Judge A. T. Searle, of Honesdale, was engaged here the first of the week in hearing several cases in the county courts. Since Judge Little came to the bench Judge Searle has been called in a number of important cases in which Judge Little had been connected as an attorney, or for other reasons, before his elevation to the bench. Mr. Searle, judging from the remarks of the attorneys and those interested in court matters, is most highly esteemed and has made many friends here. He impresses one as a man well fitted for the high and honorable office which he holds. A practicing attorney for nearly thirty years, he built up one of the largest practices in northeastern Pennsylvania prior to his appointment a couple of years ago by Governor Stuart to the judgeship, following the death of Judge Purdy. During the time none of the appeals from his decisions, taken to higher courts, have met with reversal, proving unqualifiedly his ability and wisdom of judgment. Judge Searle, who has been a staunch Republican, is a candidate for the office at the approaching primaries. His friends in this county side him up as being a particularly strong candidate, a man who is an able successor to the unimpeachable, learned judges who have sat upon the bench in Wayne county, and hope to see him a winner at the primaries and subsequent election this autumn. Independent Republican, Montrose.

TO BE CAMOYS' BRIDE.

Engagement of Miss Mildred Sherman Became Known in Newport.

Newport, R. I., Aug. 8.—That Miss Mildred Sherman, daughter of Mr. and Mrs. William Watts Sherman of this city, is to marry Ralph Francis Julian Stoner, Lord Camoys, of England, has become officially known here.

Miss Sherman, who is twenty-three years old, has for some time been one of the popular members of younger social leaders, together with her sister, Mrs. Lawrence L. Gillespie.

Lord Camoys, who is twenty-seven, is at the head of the Stoner family, and his peacage dates back to the time of Richard II. He was an usher at the wedding of Lord Decies and Miss Gould in New York, and he first met Miss Sherman at that time.

Lord Camoys is expected to visit America before the end of the summer, and it is probable that the date of the wedding will be set at that time.

Damascus Swords.

It is seldom that a really good specimen of a Damascus sword can be obtained, for the art of working and engraving the kind of steel of which they are made is lost. These famous swords were made of alternate layers of iron and steel so finely tempered that the blade would bend to the hilt without breaking.

Flow of Solid Metals.

Metals flow into each other just as gases and liquids mix, though more slowly. If a cube of lead is placed on one of gold, the surfaces of contact being kept smooth and clean, and left for a month a small quantity of gold will be found to have penetrated the lead.

LOVELY COMPLEXION

A CLEAR SKIN AND BRIGHT EYES ARE EASY TO GET.
