THE BOER INVASION

Of Cape Colony Continues Steadily and Rapidly.
ALL QUIET AT LADYSMITH.

Well Supplied With Ammunition and Confident of Ability to Hold Out. General Gatacre Will Prevent an Attack on General Methuen's Force.

London, Nov. 21.—The reports of heavy fighting at Ladysmith last Wednesday have not been confirmed. On the contrary, the most reliable advices from Estcourt indicate that there was nothing more than a desultory cannonade. Probably the rumor of a serious engagement grew out of the fact that the Boers threw a few harmless shells late Tuesday night, leading to the supposition that an attack was imminent. Nothing, however, happened Wednesday.

A Ladysmith dispatch, sent by a runner to Estcourt, says: "All is well here, with nothing important to report. We are amply supplied with ammunition and confident of our ability to hold out. Information from outside is very scarce, but it is believed here that the Boers now investing the town are only a small force. Rain is hampering the Boer operations severely."

The Boer invasion of Cape Colony continues steadily and rapidly. There are 1,300 Boers at Colenso, and news has reached East London that Lady Grey, near Aliwal North, has been deserted by the British and is now in the hands of the enemy.

From Delagoa Bay comes reports of the arrival of more German officers and artillerymen, who have volunteered to serve with the Transvaal forces. The plan of operations on both sides is slowly unfolding itself. General Joubert is evidently moving south to

prevent, if possible, the junction of the British relieving force with the forces at Estcourt and Ladysmith, while on the Orange river border the Boers are believed to be concentrating at Donkerspoort to oppose General Buller's advance. It is said 5,000 Boers have already lagged at Donkerspoort. The English plan seems to be a threefold advance from Durban to Ladysmith, from Orange river to Kimberley and from East London, by way of Queenstown, to Burghersdorp.

General Gatacre will be able to keep the Boers on the Orange border sufficiently occupied to preserve General Buller's position. The English plan, especially if rumors from various sources are well founded that describe the Free State burghers as in nowise enthusiastic for fighting.

Although Kimberley is supposed to be the objective of General Methuen, many military critics are of the opinion that his advance will be not toward Kimberley, but across the Orange Free State, in order to secure complete command of the Orange river.

GEN. SIR W. F. GATACRE.

It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents, at A. Wasley's drug store. Every bottle guaranteed.

Three Killed in Fight Over Mortgages Antlers, I. T., Nov. 21.—Near Donkeaville, 30 miles east of Antlers, Deputy United States Marshal James Ennis and Dave Everidge and John Kelly, a Goodland merchant, were killed by two men named Bishop and Frey, whom the officers were trying to arrest for removing mortgaged property. Bishop some time since was sent to an insane asylum, and while confined there his wife mortgaged his cattle and other belongings to Kelly. Bishop was released recently and claimed he had been drugged and put in the asylum.

Training Prohibition of Football. St. Louis, Nov. 21.—After spending several days investigating the death of John Allen, of the Christian Brothers' college, who was injured on Nov. 11 in a game of football, the coroner's jury yesterday rendered the following verdict: "We find that the game was played strictly according to Rugby rules, but we believe the game is dangerous and should be prohibited. Verdict, accident."

Knox Released and Re-arrested. New York, Nov. 21.—After a preliminary hearing yesterday, and in the absence of sufficient evidence on which to hold him, Robert J. Knox, one of the alleged gang of Whiteman swindlers, was discharged. He was immediately re-arrested. Knox resisted the detectives and a fierce struggle ensued. He was finally subdued. The detectives refused to say on what charge they re-arrested Knox.

PATRONIZE MERCHANTS WHO WILL GIVE YOU BLUE TRADING STAMPS.

Always Encourage Our Home Industries.

The syndicate of merchants whose names appear in their lines in this vicinity, are anxious to secure new customers and thereby increase their cash trade by giving Blue Trading Stamps, and to that end they have contracted with Blue Trading Stamp Co., so that by dealing with those merchants you will receive one Blue Trading Stamp for each ten cents represented in your cash purchase.

When you have saved 300 Trading Stamps, 600, 900, 1200, or more from any or all of the merchants combined with whom we have contracted, they can be exchanged at our store, which are permanently located or at any branch store for very useful and attractive premiums.

By asking for Blue Trading Stamps and trading only with merchants who give them you can get free a 10-cent Trading Stamp with every 10-cent purchase, 10 Trading Stamps for \$1 purchase, and in the same ratio for the full amount of your bill.

Bear in mind the merchants make no advance in the prices of their goods, but on the contrary increase of trade secured to them by this plan will enable them to sell closer than ever before. Merchants may unintentionally neglect to give you Blue Trading Stamps unless you ask for them; therefore the remedy lies with the customer: you should not hesitate to ask for Blue Trading Stamps from any merchant whose name appears in this Directory.

