

# SOUGHT REVENGE.

## Wife of Walker's Victim Wanted to Apply Match.

### GUARDS PATROL THE TOWN.

Fear of More Disturbances by Leaders in Coatesville Make Officials Cautious in Ordering Arrests of Suspected Lynchers.

Coatesville, Pa., Aug. 15.—Mrs. Annie Rice, widow of the policeman who was shot by Zach Walker, the negro who was taken from the Coatesville hospital and burned to death while still shackled to the hospital cot, in speaking about the tragic death of her husband and of the lynching said:

"Oh, if they had only permitted me to accompany them I wanted to apply the match. I wanted to see him burn. He killed my husband. He took the life of the best man and the kindest father who ever lived. It is terrible for me to say that I am glad Walker is dead, but I must speak as I feel. I knew nothing of the lynching until I heard the crowd pass my house. It sounded like a great roar, and then I knew that trouble was brewing.

"I heard the noise as the crowd took him from the hospital. I was willing to set him on fire. I would have done anything to have got near him, but they would not let me. After it was all over they told me about it, and then I was satisfied that the death of my husband had been avenged."

Ten uniformed members of the state constabulary, mounted and armed, and sixteen of the town's fire police, summoned for emergency service, patrol the streets of Coatesville. Behind closed doors District Attorney Gavthrop and Sheriff Golder are holding continuous conferences with the local officers and hastening to ferret out the leaders of the mob. Twenty-five men, among them those suspected as leaders of the masked crowd, have been summoned before these officials.

### IN TRANCE FOR OPERATION.

#### Takes No Anesthetic When Cancer Operation is Performed.

Wilkesbarre, Pa., Aug. 15.—Mrs. Mary Kalinsky of this city, who was operated on for cancer of the stomach when she was in a trance and without the aid of any anesthetic, is doing so well her recovery is expected in the Riverside hospital. The operation was performed by Dr. A. L. Hauslohner.

Mrs. Kalinsky was taken to the hospital in a trance twenty days ago. It was her second trance, a previous one having lasted six weeks. Dr. Hauslohner, who had treated her, conceived the idea of operating on her for stomach trouble when she lay without knowledge of what was going on. She still is unconscious, apparently is suffering no ill effects and is expected to wake in a week or two.

### UP 40 FLOORS IN PITTSBURG

#### New York Firm Plans to Build Big Skyscraper There.

Pittsburg, Pa., Aug. 15.—The Thompson-Starrett company of New York will build and own the biggest skyscraper in the country outside of New York city. The concern has purchased for \$2,500,000 the First National bank property, at Fifth avenue and Wood street.

A two story banking house was built two years ago to carry additional stories in the future. The Thompson-Starrett company proposes to add thirty-eight stories, making a forty story building. Pittsburg now boasts of four twenty-four story buildings.

It is said that the contracting firm is now negotiating a \$3,000,000 loan in New York city to finance the improvement.

### SPANKS EXTRAVAGANT WIFE.

#### Magistrate Dismisses Husband Who Admits Using Strop.

Wilkesbarre, Pa., Aug. 15.—Alderman Ricketts discharged William Novalous of Ashley, who admitted spanking his wife because she was extravagant. His wife had Novalous arrested, and he did not hesitate to admit that he had beaten her.

"It is this way, your honor," he explained. "I gave her a sum of money every month on which to run the house. When, a couple of days ago, I found that she had used considerable of this money for another purpose I got angry and spanked her with my razor strop."

### Find Missing Homestead Man.

Harrisburg, Pa., Aug. 15.—A man who was picked up on the street in an unconscious condition Saturday night and taken to the Harrisburg hospital has been identified as John S. Hargrave, who has been missing from his residence in Homestead for several weeks. He told an incoherent story of having been kidnapped. He is believed to have wandered away from home while mentally unbalanced.

