OUR COUNTRY: First, Last and Forever.

THE HERALD a week ago remarked that the two Republican Commissioners would organize the board, and we are still of that opinion.

IT is now in order to consider what good resolution you will try to put in effect on Monday next. If you are not a subscriber to the HERALD we respectfully suggest that you stop borrowing and subscribe for it.

IT is said that Edward Atkinson, the Chief Mogul of anti-imperialism, is very fond of dried apples. This suggests the possibility of making an expansionist of the Hon. Edward by the simple process of filling him with water after an indulgence in his favorite fruit.

THE February election for borough offices is an important one to the citizens of Shenandoah. The nominees of both parties should be subject to the closest scrutiny, to the end that an improvement be made in the character of local municipal officers. Nominate and elect none but competent men.

EVERY citizen of a free country has, says the New York Times, an undoubted right to criticise the acts and politics of his own government, but this right has its limitations, and that citizen whose criticism tends to make the preservation of his country's honor a harder instead of an easier task may well consider himself fortunate when his wisdom or the accuracy of his information, and not his patriotism, is questioned.

BROTHER SCAWAREN, who ably fills the editorial chair of our esteemed contemporary, the Miners' Journal, is devoting his energies in a noble cause—trying to reform the Republican party and the "business end" of the Journal at the same time. And they both need it—as we previously remarked, in allopathy doses. Our editorial brother, like ourselves, knows what remedy is needed, and is heroically administering it. We are still of the opinion, however, that he is beginning at the wrong end. While we are reforming the Republican leaders, apply also the lash to those "brilliant newspaper men" who ply their trade at the sacrifice of regularly nominated Republican candidates. Our editorial brother has had sufficient experience with some of them to enable him to take the hint.

"WITH hope millions stand on the closing day of the year with faces toward the future," writes Mrs. Hamilton Mott in the January Ladies' Home Journal. "What will the new year bring me? each one asks himself. No one knows. And how well it is that we do not. It requires sober thought to realize that what we are and what we do are along the lines of a wise creation. It is often very hard for us to feel that we might have things for the better if the power and opportunity were but ours. But the most astute cleverness of man is a poor affair when compared with the simplest wisdom of God. And one thing that can make this new year before us happier is to have that one feeling, that one thought, that one faith always with us: That 'whatever is, is right' and best. Frequently we cannot understand at the time why this must be so, why that should happen, and why some particular trial should come to us while some great joy comes at the same time to another; why we should have so little and others so much. But nothing ever comes into our lives except what is for our good. And some day we shall clearly understand all."

Reference That is Surely Worth Looking Up.

A Shenandoah Man Who Tells His Friends What Has Done Him Much Good.

We will tell you what will cure the worst kind of a case of backache caused from the kidneys. We will not only tell you, but will refer you to people in all walks of life in the city of Shenandoah who have used Kid-ne-oids with the best results. We ask you to read this statement from Mr. Martin Bane, 436 West Apple alley, works at No. 4 Lehigh Valley colliery, who says:—"For about a year I have been annoyed with pain in the small of my back which I attributed to kidney trouble. At times I would have sharp shooting pains just over the region of the kidneys, which would be very severe. It would interfere with getting proper rest and sleep. I took Morrow's Kid-ne-oids for my trouble and they did for me all that is claimed for them. They relieved me in a very short time and did what other remedies failed to do."

Morrow's Kid-ne-oids are not pills, but Yellow Tablets and sell at fifty cents a box at all drug stores and at S. P. Kirlin's drug store.

A Conflict of Authority.

Omaha, Dec. 27.—Acting under the instructions of the governor Attorney General Smyth today began proceedings in Sarpy county charging Corporal Fear and Private Jenkins with the murder of Private Morgan. The two men, acting under orders from the proper officers, shot and killed Morgan while the latter was trying to escape from Fort Crook. The Sarpy county authorities declined to prosecute, leaving the matter to the military, who held a court martial and acquitted the men. The governor then ordered the case taken into the state courts. District Attorney Summers has received orders from Washington to defend the men.