This system enables merchants to pay cash for their goods of the wholesaler, and thereby obtain all discounts. Are you not entitled to discount for cash trade also? Blue Trading Stamps put the merchant's business on a cash basis, and saves the customer from paying losses which the merchants sustain by reason of bad debts, which losses are inevitable where a merchant does a credit business.

Ask for Blue Trading Stamps, save them, and you will feel proud of your handsome premiums.

Call and get a Directory and Stamp Book to start your collection.

THE PATRIA A TOTAL WRECK.
She Lies on the Kentish Coast, Still on Fire Forward.

London, Nov. 20.—The Hamburg-American liner Patria, Captain Frohlich, which caught fire in the English channel last Wednesday while on her way from New York to Hamburg, and which was finally abandoned Thursday noon, now lies between Walmer and the South Foreland, on the Kentish coast. She is still on fire forward, but there is no smoke shaft the bridge. At low water she will be partly dry. Apparently the fire has completely gutted her and rendered her a total wreck. The partial submersion has materially diminished the fire.

Captain Frohlich, of the Patria, in the course of an interview at Cuxhaven yesterday, made the following statement: "I knew nothing of the fire until the Patria was off Folkestone, where I promptly brought the ship up. There was a panic among the passengers, otherwise they could have saved their personal belongings. The fire, however, had such a strong hold of the fore hatch as to prevent us reaching the heavier baggage. The vessel is now only a shell, and there is little hope of realizing much."

SIX KILLED ON THE RAIL.
Construction Train Collides With Head-on in South Dakota.

St. Louis, Nov. 20.—Six men were killed and four perhaps fatally injured in an accident last evening on the Chicago, St. Paul, Minneapolis and Omaha railroad at Humboldt, 20 miles west of Sioux Falls. A construction train was backing out of Humboldt when a hauler bearing 35 Italians came around a curve. The Italians saw their danger and jumped from the car, which caught under the rear of the caboose, and this and the flat car next to it were wrecked. On the flat car were 20 Italian laborers, five of whom were killed outright and five more injured. One of the injured died en route to this city. Of the dead Brook Cobelman is an American. The rest are Italians. As soon as the wreck occurred the Italians made threats against the train crew, who were compelled to pull out at once to save their lives.

DEMOCRATIC LEADERS.

The Meeting of the National Executive Committee in Chicago.

BLOGANS FOR NEXT CAMPAIGN.

White Free Silver in the Platform to Stay. It is Proposed to Make a Strong Anti-Trust Fight—National Convention May Meet in April.

Chicago, Nov. 21.—The Democratic national executive committee, with National Chairman J. K. Jones in the chair, spent most of yesterday in a room in the Sherman House discussing matters pertaining to organization, ways and means and the administrative affairs of the organization. The committee will meet again today, and it is expected will get through with the business on hand before night. Nothing was said about a meeting of the national committee, but it is believed the committee will be called to meet in Washington on Feb. 22.

The committee met in an extremely uncommunicative as to what was done at the meeting. Secretary Charles Walsh said the committee had transacted no business of interest or importance, but only considered administrative affairs. After the meeting had adjourned, however, some of the committee members did not discuss the probable situation next year. They disclosed the fact that a considerable part of the committee's time had been devoted to discussing the probable effect of high prices on the campaign of 1900.

The chief purpose of some of the committee members was to organize a bureau of information and education, whose duty it shall be to gather accurate and definite information relating to trusts, cost of manufacturing, selling prices to jobbers and middlemen, selling prices to consumers, wages and cost of raw materials. They believe they will be able to show that the present high prices are the result of trusts and combines, and that workmen have been given but a small proportion of the increase in selling values. This idea has assumed such tangible form that the committee has decided to have a Harvey will be placed at the head of the bureau, but none of the committee members would admit this.

All the committee men said free coinage was in the platform to stay, but none of them said it would be the dominant issue. Congressman William Sulzer, of New York, appeared before the committee. He said trusts would be the issue in the east. James F. Minturn, of New Jersey, told the committee practically the same thing. Mr. Minturn said the New Jersey Democratic committee had to have the confidence of the Chicago platform Democrats and that some of the members had voted the Republican ticket. He wanted W. J. Bryan to visit New Jersey and help straighten things out. Senator Pettigrew, of South Dakota, and Charles A. Towser, of Michigan, of the silver Republicans, told the committee that free silver was still a live issue in their states.