### GOVERNOR TENER.

#### Begins Investigation of Lynching of Negro at Coatesville.

Philadelphia, Aug. 15.—Quick justice will be meted out to those responsible for burning the negro, Ezekiel Walker, to death at Coatesville. Governor Tener is ready to order state troops to the scene if they are needed to round up the lynchers. The local authorities promise action.

Governor Tener came to Philadelphia and started an investigation into the lynching.

"The local authorities will have charge of the prosecution of this outrage," said the governor. "Should they ask the state for help it will be given, or should the commonwealth deem it necessary to interfere such action will be taken."

### ATWOOD COVERS FIRST LAP.

#### Aviator Lands in Chicago on St. Louis to New York Flight.

Chicago, Aug. 15.—In a convincing demonstration of the dependability of the modern aeroplane, and the American aeroplane at that, Henry Nelson Atwood drove his Burgess biplane from St. Louis to Chicago today and landed in front of the judges' stand at Grant park, where the international aviation meet was in progress. This concluded the first stage of his St. Louis-Chicago-New York flight by which he hopes to make a new world's record.

Atwood's flight was almost devoid of incident. The machine is not a fast one. It is a touring plane which runs at from forty-five to fifty miles an hour, but faster when the wind helps. In spite of this, his running time between points were always faster than the swiftest express trains, while his time from downtown St. Louis, including his two long stops on the way, was only one and one-half hours slower than the fastest train.

Atwood received \$500 for alighting at Grant park aviation course. This sum is the same that is allowed to all aviators who take part in the meet for expenses. The meet association would offer no other inducement to Atwood to land there. In various prizes along the route, for passing over cities and for stops, Atwood will earn about \$20,000 if he arrives at Coney Island by Aug. 25, \$10,000 of the amount being provided there.

### NOT TO PLEAD INSANITY.

#### Geidel, the Bellboy, is Sane, His Attorney Declares.

New York, Aug. 15.—Attorney James A. Cleary, who will defend seventeen-year-old Paul Geidel, the bellboy, who will go on trial next Monday for the murder of aged William H. Jackson in the Hotel Iroquois, says that he is convinced the boy is perfectly sane and that no attempt will be made at an insanity defense.

Mr. Cleary said that Dr. M. A. Talmey, an alienist, had examined the prisoner. While the physician has not yet made a formal report, Mr. Cleary said, he had heard enough to convince him that the lad is sane. He said the defense would be predicated in the idea that the boy visited the room at the latter's invitation and had let himself in with a passkey.

### CANAL ZONE SANITARY.

#### Secretary Stimson Returns Praising Work in Panama.

New York, Aug. 15.—Henry L. Stimson, secretary of war, who returned Sunday from a trip to the Panama canal zone, Cuba, Porto Rico and Jamaica, said that he was more than pleased with things as he found them in the canal zone. This latter district the secretary inspected thoroughly, even to the extent of footing it through the nine miles of the Culebra cut, a feat which no other visiting government official has attempted. Altogether Mr. Stimson spent ten days inspecting the work on the canal.

"I was particularly surprised at the cleanliness of things in the canal zone," said the secretary. "Not a city in our country can surpass the zone in sanitary conditions."

The thing that most interested him in Cuba was the work on the battleship Maine. Mr. Stimson crawled all over the old wreck. "When you see that great ship lying dry in the midst of the tossing waves," he said, "it makes you think of the Israelites crossing the Red sea dry shod. To put that old wreck into the position she now occupies was a wonderful piece of work. The sea had to be brushed aside and kept aside. The work is a modern miracle."

# NOT SURPRISED.

## Beattie Recovers Quickly From Shock of Indictment.

### TRIAL TO BEGIN MONDAY.

Beulah Binford, Principal Witness Against Young Virginian Charged With Murder of Wife, Demands Purse For Posing.

