COMING! COMING!

The Lyric Should be Crowded Next Monday Night.

Joshua Simpkins, a four-act New England play, will be presented at the Lyric on Monday, May 16. The climax of stage realism, it is asserted, has been reached in the presentation of the stirring saw-mill scene in Joshua Simpkins and will be presented in this place by a peculiar mechanical device which has never been introduced here before. This new mill scene is claimed to be a vast improvement over any attempted in a similar line. The company also boasts of a splendid orchestra, which is carried complete by the organization, to aid in the proper presentation of the play, which is said to abound with musical and dancing specialties of a high order. The parade will leave the theatre at the usual time and take the usual route, making a burlesque parade.

OUR FOREST RESERVATIONS.

In the list showing the area of state forestry reservations, Potter and Clinton counties are by far the largest. The area of state forestry lands at the beginning of the present year was nearly 917,000 acres. The area has been slightly increased since then, as purchases of additional land were authorized at practically each one of the monthly meetings of the state forestry reservation commission.

The forestry reservations are distributed through 26 counties, by far the greater portion of the land being in the Susquehanna valley. Not all of the forestry reservations are forest land, strictly speaking, for some of the ground has been burned over so frequently that it is bare of timber. All of the ground is naturally forest land, however, and well adapted to such purposes, and where bare acres exist they are being reforested as speedily as possible, through the aid of the several state nurseries.

Table showing forestry reservations by county in acres: Adams 12,792; Bedford 9,935; Cameron 73,520; Centre 75,790; Clearfield 47,910; Clinton 117,819; Cumberland 3,121; Dauphin 3,353; Elk 16,819; Franklin 39,530; Fulton 6,189; Huntingdon 54,184; Juniata 3,199; Lackawanna 3,278; Lycoming 73,542; Mifflin 51,281; Monroe 6,246; Perry 19,083; Pike 53,249; Potter 117,937; Snyder 17,275; Somerset 3,467; Tioga 50,643; Union 50,154; Westmoreland 5,065; Wyoming 1,176; Total (26 counties) 916,569

OBITUARY.

DIMOCK—Mary Arathusa Penniman, wife of the late Warren K. Dimock, died on May 10th, at Brooklyn, N. Y. She was born in Honesdale Feb. 9, 1847, and was married October 22, 1873, to Warren K. Dimock. Her life was spent in Honesdale and for the last twenty years it was faithfully devoted to the care of her aged mother who had been an invalid for many years. Seldom is there witnessed such unselfish devotion as Mrs. Dimock gave to her parents and given at a time of life when she herself needed that care and attention that was so requisite for her own health and comfort. Her husband died January 4, 1909, after a long and lingering illness, which called for untiring attention and care on her part and which sapped the foundation of her own health, eventually bringing her life to a close. She is survived by two children; one son, Francis A., and one daughter, Edna P., both of Brooklyn; also a brother, Edward A. Penniman of Honesdale. The funeral will take place Friday afternoon at 3 o'clock from the residence of her brother Edward on North Main street.

PROMPTON HIGH SCHOOL.

Graduating exercises of the Prompton high school, were held in the Presbyterian church at Prompton on Thursday evening. The church, which was handsomely decorated, was filled to overflowing with an appreciative audience which was evidenced by the applause which greeted every exercise.

Philip Hloff, principal of the school, presided. The number of graduates were five. The exercises consisted of essays and declamations. The essays were meritorious and the graduates deserve great credit for the excellent manner in which they acquitted themselves in all the exercises.

Professor Koehler, who is untiring in his efforts to bring all our schools up to a high standard of excellence, was present and gave a most interesting and instructive talk. His theme was, stand by your schools, encourage the directors, teachers, and scholars; cultivate a healthy pride in your local schools, as they are the best investment that can be made by and for the world at large. He dwelt on school patriotism; be loyal, be true, be aggressive in helping to make your schools better and better. Criticize, if you must, but let it be a criticism above rancor or petty selfishness. Let your criticism be aimed so as to uplift your school work. The essential features desired in school work are good directors, good teachers, a wholesome sentiment, and money.

