ENDS IN TRAGEDY

Pursuer of Restelli Found With Throat Cut.

TWO THEORIES ARE ADVANCED

Mysterious Detective Who Followed Quincy (Mass.) Fugitive Declared Victim of Suicide by Police. Others Think He Was Slain.

Sydney, N. S., Aug. 17.—Griffin, the mysterious detective, who came to this section of the country to follow up on the Restelli, the Quincy murderer, was found with his throat cut from ear to ear in an alleyway here. He had been dead for hours.

Griffin had been in this vicinity for two weeks. He had been little in communication with the local police. He had told many people with whom he had been in conversation that he was a Quincy detective engaged upon the Restelli case and had always discussed the case freely. He bustled himself largely with sending telegrams to Quincy.

The body was identified later in the day as that of E. J. Griffin. The identification was assisted by the findings of the initials "E. J. G." and an anchor tattooed upon one arm.

While the police announce it to be a case of suicide, there are not a few in the city who believe that Griffin was lured into an alleyway and murdered by Italians friendly to Restelli. A razor covered with blood was found beneath the dead man's head.

Little Known of Griffin. Quincy, Mass., Aug. 17.—"Griffin found dead this morning, throat cut," was the text of a message received by Chief of Police Burrill of Quincy and bearing the signature of Chief of Police McParthen of North Sydney, N. S.

Griffin, who is believed to belong to Lynn, conducted on his own account a search for Louis Restelli, the fugitive Italian stoneworker, who killed two persons and wounded three others in this city nearly three weeks ago.

Griffin had sent several telegrams to Mayor Shea and to Chief Burrill detailing various incidents of his pursuit of the person whom he suspected of being Restelli. Finally, upon Griffin's representations, an Italian was detained by the North Sydney police. This man did not answer the description and upon his proving that he came from Richmond, Ind., he was discharged.

GERMAN SHIPYARDS IDLE. Sympathetic Strikes of Allied Trades Are Being Organized.

Berlin, Aug. 17.—As a result of the fight between the German shipbuilders and their employees, all the shipyards of Germany, except the government works, are now idle so far as new construction is concerned.

The men demand an increase of 10 per cent in wages and a fifty-four hour week. The shipbuilders maintain that these economic demands are a cloak to political purposes and cannot be granted.

The shipbuilders outside of Hamburg, where the strike began Aug. 4, undertook to lock out 90 per cent of their employees as an act of reprisal for the strike of the Hamburg workmen, retaining 40 per cent on the payrolls. These latter have now struck the total number of strikers now being about 35,000 men.

Sympathetic strikes of the men employed in the allied trades are now being organized. At Hamburg 3,000 metal workers have gone on strike.

SUICIDE AT EIGHTY-SIX.

Mortgage Interest Due, Reiss Cuts Wrists With Table Knife.

New York, Aug. 17.—Because the interest on the mortgage on his little home was about to fall due and he had no money, Frederick Reiss, eighty-six years old, slashed both wrists with a table knife at his home in Williamsburg and died in St. Catherine's hospital. His widow is eighty years old and for many years they had lived in their two story frame dwelling. Age caused him to quit work as a cabinet maker and the struggle to live became more difficult. The old man had often said he would be better off dead.

TAX INCREASE ON TOBACCO.

Treasury Department Estimates Revenue Will Jump \$8,000,000.

Washington, Aug. 17.—The treasury department estimates that the revenues for the present fiscal year will be swelled \$8,000,000 in consequence of the increased internal revenue tax on tobacco and cigarettes, provided in the new tariff law. The law contained a provision that the tobacco schedule should not become effective until July 1, 1910, so that no benefit from the advanced rates accrued during the last fiscal year.

SHOEWORKERS STRIKE.

Salem, Mass., Aug. 17.—A general strike of union employees in the Salem shoe factories has begun, and it is expected that more than 1,000 workers will quit their benches.

Rebuff Said to Have Stirred Colonel Roosevelt.

