COUNTY. FOR REPRESENTATIVE. W. E. PERHAM, of Mount Pleasant.

FOR SHERIFF. M. LEE BRAMAN, of Honesdale.

FOR PROTHONOTARY, ETC. WALLACE J. BARNES, of Berlin.

FOR REGISTER AND RECORDER. ALFRED O. BLAKE, of Bethany.

FOR COUNTY COMMISSIONERS. J. K. HORNBECK, of Equinunk.

THOMAS C. MADDEN, of Dreher.

FOR COUNTY AUDITORS. ARTHUR W. LARRABEE, of Starucca.

W. BROCK LESHER, of Sterling.

FOR DISTRICT ATTORNEY. MYRON E. SIMONS, of Honesdale.

Election Tuesday, November 3, 1908.

An Epidemic of Political Ills.

There is no abatement in Mr. Bryan's condition. His diarrhea of words having resisted the efforts of Dr. Haskell and his Standard Oil cures.

A Sum in Politics.

Admitting every charge made by the Democratic party against the Republican administration since 1860 to be true; reduce these charges of misgovernment, extravagance, fraud, robbery, etc., to figures showing just what they claim the country has lost in dollars and cents; add this enormous sum to the actual value that the Democratic party has been when in power and when not in power; to this add the estimated value of the 57 varieties of promises that Bryan uses to catch votes; subtract the sum total obtained by this combination of results from the increased valuation of the commercial worth and greatness of the United States since Republican statesmen have had control, and you will have a balance in our country's favor that would pay the National debt, build the Panama canal, furnish enough battleships to satisfy Theodore Roosevelt, and the surplus would more than pay the indebtedness of Wayne county, which the last Democratic board of Commissioners left as a legacy of their inefficiency and extravagance which is indirectly the cause of the increased taxes we are now paying.

THE question whether the anthracite coal roads may transport their own coal to market, in competition with the coal of independent operators transported over their roads, is to be determined by the U. S. Supreme Court.

New Portieres, Rugs, Curtains and Carpets at MENNER & Co.'s.

A visit to MENNER & Co.'s Cloak and Suit department will convince buyers of the style and cloth qualities of their season's suits.

GLASS CUTTERS.

Every one engaged in the cut glass industry should as a matter of self preservation do all they can for the election of C. C. Pratt, Republican candidate for Congressman.

Both parties have pledged themselves to a Revision of the Tariff. The Republican party stands for protection to home industries and opposes any reduction in the tariff that will compel American manufacturers to bring the wages of their employees down to the level of foreign labor, while the Democratic party is using Tariff Revision as a mask for their Free Trade policies.

Cut glass is one of the articles that the Democratic party believe should be free, giving as their reason that it will effect only a few small localities. Wayne county is one of these localities.

Mr. Kipp's election will mean, that we welcome this calamity, while a vote for C. C. Pratt will be notice to the next Congress to let the tariff on cut glass alone.

For Prothonotary

WALLACE J. BARNES

In selecting Wallace J. Barnes as its candidate for Prothonotary the late Republican Convention acted wisely and well. Mr. Barnes is a self-made man, who, born in Wayne county, has grown up to be one of its most substantial and respected citizens, having established and for years successfully conducted a large lumber trade at Beach Lake, in Berlin township.

Infants', Children's and Misses' winter Cloaks at MENNER & Co.'s.

Waymart. OCTOBER 7th.—Rev. Thomas Eva, of Duryea, is greeting his many friends in town.

James Nicholson, wife and son, of Jermy, visited at the home of Rev. W. E. Davis over Sunday.

Married, at the M. E. parsonage, on Sept. 30th, by the Rev. W. E. Davis, Hugh Williams and Dolly Reynolds, both of Uniondale.

Mrs. Erwin Thomas is visiting her son at Maple Grove.

On Tuesday evening, Oct. 13th, Rev. M. S. Godshall will give his popular lecture, "Crayon Sketches in Character and Characters" in the M. E. church.

This will be an unusual treat for the people of this section and it is to be hoped a large audience will greet Dr. Godshall.

