

DIGNITY and CONFIDENCE

It is wonderful what an amount of dignity and confidence one gets from the fact that he has a growing bank account. The possession of money you have earned and saved yourself makes you independent mentally as well as in regard to material things.

Become a regular depositor in a good, strong, growing institution like the

Honesdale Dime Bank

We will help you with three per cent. interest. Each new depositor is presented with a useful, as well as ornamental household bank.

We make a specialty of loaning money to Wayne county people. Business accounts solicited.

Call and see us or you can do your banking with us by mail. Write and we will tell you how.

JARED FLAGG.

New York Broker Held as "52 Per Cent" Speculator

Photo by American Press Association.

New York, Sept. 26.—Daniel N. Morgan, former treasurer of the United States, and Rev. James T. Shock, who were arrested Saturday in the raid of postoffice inspectors on the brokerage office of Jared Flagg, were not released from the Tombs until several hours after Flagg gained his liberty. A surety company put up a \$25,000 bond for Morgan and a \$10,000 for Shock. The pair left F. Tennyson Neely in the Tombs, the last of the eight arrested to remain in custody.

Ebbridge Sewall, cashier in Flagg's office, was arrested at the Pennsylvania station as he was about to board a train for his home at Quogue, N. Y. His capture is held by the government authorities to be important. Miss Madeline Russe, Flagg's private secretary, for whom a warrant has been issued, cannot be found.

NOT GERMANY'S FIGHT.

Italy and Turkey Both Friendly to the Kaiser.

Berlin, Sept. 26.—The semi-official Cologne Gazette says the report that the negotiations between Italy and Turkey in regard to Tripoli are to be conducted through Berlin is incorrect. Germany has not been approached by either party to the dispute with a request for her intervention. Neither has Germany offered to act as an intermediary.

The German newspapers regard the situation in Tripoli as the logical conclusion of the Moroccan suit. It is feared that Germany will have to play the part of an honest broker and thus she is liable to fall between two stools, her friendship for Turkey and loyalty to her Italian ally. Meantime the government has warned Italy of the risk of reopening the eastern question while the settlement of the Moroccan dispute is pending. Turkish bonds have dropped seven points on the bourse.

Recall Troops From Tripoli.

Constantinople, Sept. 26.—The government has recalled four ships laden with troops and ammunition which were destined to Tripoli and have ordered them to aid in guarding the Dardanelles.

Censor All Tripoli News.

Rome, Sept. 26.—A strict censorship has been imposed by the government on all news relating to the proposed campaign in Tripoli.

Italian Warships Off Tripoli.

Algiers, Sept. 26.—A wireless report has been received here that Italian warships were sighted off Tripoli today.

DEPORT CUBAN EDITORS.

Government Objected to Labor Papers in Havana.

Havana, Sept. 26.—The Cuban government arrested and within two hours deported Francisco Gonzales Sola and Francisco Barenguer, editors of two labor papers.

With four Spanish Socialists they were placed aboard the Hamburg-American liner Frankenwald and were not permitted to communicate even with their families before the ship sailed. Then men were not allowed to provide themselves with warm clothing.

The only explanation given by the government is "that they are Socialists and have been fomenting the recent strikes." It was added that they were expelled as pernicious foreigners. Their destination was given as Vigo, Spain.

Old Grudge Leads to Murder.

Lovingson, Va., Sept. 26.—Dr. James A. Pettit of Roseland, thirty-eight years old, a colonel on Governor Mann's staff, was shot and killed by Benjamin Hubbard on a hotel porch here. The men quarreled about an old grudge between their families. Hubbard fired six shots into Pettit's body.

CANDIDATE for PROTHONOTARY.

JOHN N. SHARPSTEEN.

To the Republicans of Wayne Co.: I take this means of announcing myself as a candidate for the nomination of Prothonotary at the primaries, Sept. 30, 1911.

