The newspapers are calling upon the overnment to employ the Cunarders well as the White Star steamers as asports, seeing the urgent necessity or getting more men to the cape as speedily as possible. Forty thousand men could still be sent from England without calling upon the militia for foreign service. The militia effective is 100,000, and from this body 20,000 carefully selected men could easily be spared for South Africa. Moreover, the colonies are again proffering assistance.

BECOGNITION OF INDEPENDENCE

Washington, Dec. 15 -Two joint esolutions were introduced in the house of representatives yesterday by Representative Williams, of Mississippi, which are the result of consultastood to be expressive of their general position on the Philippines.

The first resolution declares the in-tention and purpose to recognize the independence of the Filipinos and withdraw our land and sea forces provided the independent government agrees to refund the \$20,000,000 paid by the United States to Spain, to give us suitable navai and coaling stations and grant in perpetuity free access to their ports. Another section pledges our friendly assistance and also pledges against foreign interfer ence or aggression for ten years, dur-ing which time the foreign affairs of the island are to be under American

The other resolution asks for information relative to the conclusion of a treaty with the sultan of Jolo and provides for an inquiry by the judici-ary committee as to whether the conatitutional provisions against slavery and the statutory provisions against polygamy apply to the Sulu people. The senate yesterday, by a decisive

vote and practically without discus sion, laid on the table the Pettigrew resolution of inquiry as to whether or not United States forces had recognized the Filipino insurgents' flag and had turned over Spanish soldiers to the insurgents. It agreed to the bouse Christmas recess resolution and agreed to meet today to receive reports on the composition of its committees for this

But these are, of course, questions of the future. The paramount necessity for the present moment is the restoration of order in the islands, the ending of the war and the extinction of the last embers of the insurrection, which has now degenerated into mere brigandage. work for the army, and is an executive function. Until peace and order are absolutely restored there ought not to be any congressional action. The only immediate duty for the committee that can see now is the gathering together ands, so that when the time comes for congressional action congress may have all knowledge obtainable which will enable it to act intelligently."

Think the Cuban Military Governor Was Unjustly Treated. Havana, Dec. 15.-Governor General Brooke is indignant at the cabled from Washington which represent him as having protested against the order of the president relieving the order of the president relieving him of the military governorship of Cuha. He says: "I am a soldier, and obey orders. I would direct the arrest of any officer who protested against my order, and would always render to ald county for confirmation uisi, on Monday, January 1st, 1900.

The order of the president relieving him of the military governorship of Cuha. He says: "I am a soldier, and obey orders. I would direct the arrest of any officer who protested against my order, and would always render to a superior authority the respect which I would exact from a subordinate." I would exact from a subordinate.

His friends, however, express the opinion that he has not been treated that some intimation should have been given him of the contemplated change, whereas, as a matter of fact, the first knowledge he had that he was to be removed and to be succeeded by Major General Wood was derived from newspaper dispatches.

Sibley Opposes Currency Bill. Washington, Dec. 15.—The debate on the currency bill in the house yesterday was tame and prosaic. The at-tendance both in the galleries and on the floor was light, and none of the speeches made attracted especial at-Mr. Sibley (Pa.), who has ublicly announced his change of views on the money question, and who, it was thought might vote for the bill, stated that he would vote against it. Mr. Thayer a Massachusett Democrat, was the only member of the opposition who made a speech for the bill.

Cuban War Materials Surrendered. Santiago de Cuba, Dec. 15.—For some months it has been suspected that large quantities of military stores were in the possession of Cubans at ome point in the interior. Wedness day the mayor of Tunis, a small town in the district of Hoiguin, voluntarily disclosed the location and surrendered three effective field guns, 10,000 rifles and a large amount of ammunition to the Americans. The guns had been atored in an obscure place, in a rough country, under palm leaf blinds.

"There is but one small chance to save your life and that is through an operation." was the awful prospect set before Mrs. I. B. He dlan't count on the marvelous power of Electric Bitters to cure Stomach and Liver troubles, but she heard of it, took seven bottles, was wholly cured, avoided surgeon's knife, now weight more and feels better than ever. Mrs. Gaynor Gets Her Divorce. New York, Dec. 15.-Colonel John F. Gaynor, who yesterday was held under heavy bonds, together with a number of other contractors, in connection with the Captain Oberlin M. Carter frauds, was divorced by his wife yes-terday. A few hours before the de-cree was handed down Colonel Gaynon was arrested under a federal indict-ment alleging his connection with the crime that put Captain Carter in prison. By the decree Mrs. Gaynor gets \$10,000 in cash and alimony of \$150 a month. It was Colonel Gaynor who, although he married Miss Carrie B. Gifford, in this city in 1890, took to wife in Rockville, Md., on June 10 of this year Miss Annie L. Pitney, and sailed with her to Europe.

Many of the cures of the "Golden Medical Discovery" seem almost mirac-

ulous. Its effect is almost immediate. It takes hold at once. It tones up the stomach, invigorates the liver, regulates | It gets right into the blood and carries strength and comfort to every fiber of the body. It nourishes and invigorates the weakened, irritated nerves and puts

the entire system in perfect tune. It is a safe medicine. Safe for adults safe for children. It contains no sugar. syrup, whisky, alcohol or dangerous op-ates. Therefore, it does not create craving for stimulants. It is distinctly

a temperance medicine.

If a medicine dealer tries to substitute some other preparation when you ask for "Golden Medical Discovery"—look out for him. He is either ignorant or dis honest and you can't trust him.
