Exploding Ammonta Wricks Building Passaic, N. J., Nov. 27.—An explosion of ammonia, resulting from fire, destroyed the big plant of the Passaic Beef company, on Central avenue, yesterday. The loss was \$50,000. The fire started in the smokehouse and was soon followed by the explosion, which completely wrecked the building, making it an easy proy for the flames. Two employes of the company were hurled through the windows by the exploding ammonia, which was used in making 20,000 pounds of beef were destroyed.

BATTLE OF GRAS PAN.

Britons Carry the Heights After Four Hours' Fighting.

POWERFUL'S COMMANDER DEAD.

The Captain of the Royal Marines of That Vessel Airo in the List of Killed, as Is Major Plumb, of the Warship Doris. London, Nov. 27 -- Yesterday aftersoon the war office posted the following dispatch from General Forestier-'Lord Methuen reports that he mov-

ed on Saturday, at 3:30 a. m., with the Ninth brigade, the mounted corps, the naval brigade and two batteries the guards following with the bag-gage. Near Gras Pan (about ten miles north of Belment, on the railway line to Kimberley) 2,500 Boers, with six guns and two machine guns, opposed him. The action began at 6 s. m. Our batteries fired shrapnel very accurately till the heights seemed clear Then the naval brigade and infantry advanced to the assault. The fighting was desperate until 10 a.m. (when the heights were carried. The Boars re-treated on the line, where the Ninth Lancers were placed to intercept

Early in the action 500 Boers attacked our rear guard. The brigades met this and also protected the flanks. The naval brigade acted with the greatest gallantry and suffered heavily.

"The enemy showed the greatest stubbornness and must have suffered greatly. Twenty were buried. It is

GENERAL LORD METHUEN. known that 31 were killed and 48 wounded. More than 50 horses were found dead in one place. One battery fired 500 rounds. "Our force must halt one day at

Gras Pan to rest and replenish am-munition. The force worked splendidly and is prepared to overcome any difficulty. The naval brigade, the Royal Marines, the light infantry and the First battalion of the North Lancashire regiment especially distinguished themselves.

The admiralty is in receipt of the following dispatch from Rear Admiral

Harris giving the following casualties in the action at Gras Pan Saturday: Killed-Commander Ethelson, of the Powerful; Major Plumbs, of the Doris; Captain Guy Senior, of the Royal Ma-rines of the Monarch. Wounded-Flag

Captain Prothers, of the Doris, severely; Lieutenant Jones, of the Doris. The other casualties are not yet known.

The fact that in the Gras Pan action one British battery fired 500 rounds proves the desperate nature of the fight, and there is little doubt that the casualties were heavy. It is now

known that no guns were captured in the Belmont engagement. Five hundred Boers attacked Kuruman, in Bechuanaland, on Nov. 13. The fighting lasted almost continuously for six days and nights, but the Boers were finally beaten off with a loss of 30 in killed and 28 in wounded. The British lost one killed and one wounded. The Boers suddenly disap-

peared, for some reason unknown to the British. The troopship Medic arrived at Cape Town yesterday with the Australian contingents. The Pindari and the Idaho arrived there Saturday, bringing three batteries of artillery. The Servia, with troops, has left Cape Town for Durban and the transports Mohawk and Manchesterport have arrived at

The utmost activity prevails in getting war necessaries to the front. Five thousand men worked all day yesterday at Woolwich arsenal preparing stores. The arsenal employs 19,000 who have been warned that they need not expect holidays at Christmastide. Among minor items of news is a rumor that President Kruger is suffering with Bright's disease and that his condition is giving rise to anxiety.

urday Night's Republican Caucus. Washington, Nov. 27.—The Republican caucus committee appointed at the last session of congress to prepare a general financial measure for report to the coming congress is preparing to complete the duty assigned it. Last night seven members of the committee gathered at prospective Speaker Hen-derson's rooms at the Normandie hotel and informally considered the bill prepared by the committee in Atlantic City during the past summer. The members present were Messrs. Hender-son, Babcock, Morris (Minn.), Curtis (Kan.), Payne, Dalzell and Overstreet, Mr. Henderson does not look for any essential changes in the bill, but says the members are firm in the faith, and the purpose is to push the measure at the coming session. The committee is waiting to have a joint meeting with the senate committee appointed for the same purpose, but no word has been received from the members of the lat-ter yet as to when they will be ready to meet the members of the house com mittee. The latter are anxious that the measure shall have prompt considera-tion and want a meeting of the two ing week, before the Republican caucus next Saturday night. BRAVE BOY'S FORETHOUGHT

Prevented a Terrible Wreck on the Vandalla Road Near Beazil, Ind. Brazil, Ind., Nov. 27.—The courage and presence of mind of 14-year-old Frank Williams prevented a disas-trons wreck on the Vandalia raffroad yesterday. Williams was coming from Knightsville to this city, when he noticed a broken rail which had been pressed out of position by a freight train some hours before. The lad heard the west bound passenger and mail train whistle for the Knights-ville station. Knowing that the train did not stop there the boy ran up the track and when he sighted the train stood between the rails and waved his hat. The engineer, seeing the boy would not leave the track, reversed the lever and applied the air brakes. stopping the train within a few feet of the broken rail. The engineer said he was running 50 miles an hour when he say the boy, and had his engine struck the broken rail at such great speed a fearful wreck would have re-
