Old residents of Steene say that it was never known to freeze over before.

Quite a few of our townspeople are laid up with la grippe these cold days.

An empty brain, and a tattling tongue are very apt to go together; the most silly and trivial items of news or scandal fill the former and are retailed by the latter. Gossip tending to have the eyes of an Argus, has all the blindness of a bat. News hunters have great leisure, with little thought; much petty ambition to be thought intelligent without any other pretension than being able to communicate what they have just learned. Tale-bearers are just as bad as tale-makers. There are always confessions either of malice or imbecility, and the young should not only shun it, but by the most thorough culture relieve themselves from all temptation to it. "Behold how great a matter a little fire kindled."

The following are the names of pupils who were present every day of the third month at the Union school: Gustis Decker, Mary Decker, Charles

"Happy And Expectant Christmas Look" Much In Evidence—Rebekah Lodge Officers Installed—Postoffice Building Needed—Other Breezy Notes.
Special to THE CITIZEN.

Hawley, Pa., December 14.—The stores have all put on their holiday attire, and so inviting are the window displays, and so varied the articles from which to choose, that one has no excuse to seek other towns to purchase their Christmas gifts. The stores are daily thronged with shoppers. Nearly every face wears that seasonable happy and expectant look.

District Deputy Miss Eleanor Gill visited Rose Rebekah Lodge, Saturday evening, at installed the following officers for the ensuing six months: Noble Grand, Stella Spyster; vice grand, Mrs. Posten Cross; chaplain, Mrs. Albert Blossom; Past grand, Miss Henrietta Buck; conductresses, Miss Thielke and Miss Schilling; inside guard, Mrs. Brink; outside guard, Mr. Knesel; financial secretary, Mrs. Caruth; recording secretary, Miss Gussie Williams.

The new bank building is enclosed. Graham Watts & Son, who received the contract for heating and plumbing the building, with their plumber, Theo. Diabler, and force of helpers, are pushing the work rapidly. A new Richmond boiler has been installed, giving out heat, which makes it more comfortable for the workmen. It is expected the bank will be opened for business on January 3.

Mr. Vandermark, ex-Sheriff of Pike county, has been the guest of his son, Norman and family. He was accompanied to his home at Milford by his daughter-in-law, Mrs. Norman Vandermark, who will make an extended visit there.

The High school is making extensive preparations for an athletic carnival to be held some time after the holidays. The military drill will be a special feature.

Miss Edith Freed, teacher of music in the High school, recently sprained her ankle, while playing a game of basketball. She was only absent from her work a few days, being conveyed to and from the school in an automobile.

William A. Quinney, who went to Scranton Tuesday morning to consult with Dr. D. A. Webb, a distinguished surgeon and specialist in diseases of the stomach, returned Saturday afternoon, much encouraged by his physician who advised a treatment for a time, which will probably obviate the necessity of an operation.

Peter Anger is the new proprietor of the H. J. Lobb confectionery and ice cream emporium, in the Schardt block, on Main Avenue, the transfer having taken place on Wednesday. Mr. Anger will also have fruits for sale.

Mr. Oschman, an electrician, while at work in the new bank building Friday, about noon, slipped and fell against a barn, breaking three ribs. With much difficulty he managed to reach his home on Barker street. Dr. G. T. Rodman was called and gave the case medical attention. This is very unfortunate for Mr. Oschman at this busy season, as he has several buildings to wire, and, being a pianist of much skill, to be the musical director of the Hippodrome, which expects to open up at an early date. Since there is such a demand for the apparatus used in wiring buildings, it is difficult to obtain supplies as fast as required, and when the accident occurred he was engaged with the electrician, who is wiring the new bank, in dividing these supplies.

The Order of the Eastern Star are preparing for a reception of the District Deputy Grand Matron who will visit the chapter December 16.

On Wednesday afternoon, the Ladies' Aid of the M. E. church will meet with Mrs. Cross at the Eddy. This same date, beginning at 5 p. m., the ladies of the Presbyterian church will hold a candy and apron sale at the home of Mrs. R. W. Murphy.