Chesterfield Courthouse, Va., Aug. 15.—The grand jury of the Chesterfield circuit court reported a true bill against Henry Clay Beattie, Jr., charging him with the murder of his wife, Mrs. Louise Wellford Owen Beattie, on Middlethian turnpike on the night of July 18. The examination of Thomas E. Owen, Coroner Loving T. Pettigrew and Detective L. L. Scherer was sufficient to show that a murder had been committed and that the coroner's jury had charged the crime to Henry Clay Beattie, Jr.

Following the return of the true bill against Beattie the attorneys for the state and for the defense gathered at the desk of Judge Watson and discussed a date for deciding the fate of the indicted man. Mr. Gregory, for the state, asked the court to set Thursday or Friday. The court named Monday, Aug. 21, as the day for trial.

Attorney Hill Carter, for the defense, noted an exception to the date for trial. This was supported by Harry M. Smith, while attorney L. O. Wendenburg urged immediate trial. Judge Watson entered a notation of the exception to the date and announced that the time would be extended on Monday next providing the defense showed conditions which warranted, otherwise the case would proceed. The court handed down a ruling, however, which benefited the attorneys representing Beattie.

Heretofore under an order from the court no one, not even the attorneys, was allowed to see Beattie in his cell except when an attendant at the jail was present to hear the conversation. Judge Watson said that either of the two attorneys representing the defense could see him at any time and without the presence of the jailer or any of his assistants.

Beulah Binford and Paul Beattie, the main witnesses for the commonwealth, did not appear before the grand jury as was expected. Paul Beattie was permitted to walk in the open and engage in conversation with friends, but not permitted to talk of the crime. He appeared at ease and was in a jubilant mood.

The Binford girl, who remained in the close courtroom, was overcome by heat and fainted. The county physician soon revived her, and afterward she declined to pose for photographers unless they made up a purse of \$25. The purses was not forthcoming.

When the news of the indictment was told Henry Beattie by his brother Douglas he appeared stunned for a second, then, reaching for a cigarette, lighted it and said: "I'm not going to talk about this now, but I will say this much, I am not surprised."

Then picking up a newspaper that his brother had dropped he folded and laid it on his couch and then picked up the guitar which had dropped from his lap when he raised after hearing the news of the indictment and began picking at the strings.

The senior Beattie did not attend the grand jury session of the court at Chesterfield.

### MURDERER SLAYS WOMAN.

#### Escaped Convict Then Shot to Death by Postmistress' Son.

Pensacola, Fla., Aug. 15.—Escaping from a turpentine convict camp near Middleburg, W. F. Williams, sentenced here for the murder of two other white men, attacked and murdered the postmistress and seriously wounded her son. The fugitive was killed by the son as he lay upon the ground in a critical condition.

Williams was convicted of the murder of John White and Edward Dansby in this city some years ago. He was sentenced to life imprisonment.

Another convict accompanied Williams. The two exchanged clothing with a couple of negroes they met and coldly made their way into Middleburg. The other convict became frightened and left when they entered the little store and postoffice operated by Mrs. Jessie Weeks. The son, Harry Weeks, eighteen, heard his mother scream. Getting a shotgun from the back of the store, he rushed forward, finding his mother upon the floor, stabbed and choked to death. The convict turned upon the youth, drew a revolver and shot him through the chest. As the youth fell he pulled the trigger of his gun twice, killing Williams.

### TALE OF THE WEATHER.

Observations of the United States weather bureau taken at 8 p. m. yesterday follow:

Temp.	Weather.

New Orleans... 74	Rain
Washington... 80	Cloudy

# PASS WOOL AGAIN.

## Conference Report Goes Through House, 206 to 90.

### UNDERWOOD DEFENDS BILL.

Measure Agreed to by La Follette and House Leader Gets Big Majority in Lower Branch of Congress—Payne Calls It "Mongrel."

