The United States is the wealthiest country on the globe. In 1889 Mulhall estimated that its wealth was \$13,000,000,000, or \$65,000,000,000, while that of Great Britain was \$9,500,000,000, or \$47,500,000,000. The wealth of France was estimated at \$8,500,000,000, or \$42,000,000,000, Germany \$6,500,000,000, or \$32,500,000,000, Russia \$5,000,000,000, Austria \$4,000,000,000, Italy \$3,000,000,000, and Spain \$2,000,000,000, or \$10,000,000,000.

Billy Sunday, the baseball evangelist, who is conducting a series of meetings at Winona Lake, has made a careful calculation as to the saving of souls in large cities, and he rates Indianapolis as the highest of any city in the country. "It costs \$620 to save one soul in Indianapolis," he said. "In New York city the cost is \$345; in Boston, \$450; in Denver, \$425; in Chicago, \$395; in New Orleans, \$78; in Atlanta, \$75." Mrs. Allis Whitney upon opening the partially closed window blinds, facing Hon. C. C. Jadwin's home Monday morning, discovered that one sash of a blind was broken and the next one below was clipped. Mrs. Whitney then began a search for the missile which supposedly did the damage. She found it and as she thought it proved to be a bullet from a 32-calibre revolver or rifle. Had anyone been standing at the rear of the Jadwin house or between the two houses the stray bullet undoubtedly would have killed them. Shooting of firearms at random is certainly very dangerous and means ought to be taken to try and prohibit it.

Quite a large number of the members of Grace Episcopal and Presbyterian Sunday schools of this place united with Trinity Episcopal Sabbath school on Friday last for a union picnic at Lake Lodore. The Honesdale delegation took twenty gallons of ice cream and commenced to deal it out to members upon the ground. This caused a stir in the camp and rights and privileges were the chief topic of conversation for several minutes. It proved that the members of Trinity parish also brought cream but after arriving upon the grounds sold the privilege to sell the cream to an individual. He claimed he had the exclusive right to sell ice cream upon the grounds and therefore forbid the Honesdale parishioners and visitors from selling their refreshments or even giving it away. Honesdale is not quite so slow as that, so the picnicers from this side of the Moosic were given all the free ice cream that they could eat. The day was joyously spent and everybody went home well satisfied with the day's outing, feeling that it had been well spent.

There is joy on the Pocono mountains, I understand, over the prospect that the ice houses will be entirely cleaned out before the present summer has waned. Usually, even in the hottest years, large quantities of ice are left in the Pocono houses in the Fall. Not long ago the entire crop of one ice company was untouched in the Fall, and the enterprise proved financially disastrous for Scranton parties who backed the undertaking. The formation of the ice trust has, of course, made things better for the ice man, as no one company suffers alone in cool seasons. The Pocono ice ponds extend from Gouldsboro to Cresco, and, owing to the elevation, they produce many crops during the winter if the weather is normal. Ice may be gathered on the Pocono when it scarcely freezes elsewhere in this part of the state. But for ice, huckleberries and summer boarding houses the Pocono region would be barren indeed. But the ice industry gives employment to hundreds of men in Gouldsboro, Tobyhanna and other points Summer and Winter, and the huckleberry and boarding houses bring in handsome returns in Summer. As an instance of the magnitude of the huckleberry crop, the Stroudsburg Record states that a special train gathering berries on the Poconos returned with a shipment of 4,496 quarts on Wednesday. This is only one of many big shipments this season. The berries were sold in Paterson and in New York.—Tribune-Republican.

The retail price of milk in Honesdale advanced to seven cents per quart on Tuesday, being a one cent raise.

Placards in the balloons bearing two of the merchants' names giving prizes if returned have been found, while the balloon sent up at Seelyville has not been reported as having been found.

W. O. Rock, traveling passenger agent of the Erie railroad with headquarters at New York, was a business caller in Honesdale on Friday. Mr. Rock informed E. W. Gammell, secretary of the Wayne Agricultural society, that the Scranton train arriving at Hawley at 10:49 would be continued to Honesdale on Tuesday, Wednesday and Thursday, of the four days of the fair.

William Hennegan, aged nineteen, plead guilty before Squire L. G. Dimock, Waymart, to the charge of loaning or hiring a horse of Sinquet and Wonnacott, liverymen, a few hours on July 23, taking the horse to Scranton and selling it there. Unable to furnish bail he was brought to Honesdale Monday evening, by the Waymart constable, Joseph Danque, and lodged in the county jail.

At the regular monthly meeting of the Honesdale Improvement association, held Monday evening, it was decided to ask Mayor Kubbach that he enforce the law as to automobiles running faster than the law prohibits. He was working in the Erie yard near Newburg when the accident occurred. Mr. Bower had been spending his vacation in Honesdale and returned home Friday.

Stephen Bergman, a plumber employed by O. M. Spettigue, was taken suddenly ill Friday night at 11:30. His physician, Dr. W. T. McConville, was called who after an examination advised an immediate operation. Dr. Charles Thompson, of Scranton, was summoned and at 4 o'clock Saturday afternoon a surgical operation was performed. A gastric ulcer of the stomach had caused a perforation of its linings. The aperture was closed and Mr. Bergman is going as nicely as can be expected. Although very weak, he is holding his own.

While returning home Friday evening from a two week outing at Asbury Park Mr. A. P. Steinman and party met with an accident to their auto when about two miles this side of Hancock. The car contained Mr. and Mrs. Steinman, daughter, Miss Ida, and Miss Lonelle Lovejoy, of this place, and Mrs. Knapp and child, of Passaic, New Jersey, with Robert Hempstead as driver. In attempting to pass a team on Sands' hill, about two miles this side of Hancock, the auto was run into the ditch and stopped. The occupants of the car all got out except the driver. When he attempted to start the machine again to get it into the road he found the brakes would not hold it on the steep grade, and rather than let it run wild down the hill, he turned it into the bank. The machine was overturned, breaking the top, steering wheel and mud guards, but luckily no one was hurt.—Deposit Courier Journal. The Steinmans lived in Honesdale for a number of years.
