A fine cast has been selected and the production will be staged under the personal direction of Mrs. Benjamin H. Dittrich. Rehearsals were started on last Thursday evening and indications are that this will be the biggest success of any of our recent local attempts upon the stage.

—Ament the postal card craze, many persons are not aware of the fact that the postal card craze is not a new fad. An exchange has called attention to the fact that the postal card business is over a century old, even if the printers have not been working at it all the time. A long forgotten book entitled "Almanac de la Petite de 1777" has just been discovered, showing that even this early the picture post card flourished in France at least. The almanac reports as follows: "Demand the printer, has introduced pictorial cards containing room for short announcements or letters. These pretty cards are sent through the post like letters at a cheaper rate, and are all in vogue." In 1777, however, the "Oh, kid," and the bull-dog series were not in vogue. If the present day affronts to decency had appeared in those days, it is probable that a good many of the enterprising dealers would have landed in prison.

—Honesdale ought to have an armory and there should not be any hesitation about the Commissioners appropriating part, or even the whole of the amount (\$2,000) towards buying the necessary land. Honesdale pays one-fifth of the county taxes, and is not asking the commissioners to pay for state roads, etc., and for them to refuse to pay the paltry sum needed, when the State offers to put up a \$20,000 building seems to be a case of short sightedness. We need a big hall for receptions, entertainments, mass meetings, as well as a home for the military company. All law-abiding citizens should hold up both hands to help maintain and encourage our citizen soldiery.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
