Catarrh Sufferers

GOOD THING TO KNOW.
If you now own a Hyomel hard rubber inhaler G. W. Pell wants you to know that he will sell you a bottle of HYOMEI for only 50 cents.

Remember this, all who suffer with catarrh—a bottle of HYOMEI (pronounce it High-o-me) is put up in a separate package and sold for 50 cents, to accommodate the vast army of people who already own a Hyomel inhaler.

G. W. Pell will sell it to you at that price and give you the opportunity to begin at once to rid your self of vile catarrh and the sniffling, hawking and spitting that go with it.

Many people through years of neglect have let catarrh get a strong hold upon them. Some of these people unreasonably think that one bottle of HYOMEI ought to cure them.

No matter how chronic your catarrh troubles, HYOMEI is guaranteed by G. W. Pell to cure them if you give it half a chance. Just breathe it, that's all, and its healing, soothing, antiseptic properties will make you feel better in a day.

If you own an inhaler get a 50 cent bottle of HYOMEI at G. W. Pell's today. If you do not own a Hyomel Inhaler, ask for a \$1.00 outfit, which includes inhaler.

BOARD OF TRADE MEETS.

The November session of the Greater Honesdale Board of Trade was held last Friday evening in the city hall. The meeting was called to order for the reading of the minutes of the last regular meeting. They were approved as read.

First in order of routine business was the reports of the different standing committees.

Neither the Site nor Legislative chairman offered reports.

Under Mail and Transportation, a communication from J. C. Stuart, vice-president of the Erie railroad, was read. There being no Erie morning train entering Honesdale, the management of that company was communicated with concerning placing a car for carrying passengers on the morning way freight from Port Jervis to Honesdale. Vice President Stuart, in his letter to the Board, stated that, after the suggestion had been given careful consideration, it was thought little or nothing would be gained in the way of accommodations to the people of Honesdale, as the freight was irregular at best. Also that the company has had some bad accidents due to hauling passenger cars in freight trains, and it is contrary to its policy to do this. For these reasons, the writer claimed, the company is unable to carry out the suggestion.

There was no report forthcoming from the finance committee.

F. F. Kimble, who is chairman of the same, stated that the Board could finance a proposition for the erection of several houses, each costing in the neighborhood of \$1,800. A communication from W. L. Lawrence, real estate agent for the Delaware & Hudson railroad, concerning a plot of ground back of Ridge street, was read. Mr. Kimble suggested that a committee be appointed to wait upon the D. & H. company to secure the plot on Ridge street for building purposes.

The chair appointed Mr. Kimble and J. Adam Kraft to wait upon Mr. Lawrence concerning the matter.

A communication from a New Jersey concern was read and referred to the finance committee.

A proposition from one of Honesdale's small industries was discussed, and it also was given to the finance committee for disposal.

M. E. Simons brought to the attention of the board the necessity of a footbridge over Park lake at the intersection of Dyberry Place and East Park street. He claimed it would accommodate a large number of up-town people who work in factories on Industry Point and who are now compelled to walk from six to eight blocks out of their way to get to their work. He suggested as a procedure that a petition be presented to the court and be treated the same as a county bridge. On motion of Mr. Simons, seconded by Mr. Kimble, the proposition of placing a bridge across Park Lake at Dyberry Place, was referred to the Street and Highway committees, with the recommendation of the board of trade, that said committee circulate a petition to have the matter presented before the court according to law.

On motion bills amounting to \$87.99 were ordered paid.

The meeting adjourned at 9:30, to assemble again December 9, at 7:30 sharp.
