—A lady of this place recently sent to a mail order house in New York \$3.00 for children's garments which amount included express charges. When she learned, a few days later, that she could have purchased, right here, in Honesdale, better garments for fifty cents less than she had paid, she was somewhat disconcerted. Try your home dealers first, particularly those whose announcements appear in the home papers, and you will almost always save money.

He has selected Honesdale's most prominent men in every department of Art, Science, Literature, Medicine, Law, Politics, and Trade, omitting inadvertently the Clergy, many of whom are away on their vacations. The list of names is so long and we are so cramped for room that we have omitted printing the same, but if you, my dear Reader, have any doubt as to whether you are on the committee chase away the doubt and be on hand to serve. Mr. Alex. Voigt is chairman and will gladly instruct committeemen as to their duties. Let everybody get the cobwebs out of their throat, so as to help swell the sound that will hit us on the 16th.

—The borough council of Jermyrn has decided that nicker amusements—moving picture shows—"cannot be conducted within three hundred feet of school houses, churches or other places of worship." The intent is probably good, but possibly the Jermyrn council has assumed powers that are not intrusted to it by law.

—Mr. A. F. Voigt, one of Honesdale's popular business men, had a birthday, this week. It happened—this year—on August 4, and his many friends, of the Maennerchor gave him a serenade, and wished him another hundred years of happy existence. He responded in a happy vein—at least we suppose so, it was in German—and a pleasant evening ensued.

Two foreigners belonging to a section gang in the service of the Laurel Line were run down by a freight train about 11 o'clock Tuesday morning, at Scranton, and seriously hurt. Both are in the Moses Taylor hospital.

According to the report of Fred W. Lewis, secretary of the board of health, of Carbondale, there were thirty-two deaths in that city during the past month, which is double the same month of last year and an increase of ten compared with the previous month of June.

Attempting to get on a mine carriage that was already overcrowded at Storrs' No. 3 shaft in Dickson City Tuesday evening, Walter Shelinsky, a mine worker, tumbled off and fell a distance of 270 feet to the bottom of the shaft, meeting instant death.

The forest fires which have been raging on the Shawangunk Mountains for some days assumed such grave proportions Saturday night and Sunday that there was apprehension for the safety of the buildings in the vicinity of Lake Mohonk, Lake Minnewaska and Camp Awosting.

Harry Rhines and Alonzo Berman went out into the woods Wednesday near Ridgeway. Berman laid down and slept during the temporary absence of his companion. When the latter returned he found a rattlesnake coiled upon Berman's breast. Drawing his revolver Rhines shot the snake through the head. It measured fifty-four inches in length.

Scranton newspapers are proud because that city "almost" had an Elsie Seigel case. In this affair the Chinaman, Mon Wen Swo, had actually married the woman, who was, as a maiden, known as Belle Mahan, of Wilkes-Barre, but he had only "threatened" to make an angel of her. Mrs. Swo succeeded in getting her yellow treasure held in \$500 bail for court.

While the anthracite shipments by the leading coal roads for the first quarter of the current calendar year showed an increase to the extent of 1,203,719 tons, as compared with 1908, the gain was more than offset by the falling off to the amount of 2,320,638 tons in the second quarter; so that the half-year showed a decrease of 1,177,679 tons as compared with the corresponding half year in 1908.

Word reached Easton Tuesday of the tragic death of Milton Shive, proprietor of a hotel at Pattenburg, N. J., along the line of the Lehigh Valley railroad. He was splitting a tie that had been discarded by the railroad, when there was a terrific explosion and he was blown to pieces. It is the general opinion that a dynamite cap had been concealed in a tie, probably by would-be train-wreckers, and that it was exploded when Shive's axe struck it.

If there is not a marvelous airship sailing around Newburgh and other localities in Orange county, there are some tall liars and stiff wind-jammers on the east side of Shawangunk mountain. One or more of these aerial craft have for months been reported as cavorting in the vicinity of Newburgh and lately the vision has worked its way to Goshen and to Middletown and even Port Jervis people declare they frequently, almost nightly, see a strange light hovering above the crest of the Shawangunk mountain.

