FAVORS THE COMMUTERS.

New Jersey Patrons of Pennsylvania to Save \$2 a Month.

Washington, Aug. 1.-The interstate ommerce commission has granted relef to New Jersey commuters living along the Pennsylvania railroad. It ordered that company to reduce its rate from New York to New Brunswick from \$12 to \$10 for a monthly ticket and to file proportionate commutation rates from New York to other New Jersey points.

The new commutation rates on the Central of New Jersey and the Lehigh Valley are found to be reasonable, and those put into effect by the Erie, Deiaware, Lackawanna and Western and must necessarily be on a single share the West Shore are also declared on the whole not to be excessive except Of the 6,000 shareholders there are in a few particular cases. The Erie's commutation rates to points thirtythree miles or more distant from New York city are held to be unreasonable, as are also the commutation fares charged by the Lackawanna and the West Shore to points toward the limits of the suburban zones. The commission, however, enters no orders in regard to these latter rates, but suggests that the defendants will at once revise their schedules so as to bring them inside reasonable limit. The commission finds that the new fifty trip tickets of the Erie, Lackawanna and West Shore are higher than they should be, and in this case also the commission instructs the railroads promptly to take these fares under advisement and to suggest reductions in keeping with the commission's findings. The commission's decision in regard to the commutation rates on the New York Central and the New York, New Haven and Hartford is deferred pending an investigation which is now being conducted into the subject by the New York state public service commis sion.

> Both the Government and Opposition Leaders Hold Dally Conferences With Aids From All Parts of the Dominion.

Ottawa, Ont., Aug. 1.-The Canadian reciprocity campaign has been opened in many parts of the country by members of parliament.

The two party leaders, however, will not start on their speaking tours until next week.

Daily conferences between the leaders and their provincial campaign Honesdale, spent Sunday at the managers are scheduled. Robert Rog. Starnes home. ers, who will conduct the fight against reciprocity in Manitoba, is here for a conference with Opposition Leader Borden

R. C. Henders and Robert Mackenzie, president and secretary of the western grain growers, came in from the west to give their advice and cooperation to the government.

In further explanation of the gov ernment position in dissolving parliament one of the Dominion ministers neld:

"If reciprocity had been forced through at this time it would have been put in jeopardy within a year, as by law a general election would have had to come after another session.

"By bringing the election on now we xpect to be able to make reciprocity the sole issue. If the election were deferred for a year and reciprocity put through the chances are that it then

will be only one of the issues. "The Liberal government might be turned out on some other question, and the incoming Conservative government would undoubtedly put through an act repeating reciprocity.

"If the government is sustained in September it means that the people want reciprocity, that it will be ratified and that its opponents will not get another chance at it for at least four

A. McCarty. In June, 1896, I returned to the Honesdale postoffice where I have been employed ever since. In coming bfore the people and asking their assistance and vote at the coming primarles, let me say that I am no tool of any boss or bosses. To the Republicans of Wayne County:

Pursuant to the requests of my many friends in the county and the general understanding three years ago that I should again offer myself as a candidate for the nomination for Prothonotary at the coming primaries, September 30, I would state that after a short start by way of an ducation in the public schools of Wayne county, I completed a course at the A. M. Chisbro Seminary in Monroe county, New York. My postgraduate course was about thirty years in the school of hard knocks as a farmer and lumberman in Wayne county. Have met many peo-ple in the varied relations of a business man and this long experience has enabled me to meet many whom esteem as my friends and gain at least enough knowledge to appreciate the needs and requirements of my fellowman.

My aim has steadily been to deal honestly, frankly and fairly with all and to dearly cherish all of our country's institutions, and to courage and assist every true effort to maintain and advance them. invite the fullest investigation of my record and with pleasure refer you to the expression given at the polls by my home district three years ago as indicative of the feelings of those who know me best. Although always a resident and large taxpayer in Wayne county, I never asked for office except on the afore mentioned occasion when I was defeated by M. J Hanlan who, though opposed to me, never, to my knowledge, said or did anything detrimental to me. I therefore earnestly request your support and promise if nominated and elected to faithfully perform the duties of the office to the very best of my judgment and ability and in of my judgment and ability and in all things observe the spirit of the Golden Rule.

Faithfully yours, WALLACE J. BARNES. 58w10
