FOURTH GAME FEATURELESS.

Carbondale Gets It, Making Two Apiece in Series of Five.

At Athletic park Saturday afternoon the Carbondale team defeated Honesdale in the fourth game of the series of five by the score of 8 to 6. The game was played before about 2,000 "fans" and was a clean, sportsmanlike exhibition of the national game. Honesdale took the lead at the start, but in the fifth inning a few misplays on the part of the locals gave the Pioneer City boys runs to clinch the game.

In the ninth, with the score 8-4, the locals had two men on bases, with none out, and both scored. Regardless of the fact that two more locals held second and third, with the score 8-6, the batters could not produce the necessary hits to tie the score.

For Honesdale Hattler excelled at the bat, but as a whole it was a featureless game. McAndrew pitched gilt-edged ball for the visitors.

ALL SENT TO JAIL

(Continued from Page One.)

cer, and placed him under arrest. I intended to take him to the train and get him aboard for home. Just then somebody from behind hit me on the back of the head with a club. Just then Powell grabbed my watch, which was on a fob, and I suppose he expected by doing that to get me to let go, but I held on to him, though I went down. He passed the watch to some partner in the crowd and that partner passed it to another and another, so that it got away beyond the scene of the fight before I had time to look for it.

"About this time I got another whack from the club. That was Powell. He and Paul ran toward the train, with Smith after them. Paul succeeded in getting into one of the cars, but Smith jumped aboard and the man he was after was pointed out to him and Smith pulled him out of the car.

"Smith and I took our prisoners to the camp hospital, where their wounds and also our own were dressed by Dr. Newburg and Dr. Davis. In the meantime the train went off and we couldn't get to Honesdale that night, so we put the two prisoners in the guardhouse until morning. Adamitis was caught about midnight by Lieut. Dingelberry from one of the Mechanic companies. He saw Adamitis in the woods, where he had gone to hide, and he jumped on him and brought him to the camp, where he was locked up in the guardhouse, along with the other two."

Sergt. Smith said he had another witness—Edwin Von Berger, who was close by when the fight was thickest and who saw Adamitis hit Gould with the club. Von Berger was sworn. He said he saw the fight start, saw Gould try to stop the fighters, saw Gould hit with a club.

"Have the three men stand up," suggested Sergt. Smith and the prisoners were lined up where Von Berger could get a good look at him. He pointed to Adamitis.

"That's the man," he said positively.

There was no more evidence.

"What's the ball?" asked the lawyer-editor who had been conducting the examination.

"They don't want any bail," said Justice Smith. "I've heard enough to hold them without bail."

He made out the commitment and Detective Spencer handcuffed the trio together and walked them out the backway of the courthouse and put them in Sheriff Braman's strong house by the river, which is now pretty middling full. The assailants of Smith and Gould were under lock and key by 11:30.

Gould feels sore over the watch Powell pinched from him and contrived to get out of the way with. In the complaint he gave the value of the timepiece as only \$25, but the watch and fob were a present from a friend and Gould prized them highly.

Sergt. Smith, as he waited for the 12:25 train, spoke highly of the ability and courage of Gould, who, he said, is one of the strongest men for his weight and build that can be found anywhere.

"His muscles are all between his waist and shoulders," said the sergeant, "and when he gets a hold that lets him use that part of his body there's no living man can get away from him."

Lieut. Dingelberry and the six men that came with him from camp agreed to be on hand at the October term of court.

Fatally injured by a train on the Honesdale branch of the Delaware & Hudson Thursday, Ignatz Borda of South Scranton confessed on his deathbed at the Emergency hospital in Carbondale to the theft of the gold watch belonging to Trooper Charles Gould of the state constabulary.

Borda was struck by a coal train while on his way home late Thursday night. He absolved everybody from guilt of the theft just before he breathed his last.

STERLING.

This is a hot, stormy morning here (Atlantic City, N. J.) and your correspondent is taking in a few days of this famous resort, but my items shall pertain to old Sterling, of which I am thinking just now, and let others extol this place.

John Smith and A. B. Williams attended the G. A. R. reunion at Harvey's Lake Aug. 12. It was the 25th anniversary of Dr. and Mrs. A. J. Simons' marriage, and about 40 from Sterling were present at the pleasant home at Newfoundland, and in all over 150 took dinner. Remarks were made by Revs. Webster and Frankie and the doctor appropriately responded. Miss Edith Simons, a daughter, gave a number of selections that were well received.

Mrs. Harry Akers also gave a humorous recitation that was well received and very enjoyable. The doctor and his accomplished wife are widely and favorably known. His numerous friends showed their appreciation by calling on them.

A daughter of Henry Musgrove with her child are now their guests and the son-in-law is expected soon.

Earl Rockwell of Ariel has the contract for erecting two porches at the high school building. A number of men were at work last week.

DOINGS OF BOARD

(Continued from Page One.)

why the union should be permitted to conduct our business for us. We pay good wages—what we consider high wages,—and we treat our men well, but we propose to hire the men we please, whether union or nonunion, and we never will make our shop a union shop. Before I will do that I'll shut up shop and go to work for somebody else, the way I have in former years."

President Smith said he would like to see the shop at work again, but he felt sure the Board, if it helped at all, could do so only through arbitration.

Mr. Herbeck repeated that there was nothing to arbitrate, so far as he could see, but the president said again that arbitration was the only aid the Board could offer to help Mr. Herbeck out of his difficulties, and it was voted to name a committee on arbitration to go over the ground with the firm and its men and see if things cannot be adjusted. Later in the evening President Smith, acquiescing in the Blumenthal suggestion that lawyers ought to make up that committee, appointed M. E. Simons, Charles P. Searle and Charles A. McCarty.

