LOCAL MENTION.

—THE CITIZEN is anxious to secure a few copies of its issue of December 9th, 1908, and will greatly appreciate the kindness of any of its subscribers or readers who may supply the same.

—The supper given by the members of Grace Church Sunday School, on Thursday evening last, yielded a profit of about \$55, which entitles the young people who had it exclusively in charge to much credit.

—County Auditors Arthur B. Larrabee and A. Brock Lesher, paid a pleasant visit to THE CITIZEN office on the completion of their labors, on Saturday last. Their detailed report will appear in the county papers next week.

—Last year by the official report, 50,676 pensioners died, of whom 34,333 served in the civil war. The highest number of pensioners on the roll of 1908 was 1,006,053, of whom only half were soldiers or sailors in the rebellion. Widows form a large part of the list and the amount they receive was recently increased one-half.

—P. H. Kearney, of Hawley, and John Weiser, of Honesdale, for the office of Paster and Folder, Frederick Hebert, of Honesdale for Assistant Sergeant at Arms, and Fred. J. Tolley, of Honesdale, for Assistant Doorkeeper were Democratic candidates for positions in the House of Representatives when that body was organized. They received the full party vote, but of course could not hope for election with a five to one majority against them.

—The personal property of C. B. Woods, for some time past proprietor of the Shohola House, is being sold by the Sheriff of Pike county to-day. Mr. Woods, who is an experienced and popular landlord, has leased the large hotel in Hawley erected by the late Count Von Eckartsburg, and will shortly assume its proprietorship. The Shohola House has been sold to Nicholas Rohman, and will hereafter be conducted by his son Arthur Rohman.

—For the next Lyric attraction W. D. Mann presents a dramatization of Mary J. Holmes' well-known and popular novel "Tempest and Sunshine" by Lom B. Parker. The play has as its foundation the contrasts of character in the two sisters, out of which grow naturally and inevitably the episodes and entanglements which combine to make the plot. Dr. Lacey is by virtue of his relations with them so involved in their interests as to become the central figure of the story. "Tempest's" rather passionate nature leads her into mistakes which bring her the most serious consequences, though she is by no means the sort of woman whose conduct can be made the subject of reprobation. The villain of the play is personated by the village postmaster, Joseph Dunn, at first a mysterious individual, but who afterwards turns out to be rather a common kind of criminal. The play is entertaining, and well told, pure, sweet and an idyll of loyalty of love thrilled through and through with the tender grace of a day that is dead. All who desire to see a first class production, presented in a first class manner, should not fail to see "Tempest and Sunshine" on Friday evening, February 12th, at the Lyric. Matinee at 3 P. M.

—The Honesdale National Bank will be closed on the following legal holidays in this month: Friday, Feb. 12th, Lincoln's birthday; Tuesday, Feb. 16th, election day; Monday, February 22nd, Washington's birthday.

—E. E. Jones, of Susquehanna, has introduced a bill in the legislature providing for a State commission to buy a State fair site, erect buildings and start a fair. The bill carries an appropriation of \$225,000. This is a measure that Hon. W. C. Norton, of Clinton township, this county, has been interested in for several years, and if a State fair is created it will undoubtedly be largely through his efforts.

—The State Highway Department today issued blanks to the supervisors of the 1,548 townships of the State requiring reports from them about the amount of cash tax levied and collected for road purposes. This is done under the act of 1905 and if they make return they get 15 per cent. of the money from the State. Two years ago many reported, but others have failed, being evidently under the impression that one report is enough. If they do not report this year they lose the appropriation.

—Mrs. Griffith Van Fleet, of Great Bend, who was shot by her husband, a fortnight ago, the latter then putting a bullet through his brain, is dead. Van Fleet came home drunk, found his wife reading her Bible, chased her from the house with a gun and shot her. He then walked up to her, gave her a kick and said, "Lay there and die and I'll go home and do the same myself." Van Fleet carried out his threat. Mrs. Van Fleet was discovered in the snow, on the roadway, and removed to the hospital, at Susquehanna, where she died.