Meeting unexpectedly at Brown-town on Tuesday evening, a Wilkes-Barre Italian and an unknown countryman, who escaped, drew weapons and without a word engaged in a brief but deadly duel. The Wilkes-Barre man was hit by both shots fired by his rival. He himself fired once, but it was not known whether or not the bullet took effect. The injured man, when questioned, claimed that he had shot himself while handling his revolver. He was reticent when asked about the duel, and refused to furnish the name of his assailant or tell as to what led to the deadly animosity.

Scranton Dentist in the Toils.

A correspondent in Wilkes-Barre, says that a prominent dentist of Scranton, who has been on a protracted spree, furnished, at Wilkes-Barre, Wednesday, a Nicholson, Pa., woman of unsteady reputation, cocaine. A policeman found out what the tooth artist was about to do, followed him and arrested both him and the woman, before the woman had opportunity to take the drug.

Mayor Kniffen severely arraigned the dentist who began to sob and weep, pleading that if he hadn't been drunk he wouldn't have got into such trouble. The woman cried too, and declared that she had kept away from the dope for more than a year but the craving came back and she pleaded with the dentist to get her some. The dentist was fined \$10 and cost and the woman \$15 and cost. Both paid.

Base Ball.
On Tuesday and Wednesday the Honesdale team played the strong college team of Milford and met defeat in both games. Smith pitched the first day and lost by the score of 6 to 1. On Wednesday Schuerholz was in the box. The game was a pretty thirteen inning contest, Milford winning by the score of 1-0.

On Saturday afternoon the Clippers of Carbondale will be the attraction at Athletic Park. The visitors are a strong aggregation and a good game can be expected.

Stubborn Farmer.
A farmer in this immediate locality was recently visited by a State Inspector, who told him he would have to overhaul and clean up his premises. He swore that he wouldn't, whereupon the State placed the "kibosh" upon his production of milk and butter—dealers being notified not to accept them. This was two weeks ago, since which time the obdurate farmer hasn't disposed of a pound of butter or a quart of milk. With 23 cows to feed and no returns, his neighbors are wondering how long he will continue mullah.

Short Weight Bushels.
It has been discovered by several people in this locality that some one has been making bushel baskets which must have "shrump-up" since they were built, or else the maker's conscience was shrunk when he constructed them. "This was brought to my attention," said a citizen yesterday, "when I saw a dealer buying potatoes of a farmer. The measure was so rounded and the potatoes looked so fine that it attracted my attention, and I ordered a bushel. When they arrived at my house I thought the measure didn't look so generous as that which the farmer used, so I weighed the tubers. The weight was just 43 1/2 pounds, instead of 60, the legal weight. Where the blame lies I don't pretend to say, but I advise people to buy their vegetables and the like by weight. Anyway, I shall, hereafter."

Narrowly Escaped.
Miss Jennie Lennon, of Ridge street, narrowly escaped serious injury on Tuesday afternoon. Miss Lennon was burning rubbish in the yard, and in some manner her dress caught fire, and she ran into the house, her clothes ablaze. Edward Murtha, who was at work near by, heard her call for help, ran to her assistance and succeeded in extinguishing the flames. Both Miss Lennon's and Mr. Murtha's hands were quite seriously burned.

Be a Boomer.
Tell me not in mournful numbers That the town is full of gloom, For the man's a crank that slumbers. In these glorious days of boom. Life is real, life is earnest, And the grave is not its goal— Every dollar that thou turnest Helps to make the old town roll. But enjoyment and not sorrow Is our destined end or way; If you have no money, borrow— Buy a corner lot to-day. Lives of great men all remind us We can win immortal fame. Let us leave the chumps behind us, And we'll get there all the same. In this world's broad field of battle, In the bivouac of life, Let us make the dry bones rattle— Invest something for your wife! Let us then be up and doing Still achieving, still pursuing— With a heart for any fate, Booming early, booming late.