Revealed His Guilt by Extravagance

Chicago, Dec. 27.—Clyde H. Wallace, a clerk in the United States sub-treasury in this city, was arrested yesterday on the charge of having stolen $5,000 in gold from the office. The young man is said to have made a full confession to the secret service officials. The gold, a sack of $20 gold pieces, was missed Nov. 15, but it was several weeks before the officers could obtain a clew to the criminal. Wallace finally furnished it by wearing fine clothes and diamonds and by playing the races in pool rooms, making all his bets with $20 gold pieces. He is now in jail in default of bonds of $10,000.

Accidents come with distressing frequency on the farm. Cuts, bruises, stings, sprains. Dr. Thomas' Electric Oil relieves the pain instantly. Never safe without it.

Growth of the Lawton Fund.

Washington, Dec. 27.—Adjutant General Corbin's list of subscriptions to the Lawton home fund aggregated $15,000 at noon yesterday. The committee announces that the subscription lists will be kept open until Jan. 5 next, when the money will be banked and placed to Mrs. Lawton's credit. The amount now in the hands of General Corbin probably is less than half of that actually subscribed, many subscriptions not yet having reached him.

Pittsburg's Big Union Station.

Pittsburg, Dec. 27.—There seems now no obstacle to the building of the $2,000,000 Union station projected by the Pennsylvania Railroad company. Yesterday both branches of councils unanimously passed an amended ordinance which defines the agreement of the contracting parties as to grades, new track locations and elevated structures. The general effect of the provisions is claimed to be a decided reduction in expense to the city.

CASTORIA. Bears the Signature of Chas. H. Fletcher. The Kind You Have Always Bought

A Legal Point For Strikers.

Toledo, Dec. 27.—Judge Morris, in common pleas court yesterday, rendered an unusual decision as to the rights of striking workmen. The members of the Bicycle Workers' union struck at the Standard Tube and Forkside works. A temporary injunction was granted restraining strikers from patroling the works and accosting and intimidating employes who took their places. This injunction Judge Morris dissolved, holding that the strikers had a perfect right to keep pickets about the works and to talk to workmen and urge them to come out. The case will be appealed.

Buffalo's Prospective Union Station.

Buffalo, Dec. 27.—The common council yesterday approved the proposition to grant the Hamburg canal property in this city to Michael J. Burke in consideration of his agreeing to erect thereon a union station, at a cost of not less than $1,500,000, and to allow such station to be used for passenger traffic by all railroad companies now or hereafter running into this city, without discrimination and upon fair and equitable terms. The station must be ready for occupation within two years after the formal transfer of the property.

The Mexico-China Treaty.

City of Mexico, Dec. 27.—The negotiations which have been in progress for some time between China and Mexico for a general treaty of trade, navigation and immigration now have been brought to a successful conclusion at Washington, Senor Aspiroz, the Mexican ambassador, signing for his country and Minister Wu Ting-Fang for China. The main feature of the treaty is in establishing official relations between China and Mexico for the first time, thus giving promise of the development of trade relations between them.

The Alleged Michigan Boodling.

Lansing, Mich., Dec. 27.—The grand jury reconvened yesterday afternoon. Since adjournment the officers have made what is claimed to be an important find in connection with the alleged fraudulent military deal, by locating the four women who transferred the tags upon the goods which were sold by the state and replaced them with Henderson-Ames company's marks. They all swear that they were hired by Mr. Bickerstaff, of the Henderson-Ames company, to do the work.

ESCAPED THE DEATH WATCH.

Negro Murderer Stole Away While His Guard Was Sleeping.

Norfolk, Va., Dec. 27.—Walter Cotton, the desperate negro murderer, who was to have been hanged Jan. 12 for the murder of Charles Wyatt, a merchant in the suburbs of Portsmouth, several months ago walked out of the county jail about 5 o'clock yesterday morning, despite the presence of J. Saunders, the night death watch, in the cell, and has apparently made good his escape.

Saunders was asleep in a rocking chair. Cotton, who had in some way filed away two alleged burglar proof steel bars of his cell, took the overcoat and cap of the death watch and stole away without awakening him.

"Hurricane" Branch, of Nansemond county, was telephoned for, and came with his bloodhound. At 4 o'clock the pursuit by the bloodhound, which frequently lost the trail, was abandoned. The sheriff's posse continued the search. Saunders was arrested and locked up for criminal negligence.

