—According to the report of the Commissioner of Pensions, for the year ending June 30, 1908, there are two pensioners of the revolutionary war on the rolls, both women. The last surviving veteran of that war was Daniel F. Bakeman, who died at Freedom, N. Y., April 5, 1869, aged 109 years, 6 months and 8 days. Of the war of 1812 only 471 pensioners remain, eighty-seven having died during the year. From the Indian wars there are left 4,853 pensioners and from the Mexican War 9,846, of whom 2,932 are veterans. The Spanish War produced to date about 25,000 pensioners, while the pension rolls contain a total from all sources, including the Civil War and the regular army, of 951,687. The number of survivors of the Civil War on the pension rolls June 30, 1908, was 620,985, a decrease during the year of 23,353. This is the net decrease. —Pickpockets seem to be no respecters of persons. One would imagine that Rev. A. J. VanCleft, at least, would be immune from their light-fingered attentions, but we learn that even he was "touched" to the tune of \$25 in cash, and a number of checks and railroad tickets, which on a recent visit to Oneonta, Mr. VanCleft stopped payment on the checks, but there were other papers in his pocket book, of no value to anyone but himself, yet the loss of which is a great inconvenience to him. Never before have professional thieves been so active in this section as at the county fairs this fall.

He says that he was born in Pike county, Nov. 27, 1846, and will be glad to hear from any of his old Pennsylvania friends. Mr. Leonard is President of the North Fork Mining and Milling Company at Keystone.

—A near-fire occurred at Mrs. Histed's boarding house, on Church street, on Friday evening last, which gave the inmates of the house as well as the neighbors a genuine fright. One of the boarders had kindly helped the landlady out by polishing a parlor stove about to be set up, using a preparation in which gasoline was a principal ingredient. His success was so great that he added a work of supererogation by giving a fling of his brush at the red-hot kitchen range. Instantly a flash followed, which set fire to the gasoline remaining in the can, and in a moment the whole interior of the kitchen was in a blaze. With rare presence of mind, and at great risk to himself, his clothing being already on fire, he flung the can out of doors and gave efficient aid in subduing the flames, which had already made sufficient headway to damage the woodwork, curtains and floor covering of the room, and involve a considerable loss. Although great commotion was caused in the street, no fire alarm was sent in, and the services of the fire department were not required.

We ran across our former-politician friend, W. E. Perham, of Niagara, Friday and are glad to learn that he is receiving many assurances of support in his canvass for election to the house at Harrisburg. His wide acquaintance in the State, formed through his affiliation with the live stock, dairy and grange movements will be of value to him in the House. He looks good to us.