Judge Searle was present and made a few remarks along the line of civic pride and righteousness. He laid great stress upon the value of education, in the building up of character. Education as an asset in the business life never diminishes in value. He related some of his experiences as a lawyer, and also some which have occurred since he has been on the bench. His talk was well received and appreciated.

Miss Ames, of the Waymart High school, gave a recitation which brought down the house with applause. At the close Principal Hloff made a short, terse, but very appropriate address, after which the audience was dismissed in order that refreshments might be served at the Methodist church.

LADIES' IMPROVEMENT SOCIETY —SECRETARY'S REPORT.

The annual meeting of 1909 was held on May 10th and the annual meeting of 1910 was held on Monday, May 9th, this being the 19th annual meeting for the association.

During the year there have been held ten regular meetings of the Executive Committee with a very good average attendance. No new committee having been added this year, those of the past year were continued and have been active, namely: Collectors, finance, flower, children's auxiliary, and parks.

The chairman of these respective committees will give their reports, but will not tell of all the time spent by themselves and the members of the committees in bringing to success what they were striving for, but every citizen and child of the town have felt within themselves the stirring of a spirit for civic betterment, as they have enjoyed the well kept parks, flowers, shrubs and the benches provided for resting places.

A careful reading of the Treasurer's report will also tell you that the association have been doing splendid home-keeping with the comparatively small sum they have had at their disposal, considering the high prices of material and labor.

The routine of the general work followed has been similar to that of previous years. The town clock has been kept in repair and running as well as it could possibly be. The State bridge has been swept weekly until the time of snow and ice, when it was cared for by the town council.

The cans for paper have been repaired, painted and emptied when necessary.

The Delaware and Hudson R. R. Co. very kindly have given to the association all the red shale they needed for paths.

For Old Home Week, with a good deal of time spent, a committee secured for the town hall pictures of Anthony Wayne, Washington Irving, and Philip Hone, also aiding in keeping the parks picked up and clean during the week.

In September the Children's Auxiliary held a Flower Exhibit, conducted by the committee in the public school.

The last, but by no means least, of the work to be done, while it is a new feature in a way, yet it is not entirely new, only that a special week has been designated as a cleaning up week, about which it is not necessary to go into detail, as it is still very recent with us. One thousand circulars were printed and distributed in the borough and surrounding townships by the members of the various improvement societies, toward the expense of the same. The Business Men's Association very kindly contributed \$10.00, the independent also kindly contributed the attractive cards distributed and placed in the store windows and business places. The support of the Board of Health was also given to this concerted plan to have a cleaner Honesdale, by their representatives, Dr. Ely and Dr. McConville.

Although the Executive Committee have been so busy with their plans and work, yet they have still found time to learn just how to do things parliamentary in their meetings, by securing Dr. Swift to guide them through the difficult mazes of parliamentary law; the lesson has been well learned and the meetings of the society improved thereby.

Miss Petersen has been made a member of the Civic Committee of the State Federation of Women's Clubs of Pennsylvania, and at the Eastern District Federated Club convention recently held in Reading, Pa., spoke upon civic work and the work of her own local organization as well.

Reports must necessarily be brief, 3813.

and must show as briefly the amount of good accomplished. The Association has received very little money as gifts during the year and would appreciate any amount that might be given them to move forward and do still greater things. JENNIE M. BALL, Secretary.

The officers and committees for the ensuing year are as follows: President, Miss Petersen; vice presidents, Mrs. C. F. Rockwell, Mrs. C. M. Betz, Mrs. W. F. Suydam.

Secretary, Miss Hall; assistant secretary, Mrs. Reichtmyer; treasurer Miss Tillie Weiss.

Executive committee, Mrs. W. Torrey, Mrs. Salmon, Mrs. Penniman, Mrs. Bush, Mrs. Penwarden, Mrs. Lambert, Mrs. Mumford, Mrs. Holmes, Mrs. Oday, Mrs. P. R. Murray, Miss Bennett.
