### TERMS:

Remit by Express Money Order, Draft, Post Office Order or Registered tter. Address all communications to The Citizen, No. 803 Main street, letter. Address Honesdale, Pa.

for some personal reason or for the regard he has for him, is no evidence that the candidate is opposed to the advancement of the standard of edu-cation. The candidate in mind has taught twenty terms and served as school director ten years and does All notices of shows, or other entertainments held for the purpose of making money or any items that contain advertising matter, will only be admitted to this paper on payment of regular advertising rates. Notice of entertainments for the benefit of churches or for charitable purposes where a fee is charged, will be published at half rates. Cards of thanks, 50 cents, memorial poetry and resolutions of respect will be charged for at be cents of a cent a word. Advertising rates on application. the rate of a cent a word. Advertising rates on application.

school director ten years and does not entertain any such a thought, but is in favor of strict economy as far as consistent and the very best schools that can be had for the price. The policy of the The Citizen is to print the local news in an interesting manner, to summarize the news of the world at large, to fight for the right as this paper sees the right, without fear or favor to the end that it may serve the best interests of its readers and the welfare of the county. C. E. Martz, Blakely, former vice principal of the Hawley schools, paid a visit to friends here during the week. Mrs. James Stevenson gave a

### WEDNESDAY, SEPT. 27, 1911.

### THE TOULON DISASTER.

The destruction of the French battleship Liberte on Monday with its accompanying death roll of 316 has caused great popular excitement all over France and brought forth sincere expressions of sympathy from every nation. It is supposed that a short circuit caused the explosion, which took place at a peculiarly unfortunate time, in that her relations with Germany are rather strained. From all accounts, serious developments may be looked forward to in the near future.

### NEW RECORD FOR TRANSATLANTIC TRAVEL.

The steamship Lusitania arrived in New York Saturday night from Liverpool after establishing a record unique in transatlantic travel, that of crossing the ocean thrice in less than three weeks. In that time her engines have not been allowed to get cool, but not a piece of her mechanism, according to the engineering staff, shows a sign of the strain to which it has been subjected. The vessel left Liverpool on the morning of August 28 and reached New York on September 2; sailed for Liverpool the fololwing day, arrived on September 9, and left again last Monday for New York. She covered more than 9500 miles in the three trips.

### ANOTHER BIG LAND LOTTERY.

Uncle Sam's next big land lottery will be held in South Dakota from October 2 to 21, inclusive, when 466,562 acres of land in the Rosebud and Pineridge reservations will be offered as prizes to land seekers. Gregory, Dalals, Chamberlain and Rapid City will be the registration points. On October 24 the drawing will begin at Gregory. The price of every 160acres tract has already been fixed by government appraisers and the homesteader will pay the price so fixed regardless of whether he files first or last. The prices range from 25 cents an acre for the roughest grazing lands to \$6 an acre for the finest level agricultural land. We once drew for a homestead in Missoula, but that's about as far as we got. The man who drew the first prize, however, sold his land for \$25,000 the next day.

### THE PRIMARIES.

The machinery for the primary election, the 30th, is being gradually prepared for service, it being necessary to go through all the motions required for a state election, as well as some others. Cities and towns are fixing the hours for the primary, and they vary greatly. Cities are compelled by law to keep the polls open not less than nine hours, while towns must allow voting for at least two hours. Some cities have selected the hours from 11 a. m. to 8 p. m., others from noon until 9 p. m., while occasionally a city is planning to start the caucus early in the day and close the polls at 4 p. m., as at an election. Those of the latter class may get their returns into the morning papers; there is reasonable doubt if some of the others do. The hours for voting in Wayne county will be from 2 to 7 p. m.

The ballots for this county have been printed and a grand rush made at the Commissioners' office to get a look at them. Before the end of the all. week they will have been distributed ready for the important part they play on Saturday. By Monday the returns will be in. Those who win will then have to tighten up their belts for a five weeks' struggle until election store. heave a sigh of relief and try again next year.

