MAY CHASE WHITES INTO SEA

Representative Murdock Says Large Sugar Planters Aid Japs. Washington, June 17.—Representative Murdock of Kansas said that he expected some day to see the Japs chase all the Americans and white men in Hawaii into the sea if they do not leave of their own free will.

"Five years ago I spent considerable time in Hawaii making an investigation of conditions on my own hook," he said. "I was horror struck at what I found. My opinions were such that when I returned to the United States an article I had written was deemed too radical for publication."

The truth about Hawaii is that the big sugar planters, who own practically all the land, want Japanese coolies to do the work. They discourage white labor and throw so many obstacles in the way of a small sugar planter that his land is eventually surrendered to them."

RAILWAY WINS LONG BATTLE.

New Haven Line Gains Control of the Boston and Maine. Boston, June 17.—The passage by the house of the Boston railroad holding company bill is regarded as ending a three years controversy and as giving the New York, New Haven and Hartford railroad control over the Boston and Maine railroad with certain restrictions.

The bill has already passed the senate and was ordered to a third reading by a vote of 180 to 49. It will probably become a law before the last of the week. The bill gives the New Haven company practical control of nearly three-quarters of the railroad mileage in New England.

No Appeal Received at Tokyo.

Tokyo, June 17.—The foreign office has received no appeal from Hawaii in the matter of the alleged violation of treaty rights said to have been sustained by a Japanese subject.

LA GRANJA EXPECTS STORK.

Queen Victoria of Spain Soon to Be Joined by the Queen Mother. Madrid, June 17.—The queen mother left hurriedly in an automobile for La Granja, where an interesting event is expected very shortly.

Queen Victoria is leading a normal life and passes her mornings strolling in the gardens of the palace with her children. Senor Maura, the premier, and several other officials are already at La Granja.

TRAIN WRECK ON THE ERIE.

Derailed Near Waverly, N. Y., and Several Passengers Are Hurt. Elmira, N. Y., June 17.—Erie passenger train No. 9, westbound, was wrecked west of Waverly. Every car except one left the rails while running at high speed.

Many passengers were badly shaken and cut by flying glass.

Scout Cruisers Sail For Home.

Las Palmas, Canary Islands, June 17.—The American scout cruisers Chester, Birmingham and Salem, with the commission that investigated conditions in Liberia on board, left here for home by way of Madeira.

Gunboat to Steam Around Horn.

San Francisco, June 17.—The gunboat Vicksburg, out of commission for two years, has started on a voyage around the Horn, having been ordered to service on the Atlantic.

Patented Subways For Chicago.

Chicago, June 17.—Chicago's subways may be built under the plans of a Chicago engineer who has patented what is said to be the least costly method of construction.

Teutonic Runs Aground in Channel.

New York, June 17.—The United Wireless company received a call from the outward bound White Star steamship Teutonic saying she had grounded in the Ambrose channel and needed help to assist her.

A New Sort of School.

The proprietor of an institution professing to cure stuttering, tells of the amazement with which a visitor from the interior of the State contemplated the huge gilt sign displayed over the entrance to the place: Stammering Institute. Trial Lesson Free.

"Upon my soul!" exclaimed the rural Pennsylvanian. "If that don't beat all! I knew they taught 'most everything these days; but who the deuce wants to learn stammerin'?"—Lippincott's.

The Age of the Microbe.

People just now are living in a state of almost morbid apprehension concerning what they should eat and drink. There have been the palaeolithic age and the red sandstone age. The present age would come to be known as the bacillus, microbe and tubercle age.

CZAR AND KAISER PLOTTING AT SEA

Significant Conference Takes Place on Yachts Today.

CHOSE A SECLUDED HARBOR.

No Peace to Be Made With Austria, but Policy as to Turkey Will Be Settled—Friendly Relations of Two Empires Have Not Suffered by Recent Friction Over Balkans—Premier Stolypin, Minister Ivolosky and German Ambassador Also There.