Married, at the home of the bride's parents, Oct. 7th, Allie Bullock of South Clinton, and Wallace Cramer of Carbondale, by Rev. W. E. Davis.

Only the immediate friends and relatives were invited. The bride was dressed in a very beautiful white gown and her traveling suit was of blue. After a short wedding trip to Montreal the couple will reside at Carbondale.

For State Senator.

SAMUEL W. HOFFORD, of Carbon.

The new Rain Coats, at MENNER & Co.'s are protective and stylish.

For District Attorney

M. E. SIMONS.

Mr. Simons comes of the pioneer stock that developed the southern part of our county, his father, John Simons, being among the early settlers. He was born in Sterling, May 14, 1860. During his youth he shared in the labors of the farm, and attended the winter terms of the district schools.

South Canaan.

OCTOBER 8th.—The Wayne County Fair for 1908 is one of the things that is past. Financially it was a success, especially for the gang of light-fingered fellows who went through the pockets of the honest farmers who came in from the rural districts to attend the fair.

In speaking of the fair we might say that the attendance was large, but the display of farm products was not up to the standard.

Everything in the stock line was inferior, and if the farmers of Wayne county can not produce better cattle, horses, hogs and sheep than were on exhibition they had better keep their stock at home.

The display of machinery by Murray & Co., was first class, and the firm is deserving of credit for exhibiting such a fine lot of farming implements.

It may not be the fault of the farmers in not producing a better grade of stock and farm produce, but the mistake of the fair managers in not offering larger premiums, so as to induce farmers to take more interest in the raising of live stock and crops.

The principal feature of the fair appears to be horse-racing, merry-go-rounds and side attractions that do not appeal to the majority of the farmers of Wayne county.

The most notable attraction to be seen upon entering the fair ground was a large banner displayed over the entrance of the fruit department, which read, "Vote for Lee Braman for Sheriff."

Now, that appears to be the sentiment of the Republicans of this township, and also throughout the county, for the reason that he is competent, well fitted for that office, and a man who pays one hundred cents on the dollar, while in all his dealings he has the reputation of being a fair, square business man and a man of excellent habits.

The voters of Wayne county will make no mistake when they go to the polls and vote for Lee Braman to be the next Sheriff of Wayne county.

A Voter.

Kennedy's Laxative Cough Syrup is used nearly everywhere, because it not only relieves irritation of the throat and stops the cough, but it drives the cold out of the system through its laxative principle.

By assuring a free and gentle action of the bowels, and that is the only way to cure a cold. You can't cure it as long as you are constipated. Insist upon Kennedy's Laxative Cough Syrup. Sold by P. E. L. The Druggist.

Tired Mothers, worn out by the peevish, cross baby, have found Casweet a boon and a blessing.

Casweet is good for babies and children, and is especially good for the ill so common in hot weather. Look for the ingredients printed on the bottle. Contains no harmful drugs. Sold by P. E. L. The Druggist.

College and School.

There are twenty-seven American women registered as medical students to take the course in the University of Berlin for the coming term.

Dr. Earl Barnes of Philadelphia would put more women into school histories. He says children are tired of George Washington, and he believes great women should be held up as ideals for girls.

Wellesley last year had 1,200 students, Smith 1,482, Mount Holyoke 711, Bryn Mawr 434, while Vassar is limited to 1,000. Six foreign countries were represented at Wellesley, five at Smith and three at Mount Holyoke.

Elmer Ellsworth Brown, United States commissioner of education, in his latest report of the progress and status of American education, gives the total annual public expenditures for all purposes as \$1,445,105,498, divided as follows: By the United States government, \$720,105,498; by the states of the Union, \$125,000,000; by the minor civil divisions, \$600,000,000.

Household Hints.

A scratch on polished furniture can be almost obliterated by rubbing vigorously with luscoid oil.

A half worn carpet may be made to last much longer by ripping it apart and transposing the breadths.

If an iron is not at hand when marking clothes with indelible ink, hold the writing against a lighted lamp chimney or gas globe.