Mr. and Mrs. George Bell, Arlel, spent Sunday with relatives here.

I am asking you for promotion to the office of Prothonotary. For the past six years I have served you to the best of my ability as clerk to the County Commissioners and my term will end January 1, 1912, therefore I am asking for the nomination for Prothonotary on the Republican ticket. You know that my duties prevent me from being absent from the Commissioners' office best from the Commissioners' office because of the work connected with the coming primaries. I have given personal attention to the filing of petitions for county, township and borough can-didates, and it will be necessary for me to attend personally to the print-ing of the ballots. Mistakes will occur even with the closest attention but many will be discovered and corrected by comparing proof with pe-titions. Therefore you will realize that I cannot go campaigning, but I am willing to trust the people whom I serve to deal justly with me.

Mrs. Stephen Spruks and niece. Miss Alta Spruks, Scranton, were in town Wednesday. Agnus Vicker, Wilkes-Barre, arrived Saturday morning to assist her sister in making final arrangements for closing the parental home for the winter. They left on the even-ing train for the above place. Mr. and Mrs. H. V. Atkinson have at Fairview

GEORGE P. ROSS.

Edgar Wilson, game warden at Forest Lake, has an acre of potatoes which will yield him 170 bushels. I am a native of Manchester town ship, was educated in the common schools and academies of the county Christina Everding has been very ill of ptomaine poisoning and is now and was for ten years a teacher in the schools. For nearly fourteen years I was employed by the Wayne under the care of Dr. A. H. Catter-Independent and most of you have All. Our popular Erie avenue grocer, H. B. Everding, is doing a rushing business in his newly-furnished store. With other improvements he of my employer and in the interests of my employer. My record is open

TEXAS TAXPAYERS. On Saturday next, all taxpayers and property owners should voice their sentiment in selecting a candidate for supervisor. The roads of Texas township have been grossly mismanaged and much of your money spent without results. As an example: The state road between Seelyville and Honesdale was built at a cost of \$11,000 per mile. This thoroughfare with proper man-agement, would have remained in condition for years to come. Instead, the same was covered with ordinary wall stone and to-day is in no better condition than the road built from Seelyville to Prompton, the latter one having cost scarcely one-tenth of that of the new state road. The new road machine purchased at a cost of \$25,000 has been

The new road machine purchased at a cost of \$25,000 has been The new road machine purchased at a cost of \$25,000 has been used to build Honesdale streets at the expense of Texas taxpay-ers, supervisors running the same for \$8.44 per day which does not begin to pay wear and tear on the machine. Our township to-day is heavily in debt; our roads in miser-able condition. In the year of 1902 the township was \$4,400 in debt. Mr. Geo. Erk of Seelyville was elected as supervisor. Our roads were put in excellent condition new stone roads.

in debt. Mr. Geo. Erk of Seelyville was elected as supervisor. Our roads were put in excellent condition, new stone roads built in various places and at the expiration of his term nearly \$2,000 on hand in the treasury. This money has all been used up as can readily be seen by the statements and as stated pre-viously, the township is in debt with poor roads. Geo. Erk has allowed his name to be put up after much per-cussion by the taxnavers and it is bound that each and every

suasion by the taxpayers and it is hoped that each and every property owner will turn out on Saturday and vote for their own interest by electing Mr. Erk as supervisor. COMMITTEE OF TAXPAYERS.

# **Republican Candidate** FOR **County Commissioner**

In announcing myself as a candidate for the nomination of Commis sioner, I wish to state that to many of you I am well known, while for the benefit of those who are not personally acquainted with me I will say that I was born on a farm in South Canaan township. I am the son of Hiran and Rebecca Rockwell. Was educated in the public schools of Sout Canaan township and the Waymart High school, after which I followe the occupation of farming until I was eighteen years of age. Then I er tered the employ of C. C.Shaffer, the lumber manufacturer of Varder After working for Mr. Shaffer for three years, I went to Wyoming Valle where I was for six years engaged in the construction of coal breakers for the firm of Kingsley & Terrel. I next took up the business of contractin and building but was obliged to leave the valley on account of sickness the family. On doing so I came back to Wayne county and settled on farm in Lake township, which occupation, along with contracting an building, I have followed ever since.