St. Petersburg, June 17.—Premier Stolypin, M. Ivolosky, the minister of foreign affairs; Count Pourtales, the German ambassador, and the German military and naval attaches left on the Russian imperial yacht Polar Star, which will join the Standart, with Emperor Nicholas on board, in Pitkips bay, where the meeting between the czar and Emperor William of Germany will take place today.

Pitkips is a little, retired bay on the southern coast of Finland, about sixty miles from St. Petersburg. It has been chosen by Emperor Nicholas on account of its seclusion, a few Finnish villagers being the only inhabitants of the region.

Won't Set Foot on Shore.

The meeting of the two emperors in 1906 took place in this vicinity. All the conferences will be held on board the yachts Standart and Hohenzollern, the former with the Russian emperor and the latter with the German emperor on board.

Information from competent Russo-German sources bears out the intimation that the importance of the visit lies in the manifestation that the friendly relations between the two empires have not suffered by the recent friction over the Balkan situation.

No change in the grouping of the powers or general lines of policy is contemplated. The widely heralded "menace of war" with which Germany ended the Balkan crisis really consisted in mediation, undertaken at the initiative of Russia, to prevent an Austro-Serbian conflict.

Will Lay Out Course in Balkans.

It is expected that the conference between the two monarchs and their ministers will touch upon the Polish problem and the ultimate policy with regard to the Balkans and Turkey. The Crotan question also may be discussed.

It is authoritatively denied, however, that the reports from Persia will be taken up. Neither will Emperor William endeavor to mediate between Austria and Russia. The recollection of the recent conflict is still too vivid to justify an attempt to improve the relations between these two countries.

The czar may question the kaiser in the matter of the technical development of the German navy.

The Weather.

Generally fair and warmer; light southerly winds.

JAPS IN HAWAII ARE NOW ARMING

Their Countrymen Will Collect Money to Aid Strike.

ARRESTS SOLIDIFY STRIKERS.

Resolution to Return to Work on the Great Sugar Plantations Is Reconsidered, and Prosecution of the Boycott Is Urged—Breaking Into Office of Newspaper in Search for Evidence of Plot Is Declared Violation of Treaty Rights.

Honolulu, June 17.—It is alleged that many Japanese are buying revolvers with the avowed purpose of resisting what they term unauthorized seizures.

The feeling among the Japanese, of whom there are between 6,000 and 8,000 still out, is tense because of the arrest of some of their leaders.

No reply has been received by the Japanese strikers here to the cabled appeal which the arrested editor of Jiji made to Ambassador Takahira at Washington.

The appeal claimed that the authorities entered the office of the newspaper without due process of law in searching for alleged evidence of a plot to gain control of the sugar industry and eventually to acquire control of the internal affairs of the island.

In response to appeals cabled to the Japanese of San Francisco and Seattle replies have been received by the strike leaders promising financial and moral support. All of the messages said that subscriptions have been started.

The strike leaders assert that the arrests have solidified the sentiment of the strikers and the whole Japanese community. The Japanese Retail Merchants' association has reconsidered its resolution favoring a return to work and now favors the prosecution of the strike.

DEATHS FOLLOW STORM.

Rain Washes Out Two Miles of Road in Virginia. Big Stone Gap, Va., June 15.—Five deaths are reported and damage to property at upward of \$10,000 as the result of rains and electrical storms which swept over this section.

The heaviest storm occurred north of Big Stone Gap, along the lines of the Louisville and Nashville and the Interstate railroad. The Interstate road lost more than two miles of road in the six mile stretch of track between Appalachia and Stonega.

A passenger train was left stranded near Arno, with the track impassable on either side. Big slides occurred in deep cuts at Appalachia and Dorchester Junction. The Powell Valley Light and Power company's plant here which furnishes light for Big Stone Gap and other towns, was put out of commission by lightning, and crops were injured.
