Senator Deboe Again Leaves Frankfort For Washington.

HIS SIGNIFICANT INTIMATION.

While He Does Not Anticipate a Declaration of Martial Law, He Gives the Impression That Federal Ald Can Be Secured If Necessary.

Frankfort, Ky., Nov. 28.—Senator Deboe left for Washington last night. and after his departure a story eman-ating from Republican circles was put abroad that in the event that Goebel given a certificate of election next Saturday by the throwing out of the vote of Jefferson, Knox and Johnson counties, Senator Deboe, Senator Lind-sey, Governor Bradley, General Taylor and other Republican leaders will unite in an appeal to President McKinley to declare martial law in Kentucky recognizing Taylor as governor and supporting his administration. Sen-ator Deboe stated to a press reporter that he felt confident no emergency would arise requiring the assistance of the federal authorities, but inti-mated that he had assurances that federal aid could be had if it became

There was no change in the situation here yesterday on either side. The ex-pected move of the Goebel leaders to the gubernationial controversy into the courts prior to its handling by the state election board has not matarialized so far, and many believe it has been abondoned. The story from Louisville that Jefferson and Elliott county returns had been mysteriously ost or tampered with is not credited here, as, should this occur, duplicate certificates could be easily obtained and the theft of them would not affeet the result. The hotels of the city are slowly filling up with visiting Re-publicans and Democrats from many

Thinks Dewey's Critics at Fault. New York, Nov. 28.-C. P. Hunting ton, who was one of the largest subscribers to the Dewey home fund, said in reference to the criticisms of the admiral for the disposition of property: "I think those who fault with Admiral Dewey for what he has done with the house given him are at fault themselves. The house was given to the admiral solely for his benefit and comfort. The fortunes of men turn from day to day, and Admiral Dewey at some future time might have been forced to sell his house. How much better it was to deed the house to the wife whom he loves, so that both could have the home that his countrymen gave him as a slight recognition of his great services in their behalf."

Labor Leader Sentenced For Contempt Fort Scott, Kan., Nov. 28.—In the federal court here yesterday John P. He is now in prison. Rees ignored an injunction of the court against going upon the property of the "Big Four" mining companies and urging the non-union miners to join

Thanksgiving Football Condemned Chicago, Nov. 28.—Football as a Thanksgiving pastime was strongly condemned yesterday at a meeting of Congregational ministers of this city. Resolutions were adopted, after a sharp discussion, in which the practice of playing football on Thanksgiving day was characterized as "contravention of the president's proclamation and contrary to the spirit and purpose of the day." The resolutions also say that "such conduct is especially to be deplored in organizations connected with Christian institutions."
