AN INTERESTING REPORT

Of Wayne County Society for Prevention of Cruelty to Animals.

The year 1909, the second year of our work as a society, has been most encouraging. Though we have lost a few members, some by death, several through change of residence, and a very few through lack of interest in the noble work, still we have much to be thankful for at the close of the year.

Our expenses this year have been heavier as you will see by the treasurer's report, but we have been able to meet everything without asking extra help from the members. Early in the year, Mr. Frank Stevenson of Hawley, was commissioned an honorary agent with authority to work anywhere in the county.

N. B. Spencer reports: Number of cases investigated... 5 Number of cases prosecuted... 3 Number of cases convicted... 3 Disabled animals taken from work 3 Horses blanketed... 34 Horses killed... 1 Number animals involved... 49

Mr. Hennig reports: Number of cases investigated... 17 Number of cases prosecuted... 2 Number of cases convicted... 1 Disabled animals taken from work 3 Pads ordered or provided... 2 Horses or mules blanketed... 48 Number of animals involved... 76

Mr. Stevenson reports: Number of cases investigated... 12 Disabled animals taken from work 5 Sick or fallen animals assisted... 4 Horses and mules blanketed... 39 Horses killed... 3 Dogs killed... 3 Cats killed... 4

Our treasurer reports that he has received \$230.54 and expended \$203.80 with a balance now in the treasury of \$26.74.

Grateful that there are so many people in Honesdale and Seelyville who are interested in the welfare of the animals, and thanking all the members for their hearty co-operation, we look forward to the year 1910 hoping to make it a banner year in our work. Respectfully submitted, FLORENCE STUART WOOD, President.
