CANDIDATE For PROTHONOTARY

To the Republicans of Wayne County:—

Pursuant to the requests of my many friends in the county and the general understanding three years ago that I should again offer myself as a candidate for the nomination for Prothonotary at the coming primaries, September 30, I would state that after a short start by way of an education in the public schools of Wayne county, I completed a course at the A. M. Chisbro Seminary in Monroe county, New York. My post-graduate course was about thirty years in the school of hard knocks as a farmer and lumberman in Wayne county. Have met many people in the varied relations of a business man and this long experience has enabled me to meet many whom I esteem as my friends and gain at least enough knowledge to appreciate the needs and requirements of my fellowman. My aim has steadily been to deal

honestly, frankly and fairly with all and to dearly cherish all of our country's institutions, and to encourage and assist every true effort

to maintain and advance them. I invite the fullest investigation of my record and with pleasure refer you to the expression given at the polls by my home district three years ago as indicative of the feelings of those who know me best. Although always a resident and large taxpayer in Wayne county, I never asked for office except on the afore mentioned occasion when I was defeated by M. J. Hanlan who, though opposed to me, never, to my knowledge, said or did anything detrimental to me. I therefore earnestly request your support and promise if nominated and elected to faithfully perform the duties of the office to the very best of my judgment and ability and in all things observe the spirit of the Golden Rule.

Faithfully yours, WALLACE J. BARNES. 58w10