HE WILL SPEAK AT SARATOGA

Former President Reported to Be in Mood For Strenuous Struggle. Woodruff Jubilant Over What He Considers a Victory.

New York, Aug. 17.—It is stated authoritatively today that Colonel Theodore Roosevelt, undismayed by the rebuff he received at the meeting of the Republican state committee, is not only going to the Saratoga convention and to have a big say there on the party affairs of the state, but that he intends to have a large voice in the selection of the candidate for governor.

It is said that the apparent efforts to place Colonel Roosevelt in a back seat in the councils of the Republican party has aroused all the fighting blood in the former president's being and that from now on he will labor like a haymaker to defeat the plans of those opposing him.

On the other hand, Timothy L. Woodruff, chairman of the Republican state committee, is said today to look upon the Roosevelt defeat as indicating the certainty of his re-election if he desires to retain his present post at the head of the state organization.

The Republican state committee, in session at the Republican club, yester-

BURIAL IN CHILE.

Arranging to Take Montt's Body to Native Land.

STATESMAN DIED IN BREMEN.

Succumbed to Attack of Heart Failure After Ocean Voyage—Talked to Mayor Gaynor Before Attempted Assassination on Steamship.

Bremen, Aug. 17.—Arrangements are today being made to take the remains of President Pedro Montt of Chile back to his native land.

President Montt, who arrived here with Mrs. Montt on the Kaiser Wilhelm der Grosse, died here last night. His death was caused by heart failure, following a recent attack of angina pectoris.

With Gaynor Before Shooting. New York, Aug. 17.—Meeting President and Mrs. Montt on the deck of the Kaiser Wilhelm der Grosse before she sailed, Mayor Gaynor expressed his pleasure that he was to make the voyage with them.

Soon after President and Mrs. Montt turned away James J. Gallagher shot the mayor. Senator Montt was deeply affected by the dastardly attempt. Political assassinations are not uncommon in South America. Hearing the shot, President Montt made a hasty motion to draw a pistol. He sent to Mayor Gaynor a wireless message expressing profound sympathy and the hope that he would recover.

Senor Montt, with his wife, sister-in-law and a suit, including a physician, arrived here on the steamer Tagua from Colon, Panama, two weeks ago tomorrow. They had sailed from Valparaiso to Panama on the Chilean warship Esmeralda. Senor Montt was in bad health, suffering from angina pectoris, a nervous affection of the heart. He was on his way to Bad Nauheim, a watering place in Hesse, Germany, to take the cure.

While here Senor Montt and his party visited President Taft at the "summer capital," Beverly, Mass. Pedro Montt became president of Chile on Sept. 18, 1906, and his term extended to 1911.

His father, Manuel Montt, was president of Chile from 1851 to 1861.

NO OPERATION TODAY.

Mayor Gaynor's Surgeons Will Delay Removal of Bullet.

New York, Aug. 17.—No operation for the removal of the bullet from Mayor Gaynor's throat is contemplated for today according to the physician in attendance, although reports were insistent last night that such an operation was scheduled. This was strengthened when it became known that a special set of instruments had been sent for and that the doctors had agreed to meet for their daily consultation several hours earlier than usual.

The wounded mayor's condition continues to steadily improve. The mayor is now able to sit up in bed and read. His first book, selected at random from the hospital library was "Happy Hawkins."

CENSUS TO COST \$15,000,000. About 65,000 Out of 70,000 Enumerators Have Been Paid.

Washington, Aug. 17.—The census of 1910, the thirteenth since the organization of the government will cost between \$14,000,000 and \$15,000,000. Congress has already appropriated \$12,000,000 for the work. At the census bureau it is believed that a deficit of about \$3,000,000 will have to be provided for. Of the 70,000 enumerators, about 65,000 have been paid and the remainder are being paid off as fast as vouchers are received. For work done by 57,529 enumerators \$3,706,033 has been paid.
