ONE YEAR ..... \$1.50—THREE MONTHS ..... 38c  
SIX MONTHS ..... 75—ONE MONTH ..... 13c

Remit by Express Money Order, Draft, Post Office Order or Registered letter. Address all communications to The Citizen, No. 503 Main street, Honesdale, Pa.

All notices of shows, or other entertainments held for the purpose of making money or any items that contain advertising matter, will only be admitted to this paper on payment of regular advertising rates. Notice of entertainments for the benefit of churches or for charitable purposes where a fee is charged, will be published at half rates. Cards of thanks, 50 cents, memorial poetry and resolutions of respect will be charged for at the rate of a cent a word. Advertising rates on application.

The policy of the The Citizen is to print the local news in an interesting manner, to summarize the news of the world at large, to fight for the right as this paper sees the right, without fear or favor to the end that it may serve the best interests of its readers and the welfare of the country.

FRIDAY, JULY 14, 1911.

### THANK GOODNESS.

The worst part of the heat wave is over. According to the weather prophets brisk northwesterly winds with possible showers will be the order of the next few days and then it is expected that the temperature will be normal again. We hope that the weatherwise are right. Honesdale has been very fortunate during the recent spell in that no fatalities were recorded as due directly to the hot weather. May such good fortune continue.

### A CURE FOR SNAKE BITE.

The snakes, because of the drought these days, are driven out in search of water and persons camping in the woods and clearings and fields near the woods should be on the alert. If by chance a person should get fanged it is well to know a cure and if one follows the directions here given fatal results will not follow the fanging.

Permanganate of potash, not whisky, is the remedy for snakebite. No yarn has done more harm than the yarn of whisky cure. There is nothing worse for snakebite than alcohol in any form. If a man who has been snakebitten wishes to develop a severe case of poisoning, let him drink whisky. Its effect is frightful. It excites the heart and drives the poison through the system.

In a case of snakebite take a stick with a string attached to it, a tourniquet. Tie this tightly round the limb or body above the bitten place. Apply permanganate of potash and wet it; spittle will do if nothing else is available.

Permanganate of potash cures all kinds of poison bites.

### THE MONUMENT PROJECT.

The enthusiastic support awarded the plan for erecting a monument to the Stourbridge Lion and Horatio Allen is a great encouragement to the able committee in charge. As an example of what other papers in other places think of the project we quote a few lines from the Personal and Pertinent column of the Scranton Times as follows:

"I am greatly pleased to be able to announce the earnestness and interest that our neighbors of Honesdale, across the Moosic Highlands, are displaying in their plans for a monument to Horatio Allen on the spot from which he started on his trip with the Stourbridge Lion on the eastern end of the Delaware & Hudson's gravity railroad—the first trip ever made by any steam locomotive in America. That is truly one of the historic events that should have fitting and permanent memorial. The committee members number a very large proportion of Honesdale's most prominent men in every walk of life. Every railroad in the United States will be invited to contribute towards making this monument, marking so epochal an event in modern transportation, a worthy one; and there can be no doubt of suitable response from all.

### GRANGE NEWS

Champion Grange, No. 1062, held a regular meeting Saturday evening, June 24, at which there was a much larger attendance than usual which is very encouraging.

A fine sum of money was turned over to the treasurer from the dance held on the evening of Memorial Day.

John Yepson was elected to membership and will be introduced to the "goat" in two weeks.

The new hall which the members have been contemplating so long, is very much needed and is the object we are so earnestly working for.

An appeal from St. Lawrence Grange was read and it was decided to contribute to the worthy brother who was so badly afflicted.

The young ladies are anticipating a ride in the handsome new buggies recently purchased by Lee Erhardt and Martin Yepson.

Margaret Tamblin, who has been at Johnstown, Pa., learning the milliner and hair trade, is at home for three months.

Fred Knorr, our hustling butcher, has bought of Levi Penwarden of Carley Brook, forty-three two-year-old cattle; these he butchers at home and sells at Honesdale to which place he peddles five days each week.

Mrs. Henry Grossman has been

appointed correspondent for this grange.

Beech Grove Grange, No. 1098, is one of the active granges of our county.