Cotton is desperate, and will not be taken alive, it is thought. He is a North Carolina negro, and received assistance from the outside.

A German Scheme Abandoned.

Berlin, Dec. 27.—The German government has definitely abandoned all idea of acquiring the Danish West Indies, either by purchase from Denmark or otherwise. The press correspondents received this information from an authoritative source. The German embassy in Washington has left no doubt that any such attempt would be looked upon by the Americans as an unfriendly act and as a serious infringemeat of the Monroe doctrine.

Stopped Service to Catch a Thief.

Martinette, Mich., Dec. 27.—Dr. Schepler, pastor of St. Paul's Episcopal church, while at the altar saw a thief leaving the parsonage with a lot of holiday goods under his overcoat. Putting aside his robes Dr. Schepler gave chase, caught the fellow, and after a tussle turned him over to the police and then returned and finished divine service.

Red Hot From the Gun

Was the ball that hit G. B. Steadman, of Newark, Mich., in the civil war. It caused horrible Ulcers, that no treatment helped for 20 years. Then Bucklen's Arnica Salve cured him. Cures Cuts, Bruises, Burns, Boils, Felons, Corns, Skin Eruptions. Best pile cure on earth. 25 cts. a box. Cure guaranteed. Sold by A. Wasley, druggist.

Working Hard For a Pardon.

Washington, Dec. 27.—An application for pardon of Joseph Wilkins and Howard Butler, now serving terms in the Moyamensing prison, Philadelphia, for violating the oleomargarine laws, has been made to President McKinley, and the attorney general now has it under consideration. All the personal and political pressure wielded by the oleomargarine interests of the west is being used in behalf of the convicted men. For three years the cases were stubbornly contested in the courts.

Bryan Will Stick to Silver.

Austin, Tex., Dec. 27.—W. J. Bryan's attention was called to a dispatch from Washington stating that he had written Congressman Daly, of New Jersey, that he would make several speeches in the east, discussing trusts and imperialism, and he was asked as to whether the report indicated an intention of abandoning the silver question. He replied: "I expect to make several speeches in the east, and I expect to discuss the money question along with the trusts and the Philippines."

To Be Depended On.

Because It is the Experience of a Shenandoah Citizen and Can Readily be Investigated.

A stranger lost in a large city would place far more dependence on the directions given him by a local resident than the guidance of another stranger like himself. This is a natural consequence of experience; it's like a ship in a strange port—a trusty pilot familiar with the harbor is always called upon to bring her safely to her moorings. So it is with endorsement; we doubt the sayings of people living at distant points because we can't investigate, but public expression of local citizens can be depended on, for 'tis an easy matter to prove it. Evidence like the following is beyond dispute.

Mrs. H. S. Sebert, of 506 West Cherry street, says:—"I suffered intensely with pain in my back and lameness across my loins. I was burdened with a feeling of weariness causing a loss of energy. A friend, Mr. Lord, of Pottsville, advised me to use Doan's Kidney Pills and I was induced to get them from Kirlin's pharmacy. I had not however much confidence in them at first, but they proved most satisfactory. I do not think I ever had any medicine to do me so much good. I began to improve immediately and the languor soon left me. I can also recommend Doan's Ointment. It cured our little daughter of an irritation and burning. I do not know just what it really was but it caused her much annoyance and gave us some anxiety. The irritation was constant and exasperating, but Doan's Ointment caused it to disappear."

Doan's Ointment for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y. Sole agents for the U. S. Remember the name Doan's and take no other.

Saved From Execution by President.

Oshkosh, Wis., Dec. 27.—William Scarborough, of this city, a private of Company B, Third United States infantry, who was tried by a military court in the Philippines on a serious charge and sentenced to death, has been saved from execution by President McKinley. The president has commuted his sentence to dishonorable discharge and 20 years' imprisonment. Scarborough is little more than a boy.

Non-Unionist Charged With Murder.

