondent says:

After the failure to rush the town General Cronje had recourse to the tactics employed during the siege of Potchefstroom in 1881, making an advance to the town by a succession of trenches in echelon. Such a move had been anticipated by us for some time, and for that reason there had been sent out parties to worry the Boers incessantly by night attacks.

These tactics the enemy disliked, but he contented himself with a daily shell fire, which exposed him to little personal risk. Then Colonel Baden-Powell played his trump card by sending Captain Fitzclarence's party to worry occupants of the trenches. The little force stole out silently in the darkness. No shot was fired, and the men, with fixed bayonets, creeping rather than walking along, gradually approached the chief Boer position, near the race course. Then, as they closed in, there was a shrill screech. It was Fitzclarence's whistle and the signal for onslaught.

A ringing British cheer, which the listeners back in camp caught up, was the only reply as the party dashed into the trenches. There was a fearful struggle, the attacking forces catching and bayoneting the Boers under the turpaulins, where they crouched crying for mercy. At least 50 bayonets got to work, and the havoc they wrought was terrible.

For just a moment there was no systematic return fire, but then a perfect hailstorm of bullets poured in from the trenches in the rear. Again Fitzclarence's whistle sounded. It meant 'cease fire and scatter homeward.' The British forces scattered, silently creeping back under the furious fire in the darkness to the appointed rendezvous, where the roll was called.

Colonel Baden-Powell met and congratulated Captain Fitzclarence and his men upon their splendid work, saying that it was a heavy price to pay, but that the Boers had to be stopped making rifle trenches within range of the town. The members of the party are now the envy and pride of the garrison. Even the Boer commander Botha expressed admiration of the attack, and added that he would take Mafeking before long, for he meant to do one thing or the other quickly.

Belated dispatches from Ladysmith, dated Nov. 7, tell of a languid bombardment and of a native rumor that the Basutos are on the warpath, which is supposed, according to one correspondent, to have had the effect of inducing some of the Orange Free State troops to abandon the siege and to return to their own territory. Another correspondent says it is reported that in the attack on the Free States forces at Dewdorp the Boers had 300 in killed and wounded.

If the reports that the Free State burghers are tired of the affair and are going home should prove true, the fact would be most important, as their retirement would probably compel General Joubert to withdraw northward.

There has been no confirmation of the report published in Paris yesterday that the town of Ladysmith had been surrendered to the Boers, and the report is discredited.

A Postmaster's Unique Resignation.

Baltimore, Nov. 16.—George W. Moltz, a postal clerk on the Northern Central railway, brought to Baltimore yesterday the entire equipment of the postoffice at Bentley Springs, Baltimore county. When Mr. Moltz's train arrived at Bentley Springs he threw off the mail pouch for that postoffice. To his surprise the postmaster threw the pouch back into the car, with several other pouches containing the postoffice scales and other paraphernalia of the office. The postmaster took this means of effectively resigning the position.

ORDERS FROM AGUINALDO.

"Do Not Oppose the Americans' Advance, But Burn the Villages."

Manila, Nov. 16.—General Hughes, with parts of the Nineteenth and Twenty-sixth regiments, moved from Iloilo last Thursday to Otton, six miles west, for the purpose of capturing Santa Barbara, the rebel stronghold, ten miles north of Iloilo. Heavy rains preceded the movement, and the roads were in places impassable. The same night Colonel Carpenter, with the Eighteenth regiment and Battery G, of the Sixth artillery, moved westerly from Jaro to connect with General Hughes. Colonel Carpenter was forced to return to Jaro on account of the roads, and the entire movement was hampered by lack of proper transportation. Company C, of the Twenty-sixth regiment, had the only fighting. When three miles out of Jaro this company charged the rebel trenches and three of the enemy were killed. One American was wounded.

General Hughes, Nov. 12, occupied Tagbanan and Guimbal, on the southern coast, and also Cordova, in the interior. The enemy did not oppose General Hughes' advance.

Recent orders from Aguinaldo, found in the trenches, said: "Do not oppose the Americans' advance. Burn the villages as they are evacuated. Divide the forces into bands of 40. Harrass the Americans on every occasion."

Araneta, the rebel leader of the Island of Panay, was captured at Tagbanan while attempting to pass the lines into Iloilo.

Exploding Natural Gas Ruins a Home.

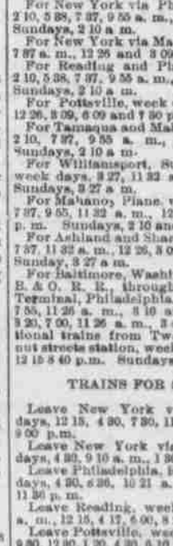
Springfield, O., Nov. 16.—A natural gas explosion yesterday morning in the residence of Mrs. Elizabeth Russell, on Lagonda avenue, blew the house to pieces, the nine inmates miraculously escaping with but slight injuries. F. F. Myers, a tenant in the house, started to light the fire, when the explosion resulted, blowing the roof off the house and the entire west end out, and distributing the inmates in the yard in their night clothes. Fire completed the destruction of the building.

Cupid's work is done when the baby comes. The soft, little, clinging, helpless mite is the crown of love. Its coming marks the completion of Cupid's object. Cupid brings two loving souls together—the baby holds them together.

A woman is never so womanly, so beautiful, so happy as when she is a mother. Yet motherhood is denied to some women and feared by others.

The fear of motherhood is rapidly passing away and nothing has done so much to drive it away as the record of Dr. Pierce's Favorite Prescription.

Dr. Pierce has held that danger and pain at the time of parturition were really unnecessary and unnatural, and that if every woman were healthy and strong as Nature meant her to be this function would be performed painlessly and safely. The abuse of centuries of corsets—of health destroying inactivity—of debilitating artificial life have made it impossible for some women to fully return to the perfect healthfulness of a natural state but every woman may be helped to a large degree. The organs directly involved may be strengthened, purified, invigorated for the time of trial and for this purpose Dr. Pierce's Favorite Prescription has been used with success by hundreds of thousands of women. It is the product of the skill and experience of a regularly graduated physician—a skilled specialist who for over thirty years has successfully treated the diseases of women.



Unlike many modern medicines Dr. Pierce's Favorite Prescription contains no whisky, alcohol, sugar, syrup, opium or narcotic of any kind and its use does not, therefore, create a craving for stimulants.

Mrs. Annie Blacker, of 629 Catherine St., Syracuse, N. Y., writes: "Your medicines have done wonders for me. For years my health was very poor; I had four miscarriages, but since taking Dr. Pierce's Golden Medical Discovery and 'Favorite Prescription' I have much better health, and I now have a fine healthy baby."
