

LIMIT THE WAR.

Powers Fear Campaign In European Turkey.

GRAIN IS NOW CONTRABAND.

Crisis at Constantinople Because of Outside Pressure to Prevent Carrying War Into European Domains. Other Nations Tell Sultan of Fall of His Empire.

Rome, Oct. 10.—It is understood here that the powers will make representations at Constantinople notifying Turkey that Italy, with a view to avoiding grave complications, the consequences of which would be detrimental chiefly to Turkey, has agreed to limit the war to Tripoli.

Moreover, this principle will be abandoned if the Ottoman government is unable to restrain excesses against Italy on Turkish territory and thus force Italy to carry the war into other provinces of the Turkish empire for the direct protection of her subjects and their interests which Germany could not safeguard without using force.

The crisis at Constantinople, due to pressure brought upon the sultan by the powers to have him realize that any trouble in European Turkey might be fatal to the whole empire, may lead, according to reports from reliable sources, to a complete surrender, Turkey choosing this particular situation to save her face.

Malta, Oct. 10.—The Italian torpedo boat destroyer Borea arrived here escorting a steamer with prisoners of war from Tripoli. The British officials decided to refuse the Italian vessel a supply of provisions.

The prisoners included the Turkish officials and crew of a torpedo boat destroyer which surrendered at Tripoli.

London, Oct. 10.—Telegrams posted at the Baltic Mercantile and Shipping exchange state that Turkey has declared grain a contraband of war and that the banks refusing to finance shipments the loading of vessels has been stopped.

WILL EXPEL ALL ITALIANS.

Turkey Also Is Warned That Massacres May Be Expected.

Constantinople, Oct. 10.—It is stated here that the porte has notified the powers that she will expel all Italians from the Ottoman empire within a given time unless Italy desists from further action in Tripoli.

It is understood that many towns in the interior have notified the government that the population will take the law into its own hands unless Turkey acts promptly in the matter. The committee of Union and Progress, or Young Turks, has warned the government of the possibility of the massacre of Italians in the event of their remaining in Turkey.

Naples, Oct. 10.—Commander Andrew T. Long, the American attaché at Rome, as well as the military or naval attaches of Great Britain, France, Germany, Japan and China will follow the military expedition to Tripoli and will be attached to the general staff.

As autumn approached he seemed a little better and was able to be about the grounds and to take auto rides. On Sept. 24 Mr. Bliss was brought to New York. He was accompanied by his physician, Dr. A. W. Bingham. Mr. Bliss had to take to his bed three days ago.

CONGRESSMAN JOHNSON.

Whose District of Columbia Plans Alarm Washington Taxpayers.

© 1911, by American Press Association.

Washington, Oct. 10.—Property owners in this city are greatly exercised over the proposal of Representative Johnson of Kentucky, chairman of the house committee on the District of Columbia, that the government shall cease to bear half the burden of the conduct of municipal government in Washington.

It is proposed to repeal the organic law under which the District operates as a political entity and to substitute other legislation. In lieu of the government paying half the expense of the District government, Mr. Johnson has suggested that an annual appropriation of \$2,000,000 should suffice. At present congress appropriates approximately \$6,000,000 for this purpose.

MAY IGNORE UNION LABOR.

Power Presses to Print Money May Be Installed.

Washington, Oct. 10.—In order to effect a saving of nearly a half million dollars a year it is possible that Secretary of the Treasury MacVeagh may ignore the violent opposition of organized labor and install power presses in the bureau of engraving and printing to turn out the government's money. The proposition became acute as the result of a decision rendered by Comptroller of the Treasury Tracewell.

In 1898 congress passed a law providing that all bonds, notes and checks shall be printed on hand roller presses. The treasury department has from time to time attempted to have this law repealed so that it might install modern power presses, but organized labor always managed to block the effort. Recently the Philippine government, desiring to issue silver certificates, raised the question through the bureau of insular affairs here whether the bureau of engraving and printing must print these certificates on hand presses. The director of the bureau reported that he could save between \$7,000 and \$8,000 on the job if power presses were used.

IN FAR NORTHWEST.

Taft's Visit in Washington State Completes His Four Corners.