—The anniversary, February, number of "The Jeweler's Circular" is one of the best printed, artistically illustrated and generally interesting magazines we have seen in many a day. The cover illustration of a Salome-dressed mermaid admiring herself in a hand-glass, is a real work of art, creditable alike to the painter and the printer. We were glad to find the advertisements of C. Dorfinger & Sons, of White Mills and New York, Kelly & Steinman, of Honesdale, and Arthur E. O'Connor, of Goshen, N. Y., nicely displayed in its pages.

—The Mining Department of the State Y. M. C. A., with headquarters at Wilkes-Barre, has started what is known as the Anthracite Bible Readers' Movement. It is the purpose of the committee to extend this movement from every Association center in the region to all the small mining communities. The plan is very simple and practical and is meeting with a hearty response from the men in the communities where it has been presented. The movement enlists the interest of those who are not in the habit of giving time to regular Bible study. James D. Bryden, of Pittston, has been engaged by the committee to lead in the promotion of the movement throughout the entire Anthracite field.

—Pomona Grange, for some reason with which we have not been made wise, has not furnished THE CITIZEN with a report of the proceedings at its recent convention, and hence we are unable to give the address delivered by Rev. J. B. Cody in detail; but we are at least liberal enough to say that Mr. Cody's talk was a most instructive and uplifting one; one calculated to do immense good to the agriculturalists of Wayne county, from little to big, and one which we hope will be taken seriously by every tiller of the soil in this region, from a kitchen gardener to the two-hundred-acre farmer. Mr. Cody is a muscular preacher, and talks just as forcibly from the shoulder as from the heart; from behind the mowing machine or hen-coop as the pulpit; and people who have terrestrial as well as celestial interests at stake will do well to listen to him. His excellent speech will be found in the columns of our more favored contemporaries.

—The practical abandonment of what has always been known as the "Hawley" depot at the Eddy, by closing the ticket and freight offices at that station, don't please the residents of our sister borough a little bit. At an indignation meeting held recently, the Erie Company was handled without gloves, and the Times makes it pretty plain that the scoring was well deserved. Passages from the original contract between that corporation and the borough were read, from which it clearly appeared that the right of way originally granted to the company was from the Paupack river bridge to the railroad bridge near the glass works, and the consideration was that a ticket office and freight depot should be forever maintained at some place between Sarah N. Spencer's house and the Wilsonville road, now known as the Eddy crossing. As a suggestion of the business and passenger importance of the lower station let this item be noted: that recently the Erie company set a watch at the Eddy crossing with reference to determining the necessity of installing gates at this crossing. The official found that in a single day more than 500 people and 200 teams passed over the tracks at that point. At the meeting in question a committee of able and far-seeing men was appointed to proceed with the movement to compel the company to re-open the closed offices, with authority to carry the case to the superior court if necessary. A fund of \$1,000 was raised for the purpose.

—A case of small pox is reported from Prompton, Miss Eva Baker being the victim.

—The Weniger farm, east of the fair grounds, with stock and tools, has been sold to William Karslake, formerly of Yonkers, N. Y. Consideration \$5,000.

—Henry W. Box, the eminent lawyer of Buffalo, N. Y., died at Saranac Lake, on Sunday last. THE CITIZEN will try to do justice to his memory in a future issue.

—The Treasury Statement of Pennsylvania, which is now being advertised, shows that of the general fund balance the National Bank holds \$15,000, and of the sinking fund the Wayne County Savings Bank has \$25,000, and the Honesdale Dime bank has \$5,000.

—Marriage licenses have been granted to John Krouse, of Damascus, and Miss Anna L. Gehrke, of Hawley; Frank N. Chumard and Miss Rena F. Basley, both of Hawley; Ianthus Bass and Mrs. Annie Eggleston Norman, both of Manchester township.

