-The post office at Peckville was burglarized on Tuesday morning of last week, the safe blown open, and a small amount of loot carried off by the robbers. The postmaster, Miss Nora Pickering, and her mother, Mrs. Mason Pickering, showed a great deal of nerve, while the robbery was being perpetrated. The elder woman seized a revolver, and running out to where one of the thieves jury to seven members of Alert Hook was standing, on the watch to see that his pals were not disturbed, snapped the gun at him a number of times but failed being old and rusty. Martin's Uncle Tom's Cabin at the Lyric on Thursday afternoon and evening, Jan. 14th. Baby coming in from her walk one morning, informed her mother that she had seen a lion in the park. No amount of persuasion or reasoning could make her vary her statement one hair-breadth. That night, when she slipped down on her knees to say her prayers, her mother said, "Baby, ask God to forgive you for that fib." Baby hid her face for a moment. Then she looked straight into her mother's eyes, her own eyes shining like stars, and said, "I did ask him, mamma dearest, and he said, "Don't mention it Baby, that big yellow dog has often fooled me." -The State Legislature having taken the usual fortnight's vacation after its all should have escaped with their lives, Main street. organization last week, Hon. Leopold Fuerth came home on Wednesday, and will probably return to Harrisburg early next week. It was a rare compliment to our member, and one that has had no precedent for forty-four years, that the Representative from Wayne should have been made the caucus nominee of his party for Speaker of the House, and actually received one more vote than his party strength when the election took place. Hon. William M. Nelson was similarly honored in 1865. That Mr. Fuerth's merits are recognized outside the circle of his home constituents is made apparent by the following paragraph, which appeared in the Allentown Democrat of January 5th :
