In Memoriam.

Our darling little Moras
Now sleeps beneath the sod,
He has crossed death's sea before us,
Let us follow on to God.

Off the loving hand of Jesus
Plucks from us the fairest flower;
And because he loves His children,
Bears them from the tempter's power.

May we gladly learn the lesson,
Christ in love would teach,
And with joy accept the blessing
That He hath in store for each.

And you unconverted parents
Give your hearts to God, I pray,
For on earth there is no other
That can take your grief away.

Then with an eye of faith you'll see
Through all this mist and gloom
A day when with your boy you'll be
Triumphant o'er the tomb.

When Christ shall sound through
all the earth
The trump of God, Most High,
And all His sleeping saints come
forth
To meet Him in the sky.

Contributed by Orpha Swingle in loving remembrance of Moras H. Treslar, only son of Byron and Mary Treslar. After a two weeks' illness with rheumatic fever little Moras quietly fell asleep. Interment was made in Hamlin cemetery Thursday, February 9. The many friends and neighbors extend to Mr. and Mrs. Treslar their sympathy.

Mrs. James Swingle, who for the past year and a half had been in failing health, and for the past month has been in Dr. Burns' Hospital at Scranton, returned to her home last Thursday on the road to health. She is still very weak, but is gaining right along, and nothing else setting in, will be herself once more. For all this we are profoundly thankful to Him who doeth all things well. Her smiling face brings cheer and blessing in her home, and again we say, all praise to Him from whom all blessings flow.

Death Of Richard L. Oliver.

Richard L. Oliver, Tyler Hill, passed away at his home on Thursday, January 26, at noon. Mr. Oliver had

been more or less helpless and partially confined to the house since a paralytic stroke some eight years ago. He met his affliction bravely and patiently all of this time. During the last few months he failed rapidly until the end came on the twenty-sixth.

The deceased was born just outside of Honesdale on August 19, 1836. His parents, Richard and Hannah (Doney) Oliver came from England about eighty years ago and settled in Wayne county. The surviving children, who are brothers and sisters of Mr. Oliver, are John S. Oliver of Tyler Hill; Luther H. Oliver, of Damascus, Edward Oliver, of Los Angeles, California, Mariah Grant and Jane Blake, who reside in Potter county, this state. Grace, who was Mrs. William Pethick, died several years ago and Elizabeth, the other sister, died in youth.

Richard Oliver spent the greater part of his life in Wayne county. As a boy he lived at Cherry Ridge, where his parents moved, until 1875 when he came to Tyler Hill. In 1859 he married Anildica Tyler.

Together with his brother, John, Mr. Oliver followed the trade of carpenter and millwright and almost every building in the vicinity of Tyler Hill is an example of their workmanship. He was a member of Delaware Lodge, No. 561, of the Masonic Order and had been a member of the Damascus Baptist church for about 45 years. No More Catarrh

G. W. Peil Has a Guaranteed Cure That Has Stood the Test of Time.

Catarrh cures come and catarrh cures go, but HYOMEI continues to cure catarrh and abolish its disgusting symptoms wherever civilization exists.

Every year the already enormous sales of this really scientific cure for catarrh grow greater, and the present year will show all records broken.

If you buy a HYOMEI outfit for \$1.00 and hide it in a dark cupboard it won't cure your catarrh.

If you breathe it daily as directed it will cure your catarrh or it won't cost you a cent. Ask G. W. Peil.

If you have a hard rubber Hyomei inhaler somewhere around the house, get it out and start at once to forever rid yourself of catarrh.

G. W. Peil will sell you a bottle of HYOMEI (liquid) for only 50 cents; start to breathe it and notice how quickly it clears out the air passages and makes the entire head feel fine.

HYOMEI used regularly will cure catarrh, coughs, colds, bronchitis or sore throat. A complete outfit including a hard rubber pocket inhaler costs \$1.00. No stomach dosing. Just breathe it. It kills the germs, soothes and heals the inflamed membrane.

Social Events Galore.

Hawley, Pa., February 14.—Life in Hawley, during the past week, has been just one pleasant thing after another, beginning on Monday night with a surprise party tendered Mrs. Mary Warg in honor of her sixty-seventh birthday. A very delightful time was passed. Tuesday evening a jolly crowd of young people made merry with their friend, Sylvia Rodman, at the home of her parents, Dr. and Mrs. G. T. Rodman.

Wednesday afternoon and evening the ladies of the Methodist Aid society, with their husbands and invited friends, gathered at the parsonage and enjoyed a good, social time. A very toothsome supper was served to nearly one hundred guests. This is an annual affair, the one meeting of the year that the presence of gentlemen is specially requested.

