—Judging from the advance sale of tickets for the Base Ball Minstrels at the Lyric Thursday, April 27, they will no doubt be greeted with a capacity house. All preparations have been completed and we are assured of a finished performance on Thursday evening. The production is being staged by Benj. H. Dittich, assisted by John Carroll and Jos. A. Bodie, Jr. The stage settings, scenically and in electric effects, will surpass in splendor many of the professional attempts made here. The vaudeville acts are all new and clean cut, each one being a feature in itself. The entire company will be composed of about forty people, being above the usual number of performers in similar productions. Help Honesdale to have a good base ball team this summer by purchasing a ticket or two for this performance.

—Not many years ago it was thought anybody could be a farmer but now it is quite thoroughly understood that only scientific farmers are successful. The art of planting and caring for trees is undergoing the same transformation. The school directors were very wise in the planning of their school grounds. They did not feel that they were competent to lay out the grounds and yet were not able to hire a landscape gardener. There are few people who can tell what kind of trees are best adapted for certain places and why other ones are better in some other corner. Bernard M. Rifkin is an authority on the subject. If you fall to hear him you are doing yourself and the town an injustice. His lecture at the High school next Friday night will give you much information on this timely topic. The lecture will be illustrated by many views prepared by a master hand for this special purpose.

**A PROCLAMATION**

To The Citizens of Honesdale: Cleanliness is next to godliness. The general prosperity of a community can be judged on this basis but notwithstanding strenuous efforts by the authorities, the Ladies' Improvement Association, and the Board of Trade, this can not be successfully accomplished and the Maple City sustain its reputation as a clean and beautiful place unless every man, woman and child, resident and transient, lends aid and assistance. By cleaning and disinfecting your cellars, by cleaning and beautifying yards and surroundings, you not only make this a model town but create an incentive for such work in every enterprising visitor who observes it.

The first week in May has been suggested for the purpose of maintaining a clean, healthful borough.

I, John Kuhnach, Chief Burgess of the Borough of Honesdale, do proclaim the week beginning May 1, 1911, to be designated as clean-up week and call upon every man, woman and child to co-operate with the civil authorities in this laudable undertaking.

JOHN KUHBACH, Chief Burgess.

**Read This Letter**  
from the  
**JACKSON MOTOR CO.**  
**To Mr. E. A. DORFLINGER, White Mills**  
It will show you that the 1911 model Jackson cars which have been advertised in Scranton papers at 1-2 price by the GORSON Automobile Co., of Philadelphia, are absolutely fakes.

Mr. E. A. Dorflinger,  
White Mills, Pa.  
Dear Sir:—  
In reference to the advertising being run by the GORSON AUTOMOBILE CO. of Philadelphia, where they advertise 1911 Jackson cars, we wish to assure you that this is absolutely a fake and that there is no truth whatever in the statements which they make. The facts of this case are that they never had any correspondence with the JACKSON AUTOMOBILE CO.; never bought any cars from them and these machines that they have were purchased from the FULLER BUGGY CO. and were made up from scraps which the FULLER BUGGY CO. had left over last year when they decided to discontinue making automobiles. Any one who examines these cars closely will discover at once that they are assembled from a scrap pile as practically every engine is different and there are no two cars exactly alike. The FULLER BUGGY CO. had quite an accumulation of this junk and rather than throw it away they had the opportunity of making it up into cars and selling it to GORSON. GORSON is taking advantage of the fact that MR. G. A. MATTHEWS is a large stockholder in both the JACKSON AUTOMOBILE CO. and FULLER BUGGY CO. and also of the fact that the JACKSON CO. did make cars last year similar to the cars made by the FULLER CO.  
We would say however, that any one who purchases one of these cars will get badly stung because, as stated above, they are made out of scraps and have no guarantee whatever attached to them. The JACKSON CO. will prosecute GORSON for advertising these cars as JACKSON'S as they are certainly misrepresenting this matter. THE JACKSON AUTOMOBILE CO. HAVE NOT ANY SURPLUS STOCK and you need not be alarmed that they ever will have. They are one of the best companies in business to-day and are very strong financially. They are also conservative and will never manufacture more cars than they can dispose of at regular list prices.  
Very truly yours,  
JACKSON MOTOR CO.

Although advertised as genuine, they are not Jackson cars. They are made from scraps.  
**Be Sure Your Car is a JACKSON**