There was a strong feeling among the committee men present in favor of holding the national convention in April or May, preferably the latter. It was not within the province of the executive committee to take any action regarding the convention, but it was freely admitted that the offer of all expenses paid and a bonus of \$50,000 to the campaign fund, which had been made by Kansas City and Milwaukee, were leading to a favorable consideration of both cities.

Congressman Sulzer, of New York, managed to put some strong propositions under his ambition to be the minority leader of the house in the next session of congress. He received promises of aid from Illinois and other western states, and a number of southern votes were promised him. When he left for New York he claimed 63 votes, 15 short of the number necessary to give him the place.

It was announced at the conclusion of the meeting that the gathering of free silver Republicans will be held in Chicago on or about Dec. 7.

Ex-Governor John P. Altgeld called on Senator Jones during the day, and met with a warm reception. Mayor Harrison did not call on Senator Jones.

THE RED FLAG BOGEY.

It is No Longer Effective in Exciting the French Population.

Paris, Nov. 21.—In the chamber of deputies yesterday M. Alicoit, Republican, brought up the question of the display of red flags on Sunday in connection with the ceremony of unveiling, on the Place de la Nation, the statue symbolizing "The Triumph of the Republic," by the president of the republic, M. Loubet. M. Alicoit wanted to know if the government would authorize the display. Premier Waldeck-Rousseau replied that the government had not authorized the carrying of any red flags in the procession, adding that whatever discordant notes might have been struck, they only served to emphasize the magnificent acclamation which greeted the republic. "It is useless," said the premier, "to endeavor to excite public opinion by raising the red flag bogey, as was done 60 years ago."

Many Charges Against a Midwife.

St. Louis, Nov. 21.—The grand jury yesterday returned true bills against Mrs. Henrietta Bamberger, the midwife, who was arrested last week, as follows: Murder in the first degree, unnamed infant in May, 1895; manslaughter in the first degree, Max Holtcamp, died Feb. 13, 1896; Ida Zimmerman, March 3, 1896; Lydia Bressert, Sept. 10, 1897; Wilhelmina Speer, July 1, 1898. All are said to have died as the result of operations and poison.

Emperor William's Visit in England.

Windsor, Nov. 21.—Yesterday afternoon the German emperor, now visiting Queen Victoria, went for a stroll in Windsor park, inspected the queen's prize cattle and visited the armory. There was a family dinner party at the castle last evening. Today an elaborate banquet was given in St. George's hall, United States Ambassador Choate was among the guests.

Moore Defused a New Trial.

St. Louis, Nov. 21.—The grand jury handed down an opinion and decision in general sessions court yesterday denying a new trial to William A. E. Moore, convicted some months ago of "badgering" Martin Mahon, of the New Amsterdam hotel, and sentenced to 19 years in prison.

There is no argument so good as an absolute, plain, truthful statement of fact. There is nothing so interesting as fact.

In the true happenings in the everyday life of every-day people are materials for most thrilling novels. There are every day stories of heroism, suffering and the final triumph of good over evil—of happiness finally crowning endeavor. Here is a case in point:

In the county of Escambia in Alabama is the little town of Flomaton and there lives Mrs. Mollie Grimms. She was a good wife and mother but several years ago she found her health slipping away from her. She realized that this meant the inevitable nervousness and irritability that would surely lose for her the affection of her children and husband, and that as her health declined discord and misery would appear in her home. She was filled with the loving motherly instinct, but two miscarriages in succession almost broke her heart. She had almost lost hope when the clouds rolled away and the light of health and happiness returned.

She tells her story in these words: "I was almost heart-broken to think I could not raise my more children and had to suffer as I did. I had lost two children by miscarriages and I was expecting a third. I was in a very anxious state. In August 1897 I expected of and began taking Dr. Pierce's Favorite Prescription and took it until my baby was born in November. With my other children I had suffered from the same trouble. I was in perfect health and had a very easy time. I was laboring only about three weeks. I was told that Dr. Pierce's medicine was enough for me. I was sure that it would save my baby's life and maybe my own life as well. The 'Favorite Prescription' and also the 'Pleasant Pellets' act like a charm."

The Kentucky Contest.

Frankfort, Ky., Nov. 21.—The Democratic state campaign committee concedes that Taylor has a majority on the face of the returns, but bases a hope of the election of the Democratic ticket on throwing out the vote of Louisville on account of the interference of Governor Bradley's soldiers and Johnson and Knox counties, whose tissue ballots were used. The Kentucky election law plainly provides for a secret ballot, and the Republicans admit that they are not as well fortified in the defense of their interests in Johnson and Knox counties cases as might be, but they assert that should Louisville be thrown out they have assurances that Governor Bradley will back them up in resistance, which they say is already fully planned.