Everett, Wash., Oct. 10.—President Taft's visit to Bellingham, Wash., extended his travels to the fourth corner of the country. He has now visited San Diego, on the extreme southwest; Florida, on the southeast; Eastport, Me., in the northeast, and this trip carried him within thirty miles of British Columbia, in the northwest. He commented upon this to his Bellingham audience.

Mr. Taft is the first president to have visited Bellingham and the extreme northwest, and they took advantage of his visit to impress upon him the great possibilities of the country.

Jail Breaking Plot Nipped.

Troy, N. Y., Oct. 10.—Sheriff Cottrell has discovered an attempt to break jail, which if successful would have liberated twenty prisoners awaiting trial, many of them on serious charges. Screws on a door opening into the east entrance of the jail had been removed, and it would have been but the work of a few minutes to have effected an escape.

NEAR A LYNCHING.

Coatesville Scene of Search For Negro.

ATTACKED HIGH SCHOOL GIRL.

Farmer Frightens Man, Who Escapes With Mob Seeking Vengeance Hot In Pursuit—Police Active to Prevent Repetition of Zack Walker Burning.

Coatesville, Pa., Oct. 10.—Only the escape of the negro fugitive prevented a repetition of the scenes attending the lynching of Zack Walker, the negro murderer, that so recently aroused this section of Chester county. The man had made an attack on Miss Anna McElhane, a fifteen-year-old student at the high school, who was waylaid two miles outside Coatesville, at a lonely spot. It was only the girl's nerve and endurance and the opportune arrival of Frank Wynn that saved her from harm.

Her assailant fled through the Wynn farm. The girl's father organized a posse of neighbors, which was largely increased before darkness fell by people from Coatesville, but the man escaped in the darkness and the hunt was abandoned.

When the negro sprang from a clump of bushes the girl started to run. The negro overtook her. The girl swung at the man with her school books, which she carried in a strap. All the while she was screaming. Just as she struck the negro fell in the face with the books a buggy, driven by Mr. Wynn, appeared around a bend of the road. The horse was galloping and the farmer was urging it to the limit. He had heard her cries. The assailant leaped over the fence and fled to a strip of woodland.

Mr. Wynn drove up, found the girl in a hysterical heap in the middle of the road and took her to her home. Her father summoned his neighbors and taking a revolver and a shotgun himself, started out in pursuit of the miscreant. The posse vowed that the negro, if caught, would be burned at the stake, as was Zack Walker. Miss McElhane is in a critical condition from the shock.

TEACHER BEAT NINE BOYS.

Her Removal Asked After She Vanquished Rebellious Pupils.

Pittsburg, Oct. 10.—Because Rosa Atkinson used the rattan rod too vigorously on the breeches of nine boys in one day, the school board of Penn township has been asked to remove her. Where male teachers failed, Miss Atkinson quelled the rebellious spirits in the Sandy Creek school, and even the bully of the class stands in dread of her.

The farmers have demanded the teacher's dismissal. Miss Atkinson brought things to an issue when she whipped the biggest boy in the class. When the other big lads, in cowboy boots and corduroy or homespun, set up a guffaw she sailed in and, after a lively lot of hitting in the clinches and catch-as-catch-can wrestling, she succeeded in whipping them all. The quiet meadows around Sandy Creek school echoed and re-echoed with cries for mercy. Only one boy escaped a licking. He is studious, wears glasses and never tried to make faces at the teacher. It is certain that if Miss Atkinson is fired she will not be long out of a job.

GAME ENDS IN SHOOTING.

Onlooker Chided Loser and Latter May Die From Wound.

Philadelphina, Oct. 10.—A poker game during which, it is said, an onlooker chided and angered a player who had been losing, resulted in a fight in the street, during which two men were shot. One was so seriously injured that he is not expected to recover.

According to the police, the game was being played in a house in Mont rose street. Fortunato Clair, thirty-four years old, had been losing heavily when Joseph Medici, nineteen years old, who had watched the playing, tantalized him.

While they were in the ward Medici applied for treatment for the slight gunshot wounds. Clair recognized him, it is said, and Medici was arrested. He was held without bail.

Austin, Pa., Oct. 10.—Slowly Austin, devastated by flood and fire, is giving up its dead. Two unidentified bodies were recovered. Ten others are missing.

Three young women telephone operators were rewarded for service rendered during the flood. Kathleen Lyon, who stuck to her post and flashed warnings of the onrushing water, got from the company a gold watch, a check for \$250 and a raise of wages. Lena Brinkley was given \$100 and Hazel Knapp \$50.

