The ball floated away, seemed to hesitate in midair. a special service in the White Mills its performances have substantiated then dropped downward and to the right with a slow, twisting curve motion.

CONSERVATION BILL PASSED.

It Authorizes President to Make Withdrawals of Public Lands.

Washington, April 21.-The first of the administration conservation measures, the bill author'zing the president to make withdrawals of public lands in certain cases, was passed by the house

Lack of confidence in the genuineness of the conservation ideas of the committee on public lands, of which Representative Mondell of Wyoming is chairman, was demonstrated by the elimination from the measure of the only two committee amendments of Importance

One of them provided "that such rights of any settler or entry man acquired prior to such withdrawals." and the other provided "that upon restoration of any such lands the equitable rights shall attach as to rival claimants to any bona fide claimant who prior to such withdrawals initiated a claim thereto and made valuable improvements thereon."

Dozens of amendments were offered winter work. Who can hustle up loss of an only daughter just entered to soften the bill and limit its scope in a number of respects. They were invariably unsuccessful, the Democratic strength, with those Republicans

who have become to be known as insurgents, uniformly voting against the regulars, who stood by the public lands committee,

> Rake up! Burn up!! Clean up!!!--May 2d.

> > A Diplomatic Reply.

An Eastern potentate once asked a group of his courtiers which they thought the greater man, himself or his father. At first he could elicit no reply to so dangerous a question. At last a wily old courtier said, "Your and to Mr. Byron DeWitt Miller, at father, sire, for, though you are equal to your father in all other respects, in this he is superior to you, that he had a greater son than any you have." He was promoted on the spot.

Origin of Bridal Customs.

As the wedding guests now gather together at house and church, so once did the bride's tribe gather together to rescue their stolen daughter. As so once did they sit down together capture had given way to marriage by purchase, to the feast prepared by the bridegroom to propitinte his father-

Mind Like Other Products.

As the products are improved by cultivation, so it is with the mind. Education brings the seeds of thought that have been produced by the noand industries in all ages and all lands and sows them in our midst to spring up and fructify in accordance with the care we take in their cultivation.

called to him.

"'That's the fader,' he replied, smil-

"I had read of the 'fadeaway' and believed it one of the spring nature the grass is starting and it cannot fakes evolved by imaginative reporters. But it was true. Mathewson, realizing that he might never again be strong enough to pitch the fast jump ball or the wonderful fast curve that had made him the greatest pitching sensation of years, had deliberately set to work and by steady, persistent practice had evolved a new 'system of' slants' by which he came near revolutionizing pitching. Hour after hour, despite the deadening pain in his shoulder, he kept at it. Pitching, pitching, twisting his hand a little less, a little | the 16th. more, then ten times to a spot two inches to the left or the right, to find how the change in stride would affect the ball, he worked until he developed one of the most puzzling curves ever pitched. How many hours of suffering and hard work were required to perfect his fadeaway and make him again one of the greatest pitchers no one knows."

Ibsen's Posthumous Works.

Henrik Ibsen's posthumous works have just been published in Norway. They consist of a collection of verse, biographical material and sketches of the plots and morals of his plays, as well as the text of the plays as first completed, the last showing the great importance Ibsen attributed to careful planning of his plays in advance and to thorough revision.

In Rainy London. London annually makes use of 4, 000.000.000 umbrelias, one-fourth of which are imported.

We never get any news concerning the husbands of the English suffragettes.

SHERMAN.

been Mrs. William Myrick has visiting relatives in Liberty, N. Y. Our school closes next Thursday. W. O. Curtis was home over Sunday.

Mrs. Arabill, of New York, spent Sunday in Sherman.

D. A. Curtis and wife visited Osar Curtis' last week. The Bible study will be held at

Mrs. D. Arneke's on Friday evening. Everybody welcome. Dr. Goodwin, of Binghamton, was "'Here! What's that, Matty? I here to see Mrs. Sweet last Sunday. She is very much worse at this time.

STERLING.

We have now had a little rain and grow any too soon for a number are short of fodder.

The schools are all closed except the High school and the primary department will close on the 22d, and the intermediate grade on the 27th. Prof. Creveling has another month yet.

On the 26th and 27th examinations will be held for admittance into the High school.

Prof. Creveling and Esquire Gillner made a trip to Stroudsburg on

The trustees of the M. E. church had a meeting to-day and find that they need about \$45 to pay for a fine lot of wood just delivered and other incidental expenses. We think this bill in preference to many others, should be cheerfully met.

April 26th is the 91st anniversary of Odd Fellowship in America, and in the evening at the hall Rev. W E. Webster will deliver an address and all are cordially invited to attend. The fraternity here is growing and the order rests on a firm financial basis.

On the 16th the G. A. R. held their regular monthly meeting and Rev. J. H. Boyce, of Salem, was in attendance as usual.

Mrs. Frank Philo improves but slowly and she is now all the one who is on the sick list in Sterling.

BEACH LAKE.

Quite an early spring as cherry trees are white with blossoms, although we are glad to have rain, yet we also know we will be much pleased to have some fine weather. Some garden things are up and the

on the butter fat basis. The company will buy on either plan this year and see how they can succeed. C. D. Stoddard is the Superintendent again. M. L. Snavely will do the carting for the company this season. Nearly every farmer is more or

less engaged in the poultry business and incubation and brooding is the chief pursuit at present.

Many new incubators were purchased this spring. As is generally reported but few good hatches have been had. J. A. Noble took off the best of the season, having gotten 194 chicks from 210 fertile eggs
