—It is unlawful to catch, take or kill any bullfrogs only from the first day of July to the first day of November, and terrapin save only from the first day of November to the fifteenth day of March each year.

—P. S. Bass, who called on The Citizen one day the latter part of last week, said the wire worms have raised the mischief with the farmers of Cold Spring this summer. One of his neighbors had three acres of field corn ruined by them, he says, and E. E. Yale, a neighbor, has three acres the worms have devastated.

—One of the four young men to get married last week is a tailor by trade—a tailor whose cutting and sewing is carried on within fox-shooting distance of the postoffice, the union station and other familiar buildings right in the heart of the borough. His joking shopmates no sooner saw him out of town than they gave vent to their practical joke tendency by putting a sign at the second story window, where he who runs may read. The sign says: "No pants pressed for two weeks."

—Declaring many farmers in that vicinity have sold their cows for beef and that the supply of milk is very much decreased, the Philadelphia Milk Supply union, composed of dairymen in New Jersey, Delaware and Maryland as well as this state, has notified the Philadelphia Milk exchange, composed of the largest milk dealers in the city, that after July 1 the price will be raised from 3½ cents to 4½ cents a quart. The milk dealers declared this increase would drive some of them into bankruptcy, as they could not raise the retail price of 8 cents a quart to the customer.

—The Moose Elks will picnic at Lake Lodge Saturday, July 16.

—The street commissioner will put 55 chestnut posts around the D. & H. lot.

—The Presbyterian Christian Endeavor society will serve ice cream on the lawn Thursday night.

—The Peil-Dunkleberg-Brooks-Ham-Gibbs sidewalk was completed and "unboxed" Saturday night. It is smooth, slightly and satisfactory. Pedestrians appreciate it.

—Rev. C. C. Miller, the new German Lutheran pastor, expects his family to join him Wednesday. They are coming from Allentown. Mr. Miller thinks Honesdale is a beautiful town, containing the most friendly people he has ever seen. Mrs. Gustin and family will leave some time next week for that place, where they expect to make their home.

—Mayor William C. Ames has posted notices near the borough limits on all roads leading to Hawley warning automobilists not to exceed twelve miles an hour while driving in town. This is a timely warning and the law should be rigidly enforced. Reckless driving within the borough limits has been too frequent during the present season. Such driving is not only a menace to the lives of the public but is a nuisance as well because of the dust that is raised.—Hawley Times.

—The following item about a Hawley boy who has pitched here this summer is from the Hawley Times: Eugene McCloskey, who signed with Altoona, was given a trial and returned home the fore part of the week. He pitched a game and a half and made an excellent showing and the management was well pleased. His return is due to a weakening of the arm and he will remain here some time to allow it to rest. If he fully recovers he will return to Altoona.

The Russian citizens throughout the region are deeply interested in the project, and are determined that the enterprise shall be a great success.

—The Texas No. 4 picnic at Bellevue park on the Fourth did not get much of a crowd in the afternoon, for the ball game was a counter attraction and Lake Lodge was an other for hundreds, but after supper the friends of the fire boys commenced to climb the hill, and many of them stayed until the dancing ended at midnight. Freeman's orchestra played, and the music, as usual, was gilt edged. The committee that ran the picnic had as its chairman Lawrence Bried and the other members were Ed. Faushleir, William A. OLD HOME AT FOREST CITY.

Considerable Sentiment For Reunion and Local Paper Pushes It Along.

D. Stanley Evans, a Forest City boy who has gone out in the world and made himself useful, was a caller in town. He is the same genial, energetic Stanley, and at once began working up sentiment for an Old Home week, an idea also suggested by M. J. Collins of Olean, Tom Jones of Chicago and Joe Jennings of Avoca in times past. Stan-

ley is now in charge of the Railroad Y. M. C. A., Portland, Me. His services were recently solicited to go to the Hawaiian Islands to organize a railroad Y. M. C. A. but he decided to remain at his post in Maine.

An Old Home week sounds good. Who wants to take the scheme in hand and push it along? Forest City probably has more former residents scattered about the different states of the union than any town of its size in seven counties. And there are a lot of them who think well enough of the old burg to come home to a big family reunion.—Forest City News.

CENSUS IS NEARLY READY.

Figures to be Given Out by the Bureau Within a Few Days.

The mammoth task of recording the thirteenth census of the United States has progressed to such a point that within a few days the Census Bureau will begin to make public the population of the larger cities of the land.

The figures for the cities containing 75,000 or more persons will be given out first. They will be followed later in the summer by the population of the states by counties, which also will include the cities of 8,000 or more persons. In all likelihood the population of the national capital will be the first given to the public.

The returns of about 47,000 enumerators have been received by the Bureau and it is expected the remainder of the 70,000 reports will be in by July 1. The bureau has increased its clerical force with a night shift, making a total of about 2,000 clerks. The data collected by the enumerators is being transferred to cards, and, with the increased force, it is estimated that 900,000 cards will be punched daily.

THREE rebuilt second-hand sewing machines. All were high priced machines. Now \$5.00 each. McIntyre. 2eol 51

Messrs. Tener and Reynolds were the guests of prominent Philadelphians and their rooms were the points of interest for many leaders from all parts of the state.

Horseshoe For Candidate Wright.

A recent mail brought Hon. C. F. Wright of Susquehanna a small souvenir that has given him much gratification and which will be treasured among his choicest keepsakes.

It came from Charles Gorsuch, a blacksmith of Martinsburg, and is a small horseshoe about one-half inch in diameter. It was made by the sender on his anvil, the only tool he used being a hammer. 'It is a delicate piece of work and shows Mr. Gorsuch is a mechanic of no mean ability.

Accompanying the horseshoe was a letter asking Mr. Wright to accept this souvenir as a token of good luck in the campaign he has just entered on and assuring him of the writers' best wishes.

HEAVY TRAVEL ON THE ERIE.

Passengers Bound For Summer Resorts—Four Cars Derailed.

Erie train 17, the westbound mail and milk train due at this station at 7.57 a. m., was two hours late Friday on account of its engine breaking down on the New York division, says the Port Jervis Gazette.

Four cars of a westbound train on the Erie and Jersey railroad were derailed on Wednesday night and caused considerable delay to traffic. The Port Jervis wreckers were called and cleared the tracks.

Passenger traffic is steadily increasing on the Erie, the local trains being particularly heavy westbound from the seaboard terminals with guests for the summer resorts in Sullivan, Wayne, Pike and Delaware counties.