William H. Dimmick wanted to know about the Irving Cliff hotel resolution, drawn by himself and offered the week before by Mr. Blumenthal, that had been tabled. The secretary read the resolution and Col. Dimmick took the floor.

He said he was delighted to see so many representative business men of Honesdale assembled for the good of the borough. He was glad, he added, to notice that the Tag day idea had gotten such a firm hold, and he said he believed it was going to be a money-making undertaking for the Board. He thought the picture of Philip Hone, after whom the place was named, ought to be on the button.

Coming to his Cliff hotel idea, Col. Dimmick said the growth of towns and cities follows the rearing of large and handsome hotels. He said that when the Astors put up their \$300,000 house in New York, a costly hotel for those early days, the value of New York real estate commenced to climb, and it is soaring yet. More and more big hotels followed the Astor house and today New York is the most wonderful city on the North American continent. It is her hotels that have stimulated the growth of the metropolis and helped her forge to the front.

In Scranton, he said, there was a boom just so soon as the Jermyns built their big house, and now the Casey, a fine house 10 stories high and to contain every appointment known to Twentieth century hotels, is nearing completion. The opening of the Casey, Col. Dimmick predicted, will be another powerful boost for Scranton.

"The hotel that it is proposed to put on yonder cliff," said the Colonel, "will be of Wayne county stone, three stories high, and a fireproof structure from top to bottom. It will build up and advertise Honesdale and before you realize the rapidity of this borough's growth we shall have here a city of 20,000 people. We are not asking this Board for money. There is a powerful interest familiar with modern hotels that expects to be in Honesdale shortly to look over the ground and plan for a structure to replace the hotel that was burned 21 years ago. But we want the approval of the Greater Honesdale Board of Trade, and with the favorable sentiment this will assure we shall be able to lay the cornerstone on Labor day."

The Colonel's talk was applauded. Mr. Blumenthal moved the Dimmick resolution be passed. It went through.

Col. Dimmick offered the following resolution:

In pursuance of the resolution passed at the last meeting of the Board of Trade giving their undivided support and approval to the replacing of the hotel on Irving cliff, be it resolved:

That Charles J. Smith, Chester A. Garratt and Charles P. Searle are hereby appointed a committee to investigate and to ascertain the approximate cost of a native stone, fireproof building, on the location of the one destroyed by fire, and to suggest the best and most feasible means for its construction.

This was passed.

Mr. Blumenthal put in another word for Tag day, the project that is close to this young man's heart. He said it wouldn't be a good plan for the men of the Board to go out and try to sell buttons. He thought the fair sex ought to do the selling. They could sell 15 times as many as the men could, he said.

President Smith said the idea of having the women do the tagging was a fine idea.

George P. Ross thought there ought to be a prize for the girl selling the most tags. The president agreed with him and added that the girl disposing of the most should get a prize of some value, while the second hustler in the race ought to be given a prize, too. This was moved and Mr. Simons got up to second the motion.

"I've no doubt," said the district attorney, "that if there were 15 young ladies on the committee Mr. Blumenthal would buy 15 tags." (Load laughter.)

At 9:50 the Board adjourned to meet Sept. 9 in town hall.

William Katz was the star membership committeeman last week. He attended strictly to his job of personally soliciting business men he knows and he had signed up 25 of them by the time Friday night's meeting was called to order. The secretary says 33 men have paid their dues of \$2.

President Smith, who was named as a member of the committee to consider the plans and cost of the proposed Irving Cliff hotel, has declined to serve.

IN POMONA GRANGE

(Continued From Page One.)

subject, but all arrived at the same conclusion—that if a person had the right kind of land, not too wet, and could keep his flock from being molested by dogs, sheep would be the most profitable stock.

A charge of 10 cents each was made for meals to all visiting members. Pomona to pay for the meat, tea, coffee and sugar. This is an experiment in this county. It has been practiced for several years in neighboring counties and is meeting with general approval.

Evening Session.

The worthy master called the meeting to order at 8 p. m. The song, "The Farmer Feeds Them All," was sung. After a few preliminary remarks the master appointed F. L. Hartford to make the presentation of Pomona's honor to Union Grange. Brother Hartford proved himself able to handle the task, and in a creditable manner he made the presentation.

The worthy secretary now occupied the chair. A violin and organ selection by Adam and Viola Knorr preceded a select reading by Margaret Rose and a song by Robert and Warren Bonear and their wives. Then there was a recitation by Miss Alma Noble and a musical selection by Adam and Viola Knorr, a select reading by Mrs. Amos Shaffer and a recitation by Rose Schweitzer.

A rising vote of thanks was extended the members of Cherry Ridge Grange for their kind and generous hospitality.

All united in singing the closing song, "God be With You Till We Meet Again." The benediction was pronounced by the worthy chaplain. This completed the labors of the day.

In the afternoon the soliciting committee got to work and four candidates were ready for the fifth degree. When the Grange came to order in the fifth degree the candidates were obligated in the degree of Pomona.

The committee on time and place reported the next Pomona meeting would be held with Beech Grove grange in November, the date to be fixed by the members of that Grange.

A motion was made and sustained that next Pomona meeting be commenced sharp at 10 a. m.

The committee on resolutions offered the following, which were adopted:

Resolved: That Wayne County Pomona Grange, No. 41, endorse the action of Pennsylvania state grange and support their platform in regard to the election of members of the legislature, equalization of taxes, the initiative and referendum, and the election of United States senators by direct vote of the people.

Resolved: That we tender the thanks of Pomona grange, No. 41, to the officers and members of Cherry Ridge grange, No. 1071, for their kind hospitality and painstaking in so bountifully providing for our necessities and entertainment, and to all who have contributed in any way to the success of this meeting.