To most of you I am known personally. During my seventeen years of service as a clerk in the Honesdale postoffice my efforts have been to perform my duties faithfully and courteously to the patrons of the office and the public generally.

To the voters with whom I am not personally acquainted I would say that, since a severe injury sustained by my father a few years before his accidental death when I was sixteen years old I have tried to make an honest living. My birthplace was in Texas township, district No. 4, Wayne county. My school days were limited to the district school and the Honesdale High school. As a boy of eleven years I spent my summers slating picking on the Delaware & Hudson dock and attended school during the winter. I also spent several summers working on a farm in Cherry Ridge.

After school I entered the office of the Honesdale Iron Works, known now as the Guernsey Electric Elevator Co., where I stayed a number of years and later entered the Honesdale postoffice serving two years under William F. Briggs. I then went to the Carbondale Lumber company as a bookkeeper, remaining with them until the appointment as postmaster of Miss Mary E. Gerety, who later became the wife of Hon. C. A. McCarty. In June, 1896, I returned to the Honesdale postoffice where I have been employed ever since. In coming before the people and asking their assistance and vote at the coming primaries, let me say that I am no tool of any boss or bosses. I simply desire in common with every American citizen to better my condition. Your support will be appreciated and if nominated and elected I will devote all my time and attention to the duties of the office to which I aspire and will resign my present position.

As the son of the late Newton Sharpsteen, veteran of the Civil war, I have an interest in and sympathy with all veterans.

Most cordially yours,
J. N. Sharpsteen.

HENRY S. GRAVES.

Chief Forester Represents Government at Conservation Congress.

Kansas City, Sept. 26.—President Taft's program in Kansas carried him into twelve towns and through three congressional districts.

The president ended his speechmaking here with an address before the conservation congress. Here he was the one to spring the surprise, for, instead of carrying off the preservers of our resources to the abstruse problems of the Alaskan coalfields, he bid them keep their attention to home and see to it that the American farmer was shown the way to increase the products of his lands in pace with the increase of the country's population.

AUTOS MEET HEAD-ON.

Two Women May Die as Result of Accident in New York.

New York, Sept. 26.—Two automobiles met head-on on the Pelham parkway road near the Williamsbridge road, and as a result five persons, two of them women, are in the Fordham hospital. One of the women will die and the other is in a critical condition.

Daniel Richey took his wife to Pelham park on his machine. They were returning when an auto driven by Robert Anderson, in which were Hermann Feinberg and his wife, swung out of a line of autos. The two machines came together with terrific force. Every one in both cars went out on the road.

At the hospital Mrs. Richey was found to be suffering from a fractured skull. There is little hope for her. Mrs. Feinberg's skull may be fractured and her condition is serious. The men had many cuts and bruises.

INVENT NEW AIRSHIP.

Hammond Gets Patent on Flier He Calls "Perfect."

Utica, N. Y., Sept. 26.—R. O. Hammond, a Rome (N. Y.) inventor, has taken out letters patent on a new and improved airship, which he announces will revolutionize the airship business. He has returned from Washington with the drawings, which are pronounced by experts to be perfect, and he said that his ship would be the first to fly from coast to coast.

It will cost about \$15,000 to build the first Hammond aeroplane. The inventor says his ship will rise immediately in the air without any starting forward and that it can be held stationary at any height. It is so arranged that in case of accident the engine and other dead weight can be cut out and the ship come down like a parachute.

PURE FOOD VIOLATORS.

New York Health Inspectors Arrest Thirty-five Merchants.

New York, Sept. 26.—Thirty-five cases of violations of the pure food law were brought before Justices Duell, Mayo and O'Keefe in the court of special sessions by an inspector of the board of health. There were twelve convictions and fines ranging from \$5 to \$250 were imposed and paid.

The items on the list of impure edibles presented by the health inspectors ranged from white whisky to candy kisses and included soup, eggs, meats, fowls, fruit, milk and cream and peanut bars.

Weather Probabilities. Clearing and cooler today; Wednesday probably fair.
