# How's Your Stomach?

Undue enlargement of the stomach indicates a dangerous condition. It is often caused by overeating and drinking. The muscles which propel the food to the intes-tines become weak. The food accumulates, is improperly digested, and the stomach is distended to enormous size. An inactive liver is one of the causes, and constipation and nerve trouble is sure to result.

## BUNKO GAME DIDN'T WORK.

#### Youth Wanted to Take Jewels and Have Woman "Examine" Them.

Indianapolis, Ind., Dec. 22.-Gordon Scott, twenty-eight years old, a well dressed young man, who said his home was in Philadelphia, was arrested here for loltering. Scott found a man who was acquainted with J. C. Sipe, jeweler, and had him go to Sipe's store with him and introduce him. Scott then told Sipe that he was stopping at the Plaza hotel and that he wanted to get some diamonds for a woman who was ill at the hotel. He picked out several diamonds worth about \$500 and asked that Sipe bring them to the hotel in the morning.

Sipe took the diamonds to Scotts room at the appointed hour. Scott opened the door and told him that the woman was dressing and that ne could not come in, but that he would take the diamonds in and she could make her choice and that Sipe could wait out in the hall. Sipe told Scott that he could not work any game like that on him and sent for detectives, who arrested Scott on a charge of loitering pending an investigation. They were unable to find any woman in the room;
