FATAL RESULT OF CAT'S BITE.

John Hardy of Bayonne, Poisoned by Teeth of Vicious Pet at Standard Oil Works, Calmly Plans For End of Torment.

Bayonne, N. J., July 28.-Residents of Bayonne are today discussing the strange case of John Hardy, whose premonition that his death was to result from a cat's bite yesterday came

He was reading a newspaper. Occasionally he put a hand to his throat and opened his mouth widely as if to take a longer breath. Presently he A fine entertainment was given in put aside the paper and spoke to his son, Cornelius, who was in the adjoining room.

"Nell," he said quietly, "I wish you would telephone to Frank Dempsey and ask him to run over and see me right away."

What do you want with Dempsey, father?" young Hardy asked.

"Never mind. Do as I tell you. It's important," said the elder man;

"What's doing, Jim?" said Dempsey, Hardy sat down and said as coolly as if he had been discussing another man's affairs:

"I'm going to die tomorrow, Frank. I want you to make all arrangements for my funeral and the burial. Just tired life. see to it that I get a good coffin and that everything is done right."

The undertaker leaned back and laughed.

"You were always a great one for can't see much point to this one. What's the matter with you?" "It isn't a joke," said Hardy

At 9 o'clock that night Hardy was in agony. He clutched his throat and was barely able to articulate.

Father Peter Reilly of the Church of St. Henry, who administered the last sacrament, was told by Hardy's son that the dying man had been bitten by cat four months ago.

Hardy had been playing with an evil tempered cat which had been a pet around the Standard Oil works but had bitten several men previously. The cat caught Hardy's left hand and sank its teeth in two fingers. Hardy killed the animal and had his fingers dressed. The wounds gave him little inconvenience and healed in a short time. It was suggested to him that the cat might have had rables and that it would be a sensible thing if he went to a Pasteur Institute for treatment. But Hardy made little of the hurta and went on with his work.

Hardy died of hydrophobia yesterday at the Bayonne hospital.

VALUABLE NEWS FROM NEIGHBORING TOWNS WALTON BEATS US SCHOOL REPORT

GREGOR DIDN'T GET HIS REGU-LAR PACE UNTIL SECOND IN-NING AND BY THAT TIME SWIFT COLLEGE TEAM HAD SENT FOUR MEN ACROSS THE PLATE.

Honesdale lost the first game with Walton at Walton on Tuesday. The swift college team that is summering in that part of Sullivan county has a swift man in Adams, who was steady from the moment he stepped into the box, whereas Gregor was a bit nervous in the first. The college lads hit the Honesdale southpaw freely in that inning and four Number of applicants with exmen crossed the plate.

Those four runs gave Walton a good substantial lead. Honesdale could not overcome it. Gregor got over his nervousness after that unfortunate first inning and from that time on to the end of the game he pitched swift, clever ball and had Walton worried. Only one more Waltonian circled the bags after the first and he made the circuit in the seventh. Gregor fanned four men. Adams went him one better.

Doudican, the hard-hitting young third baseman from Carbondale, made Honesdale's two tallies. He came to bat four times and twice the feet of the Carbondale player scurried around the bases. He played an errorless game, as did seven out of Honesdale's nine. Walton, on the other hand, finished with a figure four in the error column. They field fast and well as a rule, but when it came to this part of the game they were no stronger Tuesday than the visitors, who would have put the college team on the losing side of the scorecard but for the raid on Gregor's curves in the first.

HARDING LEADS REPUBLICANS.

Marion Editor and Follower of Sena tor Foraker Named to Head State Ticket on Third Ballot at Columbus Convention.

Columbus, O., July 28.-Having at last selected a banner carrier for the state election, the Republicans are today busily planning for the coming battle at the polls, fully realizing the Importance of victory and the difficulties they must surmount in achieving it. Followers of Governor Judson Harmon, who has been nominated for re-election by the Ohio Democrats, and who may, if again triumphant in the state, lead the Democrats in the presidential race, are already in battle array. They declare that the action of the Republican convention has caused them no uneasiness and that they are sure of the re-election of Harmon.

Warren G. Harding of Marion, O., former lieutenant governor of Ohio, proprietor of the Marion Star, an evening newspaper, and a recognized follower of former Senator J. B. Foraker, was nominated for governor at the Republican state convention on the third ballot, George B. Cox, the Cincinnati boss, insuring his nomination by cast- 000,000. WALTER MANNING.

Disappointing "Pitching Find" Is Released by the Hilltops. www.www.www

New York, July and Therener, Total will be surprised to learn that the Hilltops have released Pitcher Walter Manning to the Rochesters, champions of the Eastern league. He was purchased from the Williamsport club of the Tri-State league late in the season of 1908. Early last year Manning had a great run of victories-six in number-and the newspapers were filled with articles calling him a "pitching find." Since then his work has gradually lost its class, and lately he has been practically of no value to the team.

The Hilltops have also released Outfielder McClure, recently secured from the Amherst college nine. He goes to to Skeeters.

Outfielder William Bailey of the Lancaster club of the Tri-State league has been purchased by the Highlanders and will report at the close of the season in his league.

QUEEN WILL INA.

Holland's Ruler invent \$750,-000 in Afabama Coal Lands. monnon

Cullman, Ala., July 28.-Queen Wilhelmina of Holland has recently invested about \$750,000 in coal lands in this section of Alabama, and her agents are willing to make further investments. As a result of Queen Wilhelmina's investment there has been organized the Cullman Coal and Coke company with a capital of \$2, the stock of the company, and the remainder is held by Holland capitalists. This company will mine the coal, the bulk of which will be shipped to Holland from Mobile. The queen was induced to make the investment by a relative who visited Cullman. When this relative returned to Holand he told the queen of the coal deposits and she was so much impressed that she not only invested her own money, but induced Holland capitalists to invest theirs. Cullman and the adjoining country is largely settled by Dutch and Germans.

DAVILA PROCLAIMS VICTORY.

Bonilla's Representatives Deny That

Revolution Has Been Crushed. New Orleans, July 28.-President Davila of Honduras cabled here that he had put down the revolution launched against him by former President Bonilla last week. The cable messages were sent to Davila's commercial and diplomatic representatives.

A message of this nature has been expected from Davila some time. Observers of Central American politics usually regard these "peace" sages as admissions of revolution. Bonilla's representatives here declare that the revolution has not been squelched. They say Bonilla, with at least 500 soldiers, is in camp on the north shore of Honduras.

Scores of recruits, they say, are added daily to Bonilla's forces, and when he is satisfied of his strength he will