On May 17 the birthday of Miss Addie Jennings was celebrated by a postal shower, and at Grange that evening by speeches and dainty refreshments. Miss Jennings is one of our charter members and has ever been a loyal member, having served one year as Master of this Grange.

June 21 an open meeting was held at which J. W. Welch of Rock Island, Ill., gave an excellent talk full of inspiration for the farmers of to-day. Mr. Welch is a personal friend of our Secretary of Agriculture, James Wilson, and has watched the development of that department, and says he almost believes that it is now the greatest department of the national government.

On June 28 an ice cream and strawberry social was held at the hall. A large number of people attended and a pleasant social evening was spent together. About twenty dollars was realized.

E. E. Kinsman, the efficient Worthy Lecturer of Pomona Grange No. 41, is the correspondent of this Grange.

Salem Grange, No. 965, at the last regular meeting, gave the third and fourth degrees to Clara Chapman.

A contribution was made to a worthy brother of St. Lawrence Grange, who has been sorely afflicted by sickness and misfortune.

A committee of three sisters was appointed to devise some means of giving expression to our sympathy and to alleviate if possible the sufferings of our dear sister Williams in her affliction.

Mr. and Mrs. Burkhart and Mr. and Mrs. Frank of Madison Grange, were present and presented the matter of a union picnic and entertainment to be held at Madisonville at which Salem Grange and Sterling Grange were solicited to participate with Madison Grange. After a short discussion the matter was postponed until our next meeting.

At the close of the meeting quite a number of the members partook of refreshments in the lower hall where the Salem L. T. L. were serving.

Every Grange in Wayne county is urged to send news of their meetings to the county press correspondent, F. L. Hartford, Callapoosie, Pa. Write proper names very plainly and write on one side of paper only.

### INDIAN ORCHARD.

[Special to The Citizen.]  
INDIAN ORCHARD, Pa., July 13.—The Fourth passed off pleasantly at this place. The heat was intense but all who attended the Grange picnic seemed to enjoy themselves. The evening attendance was the largest in the history of this Grange. Load after load of boarders arrived yesterday at the lake. Liveryman Spry has added another three-seated canopy top wagon to his outfit.

O. D. Henshaw and Laura Ham furnished music for dancing at Wm. Ives' hall at Beachlake. William DeReamer, White Mills, furnished music for the Grangers.

Miss Alma Schuler, Honesdale, was a welcome visitor among her many friends at this place.

William Stephens, Beachlake, is assisting J. W. Spry at hoeing and haying.

Leo Bunnell, Scranton, is spending his vacation with his parents, H. H. Bunnell and wife, at the Almshouse.

Mrs. Emerson and daughter, Myrtle Stone, Endicott, N. Y., are spending several days with her brother, A. M. Henshaw.

The farmers are all busy at their haying. The crop is not a large one.

George Ham, wife and daughter, Mary, took a drive along the Delaware recently. They were greatly taken up with that part of Wayne county.

Ray Bayly and family, East Honesdale, spent the Fourth with the former's parents, Mr. and Mrs. R. E. Bayly, of Sunnyside farm.

J. W. Hiller, our busman, is loaded down with passengers and parcels each trip.

Joseph Swartz, who is assisting Mr. Robinson at well digging, spent Sunday with his family here.

Fred Swartz and wife, Honesdale, spent Sunday with the former's parents.

The passing automobiles favor us with great showers, not of rain, but of dust.

Kathryn Wagner, Chester Maloney and family and Francis Weeks and family, Honesdale, spent the Fourth with relatives and friends here.

Mrs. Edward Rice, White Mills, was a recent visitor at the home of her parents, Mr. and Mrs. P. L. Braman. Bert Dain and family, Deposit, are visiting at the home of Richard Ham.

Ray Wall, Hawley, was a business caller here last week.

John Pining, Beachlake, was a pleasant caller at the Altoona Farm on Sunday.

Miss Elizabeth Corcoran, Torrey, was a visitor at Andrew Maloney's on the Fourth.

W. H. Marshall and wife attended

### Gassy Stomach

QUICK RELIEF AND COMFORT.  
MI-O-NA is a prescription of a noted specialist, and for quick relief and permanent cure of all stomach ailments, no better prescription was ever written.

MI-O-NA not only builds up and puts strength and elasticity into the stomach, but it is a splendid tonic that puts rich, red blood into the veins, and vim, vigor and energy into the whole body.