The St. Philomena's parish is busy preparing for a fair which will be held in the basement of their church from the 26th to the 31st of this month. There will be a literary and musical program each evening. The members of this parish are royal entertainers, and the public may be assured of a joyous time. The display of articles will be so numerous that each one may find his or her choice.

Charles Teeter, who represents the Scranton Life Insurance Co., was doing business in town the latter part of the week.

The business of the Hawley post-office has become so enormous that it is becoming almost a necessity to have a new postoffice building. U. S. Assistant Superintendent E. M. Norris, of the Postoffice Department, was here on Friday last, and viewed the situation. The result was the assurance that the matter would be given due attention.

The Seelyville Basketball team will hold a dance at the Fire Company's hall on Friday evening. 2t

At The Lyric All Next Week.

Next week, starting Monday evening, Mr. Chas. K. Champlin and his carefully selected company of thirty people will appear at the Lyric.

Mr. Champlin, who has always been in the front rank in the popular priced field, has more than kept pace with the growing task of the theatrical public and has surrounded himself with the very best artists that the theatrical world affords and the greatest line of plays that money can secure.

This is not a repertoire company, but an organization of merit. The highest salaried gathering of the most clever actors and actresses who have ever appeared at popular prices, and Manager Dittrich should be congratulated on having secured this wonderful company to play Honesdale for a week and the people should appreciate the good fortune and give their patronage that Manager Dittrich so richly deserves—a packed house every night.

A different play will be presented every night and every play will be staged with all the necessary stage accessories, including scenery, electrical and mechanical effects, as Mr. Champlin and his company travels with a special passenger coach and a 60-foot baggage car full of the most beautiful scenery and electrical effects, for Mr. Champlin's list of plays are ones that have always played at \$1.50 prices and have never before been seen at popular prices.

Mr. Champlin has been able to secure such strong plays as "The Powers That Be," "Shore Acres," "The Arizona Limited," "At Piny Ridge," "The Walls of Jericho," "The House of a Thousand Jewels," and great credit is due Mr. Champlin for presenting those plays to the Honesdale theatregoers at such small prices, and Manager Dittrich is confident that when the theatregoers witness the performance on Monday night that they will go out and say that it is the best stock company ever seen at these prices.

The play for Monday night is "The Powers That Be." This play is a strong drama of politics. It depicts a struggle against the insidious influences of a hypocritical capitalist. It has some very strong scenes and climaxes, especially at the end of the third act when a torch-light parade headed by a drum corps is seen coming down the aisles of the theatre. This is one of the most realistic scenes ever produced in a theatre.

Death of Mrs. M. Bissel.

Mrs. Margaret Bissel, aged 68 years, was found dead on the floor of her kitchen at her home in Seelyville, where she lived with her daughter, Mrs. Edward Gill, Tuesday morning, by Raymond Harnby. While her daughter was out, Mrs. Bissel had evidently tried to remove some flower pots to the floor above, and while thus engaged was stricken on her forehead. She is survived by one daughter, Mrs. Gill, and one son, Frederick. Funeral services will be held Friday afternoon at 2 p. m., Rev. C. C. Miller, officiating. Interment will be made in Glen Dyerberry cemetery.

Good Roads.

Don't drag much earth on the road at one time when using the King drag.

Don't permit shoulders to form on the sides of the roadway.

Don't forget that most important requisite of a good road—drainage.

Don't neglect to prepare the roadbed for proposed repairs.

Don't neglect the crown of the road; keep the centre always higher than the sides.

Don't use stone in making repairs to an earth road or earth in repairing a stone road; always use the same material the road is made of in repairs of any kind—holes, ruts, washouts, etc.

Your Christmas Shopping Should Be Done Early.

Are You Planning for To-morrow?

No man ever accumulates a fortune unless he has the habit of making sacrifices today in order that he may have something to work with to-morrow.

The small amount that you are able to save every week may appear very small, but in time systematic saving, with the aid of 3 per cent. compound interest, will give you some substantial capital as a basis for investment or to live on when you can no longer work and earn.
