Stankers Have Disappeared Philadelphia, Dec. 2.—Two attach-ments under the fraudulent debtors' act of the legislature of 1869 were insued yesterday against the Investors' Trust, the get-rich-quick concern which suddenly stopped business and closed its doors in this city this week. The concern is similar to the one which was raided by the Brooklyn po-Hee last week. The attachments name Charles L. Work, manager, and Lipman Keene, president, of the concern. Both have disappeared. The attachments were issued at the instance of Charles McElroy and Charles McElroy, Jr. The plaintiffs say that they each deposited \$100 with the trust on Nov. 23 upon representations that the com-pany would invest the money, and that each depositor would receive large profits. The circular represented that persons who had been depositors had received in three years \$7,000 on an investment of \$100. Depositors were also granted 15 and 20 per cent interest a month, and that an investment of \$500 would yield a regular income of

VIGOROUS OLD AGE.

Mr. J. B. Potter, Centreville, R. I., 80 years old writes, Sept. 15, 1899,

of PAINE'S

Celery Compound:

"Fifteen years ago I had to give up business on account of very poor health. I was suffering from a number of old chronic diseases and had complete nervous prostration. In 1891 I commenced taking Paine's Celery Compound and soon found that I was getting the better of my complaints. continued using it until I was restored to good health. Believing that an ounce of prevention is worth a pound of cure, I take the Compound in the spring and fall, and it keeps me well. Paine's Celery Compound has made almost a new man of me, and I have gained twenty-eight pounds of good, solid flesh and blood, thanks to its use."

Strong, vigorous nerves keep the stomach, liver and kidneys active. The ills of old age Weddings sometimes take place as profound secrets. It now turns out that such caused by the breaking down of these great nerve centres are prevented by Paine's Celery Compound.