—The Amity Social Club held a smoker at their rooms in the Foster building on Thursday evening last. During the evening several interesting bouts between local men were "pulled off." A musical program was also rendered, after which refreshments were served.

—A store owned by C. L. Highhouse, of Carley Brook, was burglarized early Saturday morning. Mr. Highhouse, who conducts a small store near his home at Carley Brook, left his place of business Friday evening, and upon his return in the morning found that persons had entered the building by breaking the lock on the door. The cash drawer was broken open and about twelve dollars taken.

—Miss Mary Disch narrowly escaped serious injury on Thursday last. Miss Disch and a companion were crossing the street at the corner of West and High streets, when the former was struck by a "bob" sleigh which was coming down the hill at a terrible speed and was thrown some distance. Several persons who were near the place at the time carried her into a nearby residence, and a physician was summoned, but it was found that, fortunately, she had only sustained a few slight bruises.

—This office is in receipt of the official reports of the trustees and officers of the State Hospital for the Insane of Danville from October 1, 1906, to Sept. 30, 1908. It is neatly bound and illustrated and consists of 100 pages. The total admissions in that time were 248 males and 180 females; 92 curable cases were admitted; 56 were discharged as cured; 1 was discharged improved; 8 were discharged as incurable, died or remained chronic; 20 remaining and curable. Seventy-eight per cent. of the total number admitted could only expect amelioration. During the above years there were twenty inmates treated there from Wayne county and during the history of the institution 303 inmates.

—All patriotic citizens should attend the Lincoln Centennial exercises at the court house on Friday evening of this week. Prominent speakers will make inspiring addresses on the life and character of the greatest personality in American history. Patriotic songs will be rendered by a united choir of sixty voices, accompanied by a full orchestra. There will also be special musical numbers and recitations. The great man whose memory is thus to be honored was worthy beyond any words that can be spoken of him, and every effort is being made to make the occasion worthy of the man, and a credit to the patriotic citizens of Honesdale. The expenses of the celebration have been provided for, no admission fee will be charged, and it is hoped that the public will avail itself of the opportunity to be present. The exercises will begin promptly at 8 o'clock.

OUR BOROUGH FATHERS.
New Hydrants and New Hose Purchased—Telephone Rivalry—Receipts and Disbursements.

The Town Council met in regular session on Thursday evening, Feb. 4th, the following members being present: Messrs. C. A. McCarty, Secretary, J. L. Burcher, G. M. Genung, Wyman Kimble, G. W. Penwarden, and F. P. Kimble.

The minutes of the meetings of Jan. 7th and Jan. 8th, 1909, were read and approved.

Treasurer Penwarden reported a balance on hand of \$2,096 71, to which was to be added a payment of \$472 44 on Collector Voigt's duplicate for 1908; \$25 paid over by Burgess T. J. Ham, as his collections during the month of January, and \$1 from Constable Canivan, dog tax, thus raising the balance in the treasury to \$2,594 15.

Councilman Wyman Kimble, of committee on fire hydrants, reported that the committee had ordered twenty-five new hydrants for delivery April 1st, 1909, at \$25 each, with two per cent. off for payment within thirty days of the delivery.

John M. Lyons, who with Charles J. Weaver, constituted a committee on fire hose, furnished a report of the present condition of the hose supply, and asked for five hundred feet additional. He was authorized by resolution of the council to order that amount, of such size and quality as will enable the department to use it in connection with the hose on hand.

Mr. Horton, representing the Independent Telephone Company, and Mr. White, representing the Bell Telephone Company, appeared before the council in the matter of the fire signal system. Both parties were requested to submit their propositions in writing to the council.

It was reported to the council that contagious diseases are spreading to an alarming extent within the borough of Honesdale, and it was resolved by an unanimous vote that the Town Council support the board of health of the borough in every way possible in their efforts to properly quarantine families and buildings in which contagious disease is found to exist.