Photo by American Press Association.

Philadelphia, Oct. 10.—Watched by half a million enthusiastic persons lining the eight and one-tenth mile Fairmount park course, Erwin Bergdoll, a Philadelphia amateur, won the 202 mile road race here in a ninety horsepower Benz in sensational style from some of the most expert and daring professional drivers of the world.

Bergdoll's time was 3 hours 18 minutes 41 3-5 seconds.

The second was Spencer Wishart in a Mercedes, 3 hours 20 minutes 11.41 seconds.

Third place went to Ralph Mulford in a Lozier. His time was 3 hours 20 minutes 52.78 seconds.

Besides winning \$2,500 for driving the fastest car in the race, Bergdoll also wins \$1,000 for being the fastest car in division 6, which included cars with a piston displacement of 601 to 750 cubic inches.

Bergdoll drove a wonderful race. He not only lowered the record for the course, which was 3 hours 29 minutes 7.88 seconds, made last year, but he twice lowered the record for the lap. His best time was 7.28 minutes for the eight and one-tenth miles. The best previous time was made by Ray Harroun last year in a Marmon, when he covered the distance in 7.38 minutes.

SUFFRAGE A BIG ISSUE.

California Also Voting Today on Recall and Referendum.

San Francisco, Oct. 10.—The people of California are voting today on twenty-three amendments to the state constitution. Interest centers in the woman suffrage, referendum and recall. An active campaign has been waged on these propositions, and it is thought all will be adopted.

Governor Johnson has stumped the state in favor of direct legislation and the recall, which applies to judges as well as executive officers. The suffrage campaign has been most bitter during the past three weeks in cities and country districts.

In the farming communities suffrage is very strong, and it is this vote that will give victory to the women if they win.

BOY ROBS POSTOFFICE.

Ithaca Youth's Act Due to a Desire to Pay Board Bill.

Ithaca, N. Y., Oct. 10.—Marcy Warner, a seventeen-year-old boy, broke into the main store at Myers, robbed the postoffice, which is located there, of stamps and money orders, and also took a quantity of clothing. He forged names to several money orders, came back to Ithaca, cashed them and paid a board bill which had been in arrears for some time. It is believed he committed the crime to get money to pay this bill.

LOST IN THE PROMISED LAND.

Owing to the absence of sign boards at the intersecting roads in southern Wayne county or on account of their weather-beaten condition, a number of Honesdale school teachers and automobile drivers were unfortunately lost in the vicinity of the promised land they desired to reach on Friday last.

At different places along the way one of Honesdale's lawyers, who accompanied the teachers to Sterling, where a district institute was held, climbed trees, poles, fences and even barked his shins in an effort to read what the different boards had once said. Some of the boards were tacked on an angle of 45 degrees, others were perpendicular and some were found lying upon the ground, partly covered with leaves. In some instances it was almost necessary to stand on one's head to decipher the name of the guide board. No wonder the travelers got lost with the guide posts in such shape.

The supervisors in southern and central Wayne county should see that the sign boards are properly taken care of. If weather-beaten or otherwise not readable, they should be replaced by new guide boards.

It is claimed that only one wagon load of teachers reached its destination in a reasonable time—that the others floundered along the way, but finally got to Sterling in time for the institute.

DEATH CAUSED BY EXPOSURE.

The body of Mrs. David W. Clapper of Kingsbury Hill, was found in a field near her home on Wednesday last. Deceased was aged about 63 years. Thursday last, late in the afternoon she went over to the farm home of A. J. Kingsbury to call, and started home across lots in the evening. That was the last seen of her. In the dark she became bewildered and wandered about in the fields until exhausted, being frail and in poor health. Her husband supposing she had come to Hancock to visit in the home of Henry Belknap, was not worried at her absence. But when she failed to return on Monday, he requested the mail carrier to bring her. Upon being informed by the carrier that his wife was not in Hancock, Mr. Clapper became alarmed and a neighborhood search was instituted.

As above stated, her remains were found in one of the fields Wednesday forenoon. Learning the facts in the case Coroner James Hoag concluded that an inquest was not necessary. The funeral was held at her late home Thursday forenoon at 10 o'clock.—Hancock Herald.
