The remarkable prosperity and wonderful longevity attained by "East Lynne" can be explained only by the fact that the story the play unfolds is intensely human. Although numberless dramas have been written in imitation of this excellent play, not one of them reaches the depths of feeling or sounds the note of human appeal as truly as does this dramatic picture of the joys and sorrows of the beautiful, unfortunate Lady Isabel. To adequately portray the varying emotions of this complex character is a task requiring not only the charm of youthful beauty, but a marked degree of histrionic ability as well. It will be seen at the Lyric on Monday evening, Sept. 20.

Last Friday evening Michael Dolan appeared upon Main street in a drunken condition. He met officer Degroat and asked him for a night's lodging. The officer took him to the borough lock-up. During the night Dolan started a quarrel with "Christy" Rabbitt, another prisoner in the lock-up. Rabbitt called officer Canivan when he came to the cell door. Dolan became very abusive. The officer had to use rough means to make the prisoner behave. On Saturday Dolan was brought before Burgess John Kubbach who sentenced him to thirty days at hard labor upon the streets of Honesdale. He said he lived in Scranton.

On Saturday morning Miss Martha Kimble, daughter of John Kubbach, our worthy Mayor, while out rowing on the Lackawanna river, was accosted by William Bauman. Nothing he was intoxicated she paid no attention to his remarks and proceeded on her way to the landing near her home. While in midstream she heard the report of a pistol—thus far the story is true, but Scranton papers add the following which Miss Kimble says is untrue—and almost immediately felt a stinging sensation on the left hip. She paid but slight attention to same, but on arising from the boat, and while on her way to the house, the intensity of the pain, called for an investigation, which was made at her home, when it was discovered that the bullet had struck her corset steel, badly discoloring the flesh. Officer Canivan arrested Bauman and he was held in \$1000 bail by Square Wm. H. Ham to appear at the next term of court.

During the winter of 1908, Darling's educated animals were playing through Cuba, from Havana to Santiago and proved to be a new novelty act for that country and pronounced so by the leading papers of that vicinity. It will be seen at the Wayne county fair this year—in October.

Survivors of Company B, Third Regiment, Pennsylvania Reserve volunteers, with their families and friends held a reunion and outing at Lake Ariel on Saturday last. The day was spent in various amusements and in recounting the tales of war times which never seem to lose their interest among the veterans and their friends. The officers of the association were re-elected as follows: President, L. T. Adams; first vice president, F. Brundage; second vice president, C. W. Hubbard; secretary, W. J. Hand; assistant secretary and treasurer, W. G. Moore. Those present were: H. S. Potter, C. H. Hubbard and wife, E. A. Marshall and wife, Henry Haynes and wife, Joseph Bachon, C. E. Mitchell, W. G. The Scranton Republican, of Saturday last, has this to say about Honesdale: Honesdale's Old Home Week has ended, and appropriately enough with the dedication of a new High school building that is a pride and satisfaction to the town. Honesdale's educational ideals have always been high, and perhaps no place of its size has produced a larger number of persons eminent in their various professions and lines of work. From its beginning educational advantages have been of prime importance to its citizens. Perhaps no local interest of Honesdale will receive a greater impetus from Old Home Week than the Village Improvement society. This town was the pioneer in the work that has spread over the continent and has been an inspiration in cities to thousands of other communities. Much of the aesthetic satisfaction that returned visitors felt in their old home was the result of activities of the organization of women that for years has worked for the improvement of Honesdale, in its sanitary conditions as well as its appearance. Thus the praise and admiration of guests during the last few days should afford encouragement to all who have helped to make the town a better and a brighter place of residence, and renewed efforts will be expected from all the residents.

The Rev. P. J. O'Malley, pastor of St. John's church, Pitston, and the Rev. R. A. McAndrew, of St. Mary's church, Wilkes-Barre, will be invested with the robes and insignia of a monsignor on Sunday, October 10, and on Sunday, October 24, respectively. The ceremony, although not so elaborate as the ordination of a priest or the consecration of a bishop, has its own peculiar ritual and prescribed ceremonies. The investiture will take place during the celebration of high mass, "coram episcopo," that is in the presence of the bishop of the diocese. Just before the newly created monsignor receives the regalia of his office, he walks from the sacristy clad in the purple robes which he will wear henceforth instead of the black soutane of the ordinary priest. He will be then handed the tangible indications of his office, such as the ring and skull cap, by the bishop, after which a sermon appropriate to the occasion will be preached by a priest selected for this purpose. Usually there are a large number of priests present in the sanctuary on such an occasion. These are invited to dine with the new prelate after his investiture. The parishioners, as well as the priest consider themselves honored in having conferred upon their pastor the dignity of monsignor by the pope, as it is only instituted with the approbation of the bishop. The Rev. James P. O'Malley was the Roman Catholic rector at Hawley for many years, and enjoyed the sincere regard and esteem of all classes there regardless of caste or creed. The Rev. Richard McAndrew is a Hawley "boy"; as is also the Rt. Rev. Michael Hoban, the Bishop of Scranton. Both having been born and reared there. Of Bishop Hoban's broad activities and charities, much might be said.

Christy Mathewson, the star pitcher of the New York Nationals, and who is well known here, has pitched 29 games so far this season and has won 24 of them. This puts Christy at the head of the National League pitchers.

The New Play—A Success.

It will be gratifying to the better class of theatre-goers to learn that Minnie Victorson and her company of artists is booked for an early appearance here in "The Woman Pays." This is the play which made such an unqualified success at the Maxine Elliott Theatre, New York last season and pleased the critical London so well that the run of the play has been twice extended. "The Woman Pays" is an exquisite piece of dramatic literature by Avery Hopwood who also wrote "Clothes" in which Grace George had such a successful run. From the flood of rubbish which is deluging the present day stage it is most refreshing to turn to a play which is true to life and full of human interest, replete with intensely dramatic situations, enlivened with consistent and clever comedy.

Town Booming Helps

Ill.—Make a Noise Like a Dollar

The man who gets ahead is the one who makes a noise, and it's the same with a town.

But it must be the RIGHT KIND OF NOISE.

There are millions of noises in the world and only one kind worth making. That's the kind a man learned about when he tried to interview a great financier.

He had spent several days trying to get into the private office of the old skinflint, but was always headed off.

At last he went to a friend for advice.

"I'll tell you what to do," said the friend. "You go down and stand in front of the old fellow's door and

MAKE A NOISE LIKE A DOLLAR. When he comes out to grab you, that will be your chance."

That's the kind of noise we should make in this town.

We should sound like ready money and look like it.

Nothing would bring new business and hustling citizens quicker than a NOISE LIKE A DOLLAR. Every letter that goes out should be an advertisement for our town.

If you don't know how to make a NOISE LIKE A DOLLAR, just call on us, and we'll try to help you.

One way is to advertise. When everybody gets to making the right kind of noise it will be worth while watching things boom.
