## CRIME AND THE CAUSES.

By Removing the Cause a Great Deal of Good Can be Done.

ED. HERALD.—Discussions of crime and the causes thereof in Schuylkill county are very timely. If the press and a fair proportion of interested citizens agree upon some proper plan of action to curb crime by removing the causes, a great deal of good can be done.

### THE CAUSE.

The principal cause of crime is the indiscriminate granting of licenses in the county. The licensees take to the business for pecuniary profit, and the thousand and more licenses granted make competition so sharp that the eater to the criminal, the drunkard, the debauchee and those of immature age in their struggle to make the business pay. Sales are made at all hours and at all times, irrespective of the law, so they gather in the shekels.

### THE OPPORTUNITY.

A splendid opportunity is now presented to appeal to the courts to correct this evil. There is no Common Pleas Judge to be elected for eight years. In other words, the Judges cannot be made to suffer the consequences of a reform now instituted, as long as the eight years roll by the benefits will be apparent to the public. It would be wrong rather than right to persecute the workers of such a reform when again candidates for the office of Judge.

### LACK OF REGULATIONS.

The evil is in our present method of granting licenses to anybody and everybody almost that makes application, as the law says: "in the sound discretion of the court." There are no rules or regulations laid down by the court for its guidance that in any way restrict the number of licenses granted or the character of the places licensed. This evil can be easily corrected, and all that will be necessary for the moral forces of this county to do is to formulate some plan and ask the co-operation of the court. This can be done by memorializing the court.

### THE REMEDY.

First.—Not to grant more than one license for each three hundred (300) people, unless in townships it shall be conclusively proven to the court that on account of special topographical conditions more hotels are necessary.

Second.—That no place be licensed within five hundred (500) feet of a church or school house unless it is a well established hotelery that provides sleeping or eating accommodations for the traveling public.

Third.—No naturalization to be given license unless such person shall have been a citizen of the county at least five years before the license is applied for.

Fourth.—No person who has been convicted of a felony shall have license.

In the event positions are prepared and signed, I agree to present the same to court for of chaise, and believe that I can get the co-operation of at least six other attorneys to assist in taking this matter before the court.

Pottsville, Dec. 2, 1899. WM. WIEHLHM.

### Editor's Awful Plight.

F. M. Higgins, Editor Seneca, (Pa.) News, was afflicted for years with Piles that no doctor or remedy helped until he tried Bucklen's Arnica Salve. He writes two boxes wholly cured him. It's the surest Pile cure on earth and the best salve in the world. Cure guaranteed. Only 35 cents. Sold by A. Wasley, drugist.

### GIRARDVILLE.

Robberies of a petty nature are still being committed about town. Yesterday morning, about 2 o'clock, an unsuccessful attempt to rob the residence of Mrs. Githers, on Ogden street, was made by several unknown men.

Mrs. Githers's son, Benjamin, who sleeps directly over the floor where the robbers attempted to affect an entrance, was awakened by the noise. He gave an alarm and they took to their heels.

They will endeavor to have their brother released from prison on bail. One of the brothers visited the convicted man several days ago. The latter broke down and cried.

### Few Mine Accidents.

Mine Inspector Davies' report for November, shows that but five accidents, all of them non-fatal, occurred in the Fifth anthracite district during the last month, the smallest number reported for months. Mine Inspector Davies says that this is the first instance in ten years that no fatal accidents have occurred in November at the mines in that district. November, during which the collieries are usually operated on full time, being considered a month of accidents.

### THEATRICAL.

#### "HEARTS OF THE BLUE RIDGE"

Dorothy Lewis appeared last evening to a fair sized audience at the Kaler Grand in the latest pastoral drama "Hearts of the Blue Ridge." Miss Lewis made a decided hit in the play as Miss Carter and appeared as beautiful and clever in her old North Carolina style as any of the famed daughters of the pine tree region. Robert Leeland as Bob Reynolds Missy's lover, drew much deserved praise from the audience for the way he took his part in the plot. We are sorry that we can not treat the cast in detail as all fitted well to their parts. Special mention, however, must be made of the Blue Ridge Quartette. They were fine in fact nothing better has ever appeared in Mahanoy City. Any actor enjoys nothing so much as the company will appear at Ferguson's theatre to-night.

#### "THE DAZZLER."

Miss Myra Burroughs, the winsome Kitty Starlight of "The Dazzler," who will be seen at Ferguson's theatre on Wednesday evening next, is this year singing better than ever. Always a charming singer, and with a voice remarkable for its strength and carrying qualities, she seems this season to be fairly outdoing herself in her musical numbers. Her characterization of the part of the London concert hall singer is light and dainty, with delicious bits of comedy here and there, which serve as a fine background for the broader work of the comedians.

### ORGANIZING MINERS.

#### Local Branches of the United Mine Workers to be Established.

Paul P. Palaski, of Mt. Carmel, president of the Ninth District, United Mine Workers of America, arrived in town to-day for the purpose of beginning the establishment of the organization in Schuylkill county. President Fahy will be here in a few days, to give assistance in the work and this town will be the headquarters while they are here, which will be the next three weeks, at least. Announcement of the first meeting in town will be made as soon as a hall is secured and a date fixed.

Mr. Palaski speaks five languages—Polish, Slavonian, Russian, Bohemian and English—and each very fluently. He says that, for the first time in the history of labor organizations in Schuylkill county, the county is the last to be organized, but the prospects indicate that, although it has been tardy, it will develop some of the strongest branches of the United Mine Workers.