Holes in plaster walls may be stopped with a mixture of sand and plaster of paris mixed into a paste with water.

Never allow the fire box of a cook stove to be more than three-fourths full. When the fire box is full a larger amount of coal is not only consumed, but much heat is lost and the draft is checked.

Gleanings.

The population of Mexico is about 13,607,000.

The world's production of oil last year was 8,988,000,000 gallons.

Wild geese have so multiplied in Hawaii that they are now being destroyed as pests.

With a mixture in equal parts of alcohol and benzine French motor cars have run about seventy miles at a cost of from about 40 cents to \$1, according to the weight of the machine.

All maps will have to be altered if the plan of removing the famous observatory from Greenwich is carried out.

The removal seems unavoidable, as the indications of the delicate instruments can no longer be depended on because of disturbances caused by electric works established in the neighborhood and by railway trains.

Things Theatrical.

Ada Dwyer has made a big success in Australia in "Mrs. Wiggs of the Cabbage Patch."

Henrietta Crossman is to make a tour of the south in "Mistress Nell" and "As You Like It."

Eleanor Robson is to appear this season in a dramatization of Richard Harding Davis' novel, "Vera, the Medium."

A new play, to be produced late this season, is "On the Eve" and is an adaptation from the German by Martha Morton.

Sir Charles Wyndham, one of the most prominent of English actor-managers, has contracted with Clyde Fitch to write a play for him.

State Lines.

Colorado smelts more precious ores than any other state.

Idaho is an Indian name meaning "the gem of the mountains."

Capital punishment has been abolished in Maine, Michigan, Wisconsin, Rhode Island and Kansas.

In the twenty years from 1887 to 1907 the interest on the state debt of Maine has been reduced from \$240,000 to \$30,000, which was paid last year.

Just Like a Man.

Mrs. Newfie—I acknowledge that I have my faults and am sometimes cross, Jack, dear, but if I had the last two years of my life to live over again I should marry you just the same.

Mr. Newfie—I doubt it—Pittsburg Post.

Seeds Like Pebbles.

The seeds of the Philippine bean from the coast near Manila so closely resemble the quartz pebbles, among which they fall, in shape, size and color, luster, hardness and stratification as to be almost indistinguishable.

Calculi.

The Romans used little stones—calculi—in counting, and hence the word calculate.

Photograph, Too, is Silent.

None of the Bryan photograph records has the speeches advocating free silver and immediate government ownership of the railways, nor have they the "great commoner's" attacks on Roger Sullivan, Colonels Wattersson and Guffey. These omissions tell an important story.—Brookville Republican.

Why Does He Kick?

As Mr. Bryan made all his money under Republican administration, what is he really kicking about, anyway?—Fulton Republican.

Turkish Houses.

Very little furniture is used in the bedrooms of Turkish houses. Rarely is a chair seen in any of them. A few mats adorn the room, and the bed is stretched on the floor.

To Maroon.

The word "maroon," to "set a person on an inhospitable shore and leave him there," a practice that was common among the pirates of the Spanish main, is a corruption of "cimarron," meaning anything unruly, whether man or beast.

Persian Beauties.

Some of the beauties of Persia decorate their faces by painting figures of animals and insects upon them.

NOTICE TO WATER CONSUMERS

Patrons of the Honesdale Consolidated Water Company are again requested to exercise care in the use of water. Warning is hereby given to have all leaky connections and faucets repaired at once.

S. A. McMullen, Jr., Superintendent.

CHILLY FALL NIGHTS

Before the fires are lighted, when the evenings are chilly and damp, the room in which you sit should be warm and dry, for your health's sake as well as comfort.

Perfection Oil HEATER

Equipped with SMOKELESS DEVICE, is Just the Thing for this time of Year.

Touch a match to the wick—Turn it up as far as it will go—You CAN'T turn it too high—The Smokeless Device prevents

NO NO SMOKE ODOR!

Heats a large room in a few minutes and can be carried easily from one room to another. Handsomely finished in Nickel or Japan. Burns nine hours with one filling. Every Heater Warranted.