If you suffer from headaches, dizziness, biliousness, constipation, inactive liver, nervousness, sleeplessness, foul breath, heartburn, shortness of breath, sour stomach or depression, try MI-O-NA stomach tablets.

If they don't do you the world of good G. W. Pell will give your money back.  
A fifty cent box will put the stomach of the ordinary dyspeptic in fine shape. For chronic cases more may be required.

the funeral of their aunt, Mrs. William Varcoe, Girdland, to-day.

R. E. Bayly lost his family horse on the third inst. Death was caused by the intense heat.

Willis Hector, East Berlin, is handling the reins over lumber merchant Barnes' team.

Mervin Gavitte, Beachlake, began work for J. W. Spry today.

### THE SUMMER BOARDER

Boarders are flocking into Wayne county, especially at Beachlake. H. D. Wood has had several boarders since May 30 and now the annex, consisting of thirteen large rooms, is filled, making a full house. Mr. Wood is entertaining distinguished guests in the personage of Captain Davile of the New York Police force, and Dr. Marshall of the revenue department of the metropolis. Both gentlemen have shipped their yachts to Beachlake for their amusement.

This county has other counties in the state and New York beaten to a frazzle when it comes to scenery, drives, water and spring lakes. The country folks are fast becoming educated along this line and realize the advantages Wayne county has over her sister counties. The people living in rural districts who are blessed with a fine lake or pond upon their premises can make their place very attractive by little or no expense. Boats can be launched upon the lake, stumps, if any, removed and the farm house given a coat of paint. This does not necessarily have to be accomplished in one season, but improvements can be made when convenient to the prospective taker of summer guests.

Honesdale, with its many beautiful surrounding hills, has many ideal sites for large summer hotels. A magnificent view is obtained from Irving Cliff and Bunnell's lake is within five minutes' walk therefrom. Privileges could be obtained from its owners for boating and bathing for summer guests. There are several acres of land nearly on any of the hills that can be obtained for a public links and kept for the boarders. Tennis courts could be laid out and artificial lakes made.

While in conversation with one of Honesdale's leading contractors, recently, the latter remarked that in another year he hoped to do something along this line. The question arose, why wait another season, commence now to lay plans.

## OUR BOYS ONE OF THEM

EDITED BY  
ONE OF THEM

The scouts realized \$97 from their benefit entertainment at the Lyric last Friday evening. There were over 1,200 paid admissions.  
Seven boy scouts hiked over the Moosic to Carbondale last Tuesday morning, leaving Honesdale at 5:30. They were met at the Pioneer City by Assistant Scout Master Ray Dibble. All returned Wednesday morning on the Delaware & Hudson train. The party consisted of Clarence Bodie, William Miller, Earl and Ralph Transue, Carl Bullock, Mortimer Stocker and Walter Robinson.

Fourteen scouts experienced the hardest walk of the season on the Fourth, when they traveled to Carley Brook in the middle of the day. At that place they were instructed in the Indian method of preparing for a swim—a method that is believed to absolutely prevent cramps or distress. After the swim instructions were given in the use of fire arms. The return trip to Honesdale was made in 90 minutes.

## THE AMATEUR PHOTOGRAPHER

The Citizen, commencing with this issue, will reproduce from the pen of Frederick J. Haskin, taken from the Scranton Tribune-Republican, a few short chapters on "Color Photography." Mr. Haskin says:

"One of the most interesting and at the same time most baffling lines of research in which the scientists of to-day are engaged is the problem of finding a process whereby the true color values of nature may be captured with a camera, and made a matter of photographic record. When the principle of the photographic camera was discovered scientists thought it would be but a short step from the registration of light and shadow on plates to the correct reproduction of colors.

Experiments in that direction were begun a century ago, when Seebach obtained his first color impression upon a paper impregnated with moist silver chloride. But although various processes have been discovered which enable the photographer to catch some of the colors of an object, the attainment of the perfect reproduction of color in a photograph seems as distant to-day as when Seebach made his experiment a hundred years ago."

## Amateur Photographers' ATTENTION!

Have you tried our "Ensign" Film?  
It is one of the fastest working films on the market.  
We make a specialty of all kinds of amateur finishing.
