For twenty-five years he con-ducted that popular hostelry, rebuild-ing the place on a larger scale, after it was wiped out by fire. Leaving Seelyville, Mr. and Mrs. Hartung went on a farm in Fortena, where they stayed nineteen years.

Five years ago last April they moved to the Maple City, where they have resided ever since.

"We can't complain any," they told a Citizen reporter, who called to congratulate them Friday morning "We are feeling the same as usual, only we are getting a little older. Boating in those days was a strenuous life. Fights were of common occurrence, in fact some of the boatmen were fighting pretty nearly all the time. Boats run day and night." said Mr. Hartung. "The Honesdale and Hawley boats kind of worked against one another like two political par-ties. We used to take coal to Roundout, N. Y., where it was loaded in barges for New York." Four daughters and two sons were born to bless their union. Three daughters remain and are living in Honesdale, viz: Mrs. W. J. (Kather-ine) Reif; Mrs. William (Barbara) Ferber; Mrs. William (Clara) Rettew.

BUSINESS MEN'S PICNIC.

Everybody is going to the Busi-ness Men's picnic at Lake Lodore August 2. The town will be deserted as nearly every merchant and storekeeper has signed the petition pledging that his store or place of business will be closed on that

It will be a family reunion. Carbondale merchants and their families will be there and unite in the pleasures of the day. Besides a number of Wayne county farmers, their wives and children will be there. It will be a big day and the Hones-dale contingent promises to take a big delegation.

HOLLAND DIES AFTER BEING STRUCK BY TRAIN.

Lorenzo Hollands, aged 50 years, whose home was at Honesdale, died at the Wellsboro station Thursday afternoon at 1 o'clock, three quarter of an hour after he had been struck by a New York Central train. accident occurred near Stokesdale Junction. Hollands, who had been in Wellshoro for several days was on his way to Slate Run. He was walking to Stokesdale junction. Before he reached there he laid down on a pile of ties to rest. When he heard a passenger train whistle he arose and started to walk across to look for the north-bound train, stepping directly in front of the southbound pas-senger train. The wheels of the engine, tender, and baggage car passed over him, but in spite of these injuries he was still alive when picked up and was rushed back to Wellsboro in the hope that his life might be saved. Hollands died, however, just as the train reached the station.

SURE OF SUCCESS.

A meeting of the finance committee of the Stourbridge Lion associa-

tion was held on Monday evening of this week at the office of Homer Greene, president of the association. All the members of the committee were present, viz: John D. Weston, Hon. E. B. Hardenbergh, S. J. Dorflinger, Hon. A. T. Searle and Homer Greene. Much enthusiasm was man-ifested by the members of the com-

mittee in the project for the erection of a memorial, and ways and means were discussed and plans formulated for interesting the railroads of the country in the proposition, as well as other corporations, organizations and individuals. It was realized by the committee that this is not the

work of a day and that in order to carry out the project to a successful completion the basis for it must be

carefully, broadly and substantially laid. The members of the committee will take up the work at once however, and carry it along as rapidly as a wise and conservative policy will permit. As one of the first and necessary steps in the cam-paign the committee authorized the publication of five hundred copies of a booklet prepared by Homer Greene, giving a brief history of the Stourbridge Lion and its engineer,

Horatio Allen, a description of the trial trip of the locomotive at Honesdale on August 8, 1829, and an out-line of the movement to erect a memorial in commemoration of the event. The committee is confident that the plan suggested by the pres-ident of the association can be fully and successfully carried out, and that a country-wide interest in the project, together with substantial back. aid can and will be secured. The where

movement is now well under way and each succeeding day will add to the certainty of its final and successful consummation.

FAIR NOTES.

LABOR GRANGE NEWS.

The Wayne county fair, will be six weeks earlier this year. Remember the date, August 14 to 17 inclusive. Special rates have been secured on the incoming trains to Honesdale, which will insure a big crowd from the Lackawanna valley.

Bring to the fair the best specimen of produce that you have. It may take first prize.

The races promise to be the best ever exhibited. The horses will come to Honesdale before going on other tracks. This will keep the lovers of the equine beauty guessing as to speed and class. A horse race at the county fair this year will be worth witnessing.

Have you decided to enter the hitch race? If not, \$10 can be earned no easier than trying to take the horse once around the track. horse once around the track. A second prize of \$5 will also be award-