Washington, Aug. 15.—The conference report on the Underwood-La Follette wool bill was agreed to by the house of representatives by the vote of 206 to 90. Thirty Republicans and Representative Alken of New York, the politically unclassified member, voted with the Democrats for the report. These are the Republicans who were for the wool bill: Anderson of Minnesota, Davidson of Wisconsin, Davis of Minnesota, Esch of Wisconsin, Hanna of North Dakota, Haugen of Iowa, Helgeson of North Dakota, Hubbard of Iowa, Jackson of Kansas, Kent of California, Kinkead of Nebraska, Kopp and Lenroot of Wisconsin, Lindbergh of Minnesota, Madison of Kansas, Miller of Minnesota, Morse of Wisconsin, Murdock of Kansas, Nelson of Wisconsin, Nye of Minnesota, Norris of Nebraska, Reese of Kansas, Sloan of Nebraska, Steenerson of Minnesota, Stephens of California, Wollstead of Minnesota, Warburton of Washington, Woods of Iowa, Young of Kansas.

During the forty minutes allowed for debate on the conference report itself Representative Payne of New York, author of the tariff bill now on the statute books, and Majority Leader Underwood were the principal speakers.

Mr. Payne denounced the Underwood-La Follette wool measure as a "mongrel" and referred to the open session of the conference committee.

Mr. Underwood, following Mr. Payne, declared that if the conference bill became a law instead of a loss of revenue there would be an increase of nearly 10 per cent. He added that he hoped President Taft would have patriotism enough to sign the Underwood-La Follette measure.

"I say," he declared, "that we can well afford to pass this bill and send it to the president in order that we may get some relief, even if it does not entirely express our views on this question."

Then the debate was closed and the bill passed. It was a matter of comment that the vote—206 to 90—was more than sufficient to pass the bill over the veto of the president so far as the house is concerned.

### PASS THE LIE IN CANADA.

#### At Monster Reciprocity Meeting Riot Scenes Are Enacted.

Ottawa, Ont., Aug. 15.—Canada's two political chiefs, Sir Wilfrid Laurier and R. L. Borden, will open their personal campaigns in the fruit growing section of Ontario today.

All of eastern Canada is considerably worked up over the big demonstration at St. Hyacinthe, Quebec, which was attended by fully 25,000 people. Fifteen thousand people flocked into St. Hyacinthe from Montreal, Quebec, Sherbrooke and Ottawa to see the encounter between Rudolphe Lemieux, the new minister of marine, and Henry Bourassa, the Nationalist leader. It was an outdoor meeting and was the biggest go-as-you-please, free for all political demonstration seen in Canada for a quarter of a century.

The lie was passed freely and frequently, heads were punched, the Canadian navy was cursed and praised and reciprocity occasionally had an inning. One man, a Montreal doctor named Trudeau, was killed in an automobile accident while he was rushing to the meeting. Many persons fainted. Each side claims that the meeting was a success.

### POPE ABOLISHES VETO.

#### No Cardinal Attending Next Conclave Shall Accept Private Advice.

Rome, Aug. 15.—It is announced that the pope is still improving and that while the doctors continue to visit him twice a day it is merely as a precautionary measure. The pontiff's appetite is much better, and he seems less morose than he has been for several days.

Much comment has been caused by the publication of the regulations which are to govern the election of the pope's successor. The statement is made that any cardinal attending the conclave who shall accept any charge from any person or government that claims the right to veto the choice of a pope shall be excommunicated. In other words, Pius proclaims that the veto shall be abolished. Otherwise the regulations governing the election of a pope are the same as formerly.

#### Elect Leconte President.

Port au Prince, Aug. 15.—General Leconte was elected president of the republic of Haiti, and every one seems satisfied with the result. The new executive was accorded a genuine ovation when the result of the balloting was announced.

#### Weather Probabilities.

Generally fair today and Wednesday; light to moderate winds, mostly southeasterly.

