

THE COUNTY

HAWLEY.

[Special to The Citizen.]
HAWLEY, Pa., March 23.—Miss Frances Robinson left Monday morning for Laceyville where she will visit her parents.

Philip Sheeley, Lakeville, who had his arm crushed by being caught in the wheel of a gasoline engine last Tuesday, was taken to a private hospital at Scranton and had the injured arm amputated near the elbow. He returned here yesterday and will remain in town in care of a physician until the wound heals.

May Kiliam, Lakeville, was calling on friends here to-day while on her way to Honesdale.

Mrs. Simons and son, Walter, of East Hawley, went to the Electric City, for a brief visit to-day.

Monday evening an electric wire broke and fell onto the sidewalk on Church street between the Geisler and Ames residence, causing great consternation for a short time. There was the sound of an explosion and a terrifying display of electricity. It was carefully guarded until an electrician could be summoned.

From all directions one can see men with new dinner pails and axes over their shoulders bound for Wilkesville to work on the lumber lot for the Paupack Power Co. Mr. Healey came in from Scranton today to look after his interests at the above place.

Miss May Brink of the East Side, is entertaining a lady friend from the county seat.

J. R. Hause and R. Beesecker of Newfoundland, are doing business in town. They are stopping at the Reader Hotel at Scranton.

After a long agitation in regard to a strike for more pay the matter came to a focus on Saturday at the T. B. Clark glass works when the workmen made their demands to the manager, Mr. Osborne, for an increase of \$6 a dozen on bowls which we understand had been cut down that amount recently by the manager. The men were promised a reply on Monday at 9 o'clock. When they went to work Monday morning they found the building locked. Since then it has been learned that T. B. Clark & Co. have been negotiating with the Paupack Power Co. for the sale of the plant. This, it is claimed, is one reason for the shutdown.

William H. Guinn received a very encouraging letter from his daughter, Margery, who is at Saranac Lake. She is gradually improving and expects a permit from her doctors to come home in May or June.

Miss Mary Miller was substitute teacher for Miss Westbrook while she enjoyed the leave of absence granted the teachers by the board of directors recently.

The High school graduates this spring—seven in number—will visit Washington, D. C., and other points of interest. They are falling in line with other High schools that rightfully think this procedure more advantageous and instructive than the graduating exercises which will soon be a thing of the past. The class, with the help of the school, will endeavor to raise the needed amount of money to defray the expense of this trip. The directors should donate some of this amount which is certainly nothing more than fair.

Mrs. Henry Stone, who has been making an extended visit at Wilkesport, returned home on Monday. Her husband will be home next week.

Martin Reader says that the idea of promoting power by damming the Paupack river is nothing new. In 1880 a capitalist from New York city came to his hotel for the purpose of making an investigation of this noted stream and its wonderful falls. Mr. Reader accompanied him up the stream and they made quite a thorough investigation. Everything seemed favorable even at that time for something doing. The man returned to the city and in course of time returned to Hawley and made an effort to secure control of some portion of the stream but utterly failed in securing this, so the scheme was abandoned.

Thomas Burke, Scranton, was in town last Tuesday.