At "Dreamland" for a three-night engagement were the famous Klein sisters who won storms of applause by their graceful dancing and catchy songs. They were greeted at each performance by a full house.

Thursday and Friday nights the "Hippodrome" presented a Scriptural story picture, "Life of the Great Law Giver, Moses," in five reels, which was very impressive and interesting.

The attractions for the week are many and varied. Tuesday night the Y. P. S. of the Lutheran church give a supper and apron sale in the I. O. O. F. Hall. This society is composed of wide-awake, progressive young people with a membership of eighty. Miss Anna Hausman is their president.

The J. L. Tempest Dramatic Co. will be at the Standard Theatre the entire week. They proved pleasing entertainers when here last year, and no doubt will receive a hearty welcome. Prices, 10, 20 and 30 cents.

Mrs. James Stevenson's Sunday school class will have a conundrum social in the League room Wednesday night. Price of admission 10 cents. Refreshments will be served.

Friday afternoon in the League rooms the League will have a cake sale.

Better Than Robins!

Signs of Spring noticeable on our streets are boys playing marbles, farm buyers, and automobile agents.

Home Ames returned from Scranton Friday, with a new auto, accompanied by the sales agent, who is coaching him in the art of driving his machine.

Emmons Peck, owner of a large lumber tract at Uswick, came from Scranton on Wednesday with his newly-purchased 42-horse power, five passenger Elhart car propelled by Arthur James.

George Dunn, who has been away on a two months' sojourn, with a sister in Owego, and brother, William, at Beach Lake, has returned home very much improved in health.

Mrs. Posten Cross has been visiting her son near Middletown. She was also at Shohola, making arrangements for her future residence there.

A baby girl arrived at the home of Morris Skier on Penn Avenue February 4.

The A. F. G. C. U. gave a dance in the Maennerchor hall Friday night. A handsome cut glass jug was given as a door prize. Mr. Loveless was the lucky winner.

Mrs. Chamberlain and Mrs. Asher Pelton, Lackawaxen, were week-end visitors in town.

On February 24th the ladies of the Presbyterian church will hold a Kaffe Klutch at the home of Fred Paepel. They will begin serving supper at 5:30. Price 20 cents.

Oliver Locklin and family, Lakeville, spent Sunday at the home of L. Phillips.

Roy Male, New York city, and sister, Grace, Cornwall, N. Y., with their friends were guests of their parents, Isaac Male and wife, of the East side, Sunday and Monday.

George Peterson has moved from Wilsonville to his farm at Kimbles. Will Kinney contemplates moving from Hawley into the rooms vacated by Mr. Peterson.

Walter Keesler, Tafton, who has been confined to his room, is not much better.

John McDonald, who cut his hand badly at the box shop, is not yet able to resume work.

Mrs. Frank Miller of the East Side, is very ill with rheumatism.

P. J. Keary has secured the necessary signatures to have his name placed upon the ballot for the nomination of county commissioner on the Democratic ticket.

The Technical meet in Scranton will be a special event of the season as it is the first of the kind ever held in that city under the management of the Amateur Athletic Union. Close competition is expected as many valuable prizes are offered to the winners. Among the competitors in the three-mile Marathon race is the name of Lester Carleton, Arlington, this county, formerly of Philadelphia.

"What's The Matter With Hawley?"

She's All Right!

While we doubt that Father Curran in his address at the County Temperance institute meant to cast a slur on the place of his birth, nevertheless it came out in some of the Honesdale papers that he "Confessed that he was born in Hawley and that they were called by the outsiders Bridge Dodgers and Canalers. The people of Hawley are becoming tired of being guded in this way as they have been overcoming these nick-names for several years by filling up the old canal with garbage and the like. It appears that of late some of the draymen and others do not get all of the refuse into the bottom of the ditch. Consequently the town council at their meeting on Monday night passed the following resolution: "That no person shall dump any garbage or any refuse on the banks of the Delaware and Hudson Canal slip now used as a dumping ground. All persons must dump garbage and all other refuse in the bottom of the old canal slip. Every person violating the provisions shall be liable to fine of not less than \$5 or more than \$25, etc."

The healthful location of the Hawley High school probably has something to do with the notoriety some of the pupils are gaining as athletes.

The Myers's New Way

TUBULAR GIRDER TRACK TANDEM ADJUSTABLE DOOR HANGER

PATENTED

The New-Way Hanger is adjustable to and from the building, and also to raise and lower the door; has flexible engine truck. All of the above features are very important, as they enable the user to adjust the door to suit every required condition. The lateral adjustment to and from the building permits using any thickness of door and allows it to be fit close to the building so as to prevent snow or rain from blowing in. The perpendicular adjustment permits the door being raised or lowered as required