### ARCHBISHOP QUIGLEY.

#### Who Reports From Rome Say Will Be Made a Cardinal.

Chicago, Aug. 15.—According to a cablegram received in Chicago, formal announcement of the elevation of Archbishop James Edward Quigley to the post of cardinal is being deferred pending the recovery of Pius X.

The message received here told of the official elevation of Archbishop Quigley to the cardinalate. The selection of the Chicago ecclesiastic for the eminent American position, it was said, was made six weeks ago and has been confirmed by the Vatican council.

In accordance with traditional procedure the appointment of Archbishop Quigley must first be formally proclaimed in the sacred consistory before any move toward his formal installation in the College of Cardinals is made.

### MORE RIOTS IN LIVERPOOL.

#### Former Lord Mayor Stoned and Building Wrecked.

Liverpool, Aug. 15.—At an early hour this morning the military fired on a mob of hooligans in the streets and then charged them with fixed bayonets. The number of casualties has not been reported as yet.

Sir Thomas Hughes, a Liverpool magistrate and former lord mayor, was stoned by the rioters and seriously injured.

Tom Mann, the labor leader, declared that 75,000 men would be out on strike today and that the transatlantic steam ship traffic would be tied up.

A series of fires, probably incendiary, broke out here, and one building, which bore the door plate of the Shipping federation, was completely gutted.

The magistrates have ordered closed all the saloons in the district where the trouble is worst.

London, Aug. 15.—The new striking trouble is mainly in the class of dockmen who are earning 12 cents an hour and 16 cents an hour for overtime. They had expected to have their payment raised to 16 cents an hour and 25 cents for overtime, in accordance with the award rendered by Sir Albert Rolit. The award, however, does not touch the classes of dockmen who earn less than 14 cents an hour and 18 cents overtime.

Another source of irritation to the strikers is the old custom of the foremen hiring laborers outside the dock gates "in the open market." The strikers want them to hire union men.

Five thousand infantry and cavalrymen have been ordered to go to Liverpool because of the strike there.

Four hundred soldiers have been ordered to Glasgow, where the strikers have held up the street cars. The police there have been forced to use their clubs to control the mob.

### GERAGHTY OUT OF FUNDS.

#### Eloper Telephones Employer For More Money, but is Refused.

Newport, R. I., Aug. 15.—Jack Geraghty, who eloped with Miss Julia S. French, daughter of Mr. and Mrs. Amos Tuck French, a week ago, is evidently getting short of cash. It was learned that on Saturday Geraghty telephoned to his employer, H. E. Pember of this city, looking for a fresh supply of money, but this, it has been learned, Mr. Pember declined to send to Springfield, from which city Geraghty telephoned.

It was also learned that Mrs. French Vanderbilt was not alone in the all night search on last Tuesday for the eloping couple. As soon as the family had been apprised of the fact that the couple had left, Mr. and Mrs. French informed their other daughter, Mrs. Samuel J. Wagstaff, in New York by telephone, and Mr. and Mrs. Wagstaff left that city immediately in their automobile to tour through Connecticut.

#### To Dissolve Monetary Board.

Washington, Aug. 15.—A bill providing for the final report and dissolution of the national monetary commission by Jan. 8 next passed the senate, 66 to 6.

### DRAMAS & FARCE COMEDIES. WEEK AUG. 14th. at Popular Prices

The Wrong Mrs. Appleton. The Great Reward. The Pinkertons. The Girl Thief and other First Class Productions.

PRICES: 10, 20, 30, and 50c.

Seat Sale opens at the Box Office at 9 a. m. Monday.

### MILLIONTH PATENT ISSUED.

The millionth patent issued by the United States was announced by Commissioner of Patents Moore last week Tuesday. It is for a puncture proof tire, for automobiles and other vehicles, depending upon rubber springs for its resiliency, and is the invention of an Akron, O., man.

In 1836 only 199 patents were issued, since when increases have been shown each year. During the calendar year 1909, 32,000 were issued, and in 1910 the number reached 35,118.
