[LETTER TO MES. FINEMAM NO. 64,587]

"DEAR FRIEND-Two years ago I had child-bed fever and womb trouble in its worse form. For eight months after birth of babe I was not able to sit up. Doctors treated me, but with no help. I had bearing-down pains, burning in stomach, kidney and bladder trouble and my back was so stiff and sore, the right ovary was badly affected and everything I ate distressed me, and

there was a bad discharge. I was confined to my bed when J wrote to you for advice and followed your directions faithfully, taking Lydia E. Pinkham's Vegetable Compound, Liver Pills and using the Wash, and am now able to do the most of my housework. I believe I should have died if it had not been for your Compound. I hope this letter may be the result of benefitting some other suffering woman. I recommend your Compound to every one."-MRS. MARY VAUGHN, TRIMBLE, PULASEI CO., KY.

Many of these sick women whose letters we print were utterly discouraged and life was a burden to them when they wrote to Lynn, Mass., to Mrs. Pinkham, and without charge of any kind received advice that made them strong, useful women again.

ONE DEATH FROM PATRIA PIRE.

Mr. Duplace, For Twenty Years Ger-

man Consul at San Juan. Southampton, Nov. 17,—The rescued passengers of the Patria spent the night at Southampton awaiting the arrival of the Kalser Frederich. Four of the passengers were left at Dover, and one of these. Mr. Duplace, died last night because of his terrible experience in the English channel. Mr. Du-place was suffering from anaemia, and the shock of the exposure aggravated the complaint.

Mr. Duplace has been for 20 years German consul at San Juan de Porto Rico. With him were left his wife and Mrs. Ivers, of New York city, a fellow eabin passenger, who, being a trained nurse and seeing the distress of Mr. and Mrs. Duplace, generously volun-teered to stay and nurse the consul, declining the opportunity to continue her journey to Germany.

It now seems probable that the Patria, which reached Hamburg last night, will at least be partly saved. What caused the fire is still a mystery. but it is asserted that the fact that the steamer was on fire was withheld from the passengers for some time, Captain Frohlich apparently wishing to take his ship to Hamburg without causing alarm, if possible.

Profits or Timplate Manufacture. Washington, Nov. 17 .- Mr. William H. Griffith, a tinplate maker of Wash-ington, Pa., was before the industrial commission yesterday. He told the commission that his company, which has since disposed of its plant, cleared 30 per cent in profits last year, when the price of tin was \$2.60 per box, the lowest ever known for plate. He also said that just previous to the passage of the McKinley bill, and for a year or so afterwards, when the price was \$5.65, the pront was fully 100 per cent. He said that while his company had sold its plant to the trust, the transaction had been without his sanction, and that he had since undertaken the establishment of an independent plant.

By asking for Blue Trading Stamps and trading only with merchants who give them you can get free a ro-cent Trading Stamp with every to-cent purchase, to Trading Stamps for \$1 purchase, and in the same ratio for the full amount of your bill.

Bear in mind the merchants make no advance in the prices of their goods, but on the contrary increase of trade secured to them by this plan will enable them to sell closer than ever before. Merchants may unintentionally neglect to give you Blue Trading Stamps unless you ask for them ; therefore the remedy lies with the customer ; you should not. hesitate to ask for Blue Trading Stamps from any merchant whose name appears in this Directory.
