Many reasons are given as the cause of the high price of living. One is too many banks, each tying up a large amount of money as a reserve fund; another is too many automobiles owned by people who can hardly support a bicycle; another, the adjustment of prices caused by the shorter hours of labor and higher wages; another that the growth of the "get rich quick" principle is reducing the number of our producers, and last but not least, is that the Trusts have a strange hold on every thing humanity needs to exist except air and sunlight.

**SHIPWRECKED ON THE DELAWARE.**

Wilbur Bodle and Harlan Histed, two of our popular young men, started on a trip down the Delaware river on Tuesday. They went by rail to Laekawaxen and then embarked upon a canoe, with the Delaware Water Gap as their port of destination. All went smoothly as they sped along until they reached a point where the waters of Shohola creek join those of the Delaware on their way to the sea. Here lack of seamanship or turbulence of the current upset the canoe, and the captain and his crew were shipwrecked, but with a "Don't give up the ship" determination all hands held on to the upturned vessel, and for at least an hour everything went swimmingly along as the current carried them down stream until a young lady of the Grace Darling type appeared upon the scene and in her boat, vigorously applied the oars, until the shipwrecked mariners were reached and rescued, and just in time, as they were fast becoming cold and chilled. They were hospitably received, clothes dried, and a warm meal given them at the home of the young lady. Late in the evening they returned on the old reliable Erie to their homes.

H. C. JACKSON,

**Candidate for the Nomination for Representative.**

Mr. Jackson was born in Damascus township on May 12th, 1848; was one of a family of six children of John and Abble W. Jackson. Reared under the parental roof, he began his education in the public school, and attended the Union Academy at Damascus for several terms. He taught school for two terms, then entered the employ of Fortnam & Smith of Tyler Hill as clerk. This concern kept a general store at Tyler Hill and after ten years of faithful service with this concern, Mr. Jackson took the management of Menner & Co.'s branch store at Tanner's Falls, and remained in this position for eight years. In 1887, he located upon his present farm, known as the Monington farm, erected a model residence, built some good barns, and other buildings that go to make his place one of the prominent farming places in Damascus township. In connection with general farming, he has been engaged in stock raising and dairying. He is known and looked upon as one of the progressive farmers of Wayne county, who has kept in touch with all the methods of advanced farming. He has been connected with the Wayne County Farmers' Mutual Fire Insurance Company since its organization in 1891, and is now President. He is a most excellent business man, conservative, progressive and successful in any direction in which he works. He was married in 1872, and has four children. **"FARMER" AMES FOR REPRESENTATIVE.**

W. C. Ames, candidate for the nomination for Assemblyman on the Republican ticket, was born in Hawley and has spent his whole life there. The family was among the early settlers of that borough, and have been identified with it and prominent in its development practically since the town was founded. The triumvirate, John, the father of the subject of this sketch, Jacob and Reuben, engaged in the lumbering, farming and mercantile business for years and in addition were large dealers in cattle at a time when droving was in vogue. They also bought and baled for the market large quantities of hay, and in these various industries did a large business. Later the firm was dissolved and the partnership affairs divided among the three.

WILLIAM C. AMES.

Business course at the Eastman Business College, Poughkeepsie. After completing his studies he engaged in business with his father until the latter retired some 13 years ago. He then purchased from J. F. Drake the livery business which he has conducted since with marked success. His is a genial and open disposition which meets and readily makes friends. In local affairs he has served as a member of the town council and is at present Mayor of one of the most thriving towns in the county. This position he is filling with satisfaction to borough residents and credit to himself. We feel certain that as Representative he would do equally as well. In 1909 he represented Wayne county as a delegate to the Republican state convention. Mr. Ames is one of Wayne's staunchest Republicans as well as her most prominent citizens.

Remember the primaries on Saturday next. It is your duty to vote.