Kansas City, Mo., Dec. 27.—Ed Jackley, a non-union job printer, who was arrested last week for shooting Robert Hoard, one of a number of union men who tried to intimidate Jackley and four companions, was yesterday charged with murder by the coroner's jury, who, however, gave it as their belief that he shot in self defense. Jackley's bond of $5,000 was furnished by two members of the Typothetae

Goldsmith's Defalcation Grows.

Middletown, N. Y., Dec. 27.—The defalcations of Assistant Cashier Louis E. Goldsmith, of the Port Jervis National bank, which first announced the amount as $25,000, is now declared by the bank examiner to be $101,987. The Washington authorities recommended an assessment of the stock to make good the deficiency and to resume the business of the bank.

Get-Rich-Quick Banker Convicted.

New York, Dec. 27.—Eugene L. Packard, who formerly conducted the Investment and Security company, a get-rich-quick institution, was yesterday convicted in the federal court of using the mails to further schemes to defraud, and was remanded for sentence. Packard, it is alleged, formerly ran the Hughes Investment company, with an office in Wall street.

The California Earthquake.

San Jacinto, Cal., Dec. 27.—This little city is a scene of desolation. People are beginning to recover from the terror inspired by the earthquake which centered here on Christmas morning. The losses in this city aggregate $50,000. At the Saboba Indian reservation six squaws were killed outright and two died later, while a score were badly injured.

$100 Reward $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. Consumption Cured.

BROUGHT BACK FROM THE GRAVE.

Last November Mr. Joseph James, painter, of 325 W. Pearl St., Indianapolis, Ind., was at death's door with quick consumption. Wasted to a skeleton; his lungs a mass of ulceration; his death was hourly awaited by his doctor and family. He was kept in a constant stupor with opium. A friend, thinking to relieve his terrible cough, gave him a bottle of Brazilian Balm. Seeing its wonderful effect, the doctor advised its continued use. Mr. James soon after dismissed his doctor, and depended on the Balm alone. His recovery was rapid and complete, and in February he returned to work. His lungs are sound, and his weight greater than at any time in his life. His recovery is regarded as almost a miracle.

COMMA BACILLUS.

In consumption beware of cough mixtures and prescriptions that contain opium. Opium paralizes the nerves, and gives the comma bacillus a good chance to destroy the lungs. It is always fatal. Brazilian Balm does not contain a trace of any opiate, but stimulates the nerves with new life and power, destroys the microbe, and restores all that is left of the diseased lungs to a sound and healthy state which no other remedy has ever been known to accomplish.

FENIAN INVASION OF CANADA.

Colonel Scannel Declares That the Men Are Well Organized.

Boston, Dec. 27.—A movement looking to the invasion of Canada by the Fenians and advanced Irish Nationalists has been agitated for some time by leaders of these organizations in and around Boston. Colonel Roger E. Scannel, who has been identified with Irish agitations for many years, said today that there was to be a meeting of prominent Irish Nationalists in Philadelphia next Sunday or Monday to discuss the question of invading Canada.

"This meeting," Colonel Scannel says, "will be followed by another in Boston, when reports from the Philadelphia meeting will be made by Boston delegates."

Colonel Scannel said that the present would be a good time for the invasion, as the troops of Canada are being sent away to take part in the African war.

"It has been agitated for years," continued the colonel "that Canada should either be annexed to the United States or should have an independent government of her own. The present African war will, in my opinion, see the first break in the British empire. With an army of 100,000 Irish Nationalists engaged in the invasion of Canada it would make things interesting for the English government. The men are well organized all over the country."

New Jersey's Retired Teachers.

Trenton, Dec. 27.—The board of trustees of the teachers' retirement fund held a meeting yesterday afternoon in the office of the state school superintendent and placed seven teachers on the retirement list. They are: Miss Emma M. Atkinson of Paterson, allowed $250 a year; Mrs. Jennie Wortman of Liberty Corners, Somerset county, $315; Mrs. Harriet J. Strang of Richwood, Gloucester county, $250; Miss Anna R. Burr of Mt. Holly, $250; Hattie T. Hoffman of Pennsgrove, $250; Mrs. Hannah M. Collins of Cape May Court House, $250; Miss Samantha Wheeler of Bloomfield, $271. This makes a total of 24 teachers now drawing annuities from the retirement fund.