Have done considerable work in the line of cement construction an building and, therefore, am famillar with the making and letting of suc contracts.

The only puble offices ever sought by me was Assessor and Judge Election. The former I held for two terms; the latter one term and wa also appointed Mercantile Appraiser for 1911 by the present board commissioners.

My father and his two brothers were soldiers in the Civil war. Jo Rockwell, father's brother, was killed in the war and his name now a pears on the monument near the Court House at Honesdale.

I am a member of the Methodist church, a member of Salem Lod of Free Masons, Honesdale Chapter and Melita Commandery of Knigh Templar; also an enthusiastic member and a hearty supporter of t Grange, American Mechanics, Red Men and Modern Woodmen America.

if nominated and elected to this important office, I will endeavor perform duties thereof to the best of my ability and in the interest of t taxpayers. After looking me up carefully, if you find me qualified a worthy of your support, I will most heartily appreciate your helpfulne and also any favors you may be able to extend to me. Sincerely yours,

### TO REPUBLICAN VOTERS!

### FATAL GRADE CROSSINGS.

A coroner's jury has been impaneled to probe into the accident at Neenah, Wis., in which fourteen persons were killed and ten injured, some fatally, when a C. & N. W. passenger train crashed into a hay rack load of 31 young excursionists returning from a dance in the country.

Ten young women and men were killed instantly, four died in a few minutes and nine were seriously injured.

A big billboard beside the railway track at the crossing hid the train and the hay wagon from each other; besides it was dusty and foggy. During the past, eight years nearly a score of persons have lost their lives at the same place. It ought not to take the jury long to discover the railroad's guilt in allowing such a crossing to exist.

### FORTY-EIGHT STARS.

There are now no more territories, save our colonial possessions. The vast region from the Atlantic to the Pacific and from the lakes to the Rio Grande is one compact nation of states. In place of the original 13, fringing the eastern seaboard, there are 48, comprising 3,000,000 square miles, with almost all varieties of climate, scenery and industry, the home of 90,000,000 Americans-the greatest territory and population ever welded together in one nation of free people. The extent of the two new states in itself is enough to stir the imagination, for this last and comparatively trivial addition to the body of federalized commonwealths is as great as the extent of the 13 parent states.

As far as political organization is concerned, the building of the federal structure is now complete. There can be no more states, without the cleavage of those already existing, and such a development is merely a possibility of the far future. Other states there may be in time, in Alaska, the Philippines, the Hawailan Islands, but it will doubtless be long before there is another star added to the 48 of the new flag.

### GAMBLING AT FAIRS TO STOP.

County fairs that permit gambling games, wheels of fortune and other schemes, of chance will run a big risk of losing the thousand dollars risk of losing the thousand dollars which Fgnnsylvania appropriates to such expositions. Auditor General A. E. Sisson, whose duty it is to is-sue the warrants giving the State bounty to county fairs and agricul-tural expositions, has been looking into the matter and it is understood that a number of the fairs that have been held lately have been visited been held lately have been visited by agents of the State.

When General Sisson took office one of the first things he had to take up was the complaint that gambling had been permitted at some fairs and during the winter a hearing was held by the General on the charges preferred against the Chester County Fair association officers that they had permitted some games. This case, together with others, is pend-ing, but it is believed that it will soon be decided soon be decided.

The department will issue the warrants giving the State appropriation within a few months and in case there is violation of the law the chances are very much against pay-ments being made.

STATE MILK HYGIENE SERVICE. A news dispatch from Harrisburg says: "The State Live Stock Sani-tary Board has taken over the in-spection of dairies throughout the State which for several years has been in charge of the state depart-ment of health and Dr. C. J. Mar-corner of Church street and Main

beloved wife.

CHARLES H. PRALL. Leesburg, Florida.

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caus-ed by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caus-ed by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO.,
