## FOR PROTHONOTARY

W. J. BARNES.

A man who knows Wallace J. Barnes, of Berlin, knows a true friend,—one whom his acquaintances admire for his manner of doing business by not stooping to anything low or unprincipled in obtaining his nomination. Mr. Barnes is working along the same line in his canvass for the office of Prothonotary and says that if he cannot get the election fair and square he does not care for it. He does not believe in curbing politics. That his friends stood by him is evidenced by the handsome vote he received at the polls at the primaries. He is the people's choice and his election on Tuesday next is looked forward to by a majority of votes over his opponent on the Democratic ticket.

A more popular and efficient candidate for Prothonotary cannot be found in Wayne county and Mr. Barnes will prove himself a courteous and ever accommodating official. The voters of Wayne county will do violence to their consciences if they fail to vote for him on the 7th day of November.

The voters of Wayne county are going to place W. B. Leshner, of Sterling, in the office of Register and Recorder because:

He is capable of performing the duties of his office without an assistant.

Of the different candidates for the office he was THE man of the choice of the Republican voters and is very popular and courteous.

He would perform the duties of the office he is seeking in a most business-like and systematic manner.

He is deserving of the office and would make an ideal public servant if elected.

He has been tried and has proven to be true and competent, having served as county auditor.

From every standpoint he possesses the requisite qualifications for the office to which he was nominated.

## Society Won't Tolerate Catarrh

GET RID OF IT!

There is one sure way to banish catarrh and along with it the disgusting symptoms such as hawking, snuffing and spitting.

Breathe HYOMEI that's all you've got to do. Breathe it a few minutes a few times a day. Breathe it deep into the lungs and see how quickly the sore, germ ridden membrane will clear up and inflammation vanish.

HYOMEI is pure antiseptic air, it does not contain morphine, cocaine or other habit forming drugs. It is made from Australian eucalyptus and other antiseptics, and it is rigidly guaranteed for catarrh, asthma, croup, bronchitis, coughs and colds. Complete outfit (inhaler and bottle) \$1.00, separate bottles, if afterward needed, 50 cents at G. W. Pell's and druggists everywhere.

## TO THE VOTERS OF WAYNE COUNTY.

I take this method of making myself clear on the following points to such voters that I have been unable to see personally: That I will, if elected to the office of Sheriff, give my whole and undivided attention to the duties of the office; and I will at this time state that all such persons that are unfortunate enough to

T. Y. BOYD.

become subject to the mandates of the Sheriff, would receive every consideration possible at my hands. Until three years ago I never came before the public asking for any office whatever, at which time I was defeated at the primaries, and now having received the nomination of the Republican party, it is needless to say that I most sincerely appreciate the support of my friends, that made it possible, and will feel deeply obligated to all voters that will support me at the polls on Tuesday, Nov. 7, and if the verdict of the voters at large is in my favor, I pledge myself to be a Sheriff to the people, of the people, and for the people, doing my duty without fear or favor, regardless of party lines, caste or creed.

## To the Voters of Wayne County:

I regret that I have not been able to meet all my friends throughout the county, as I have endeavored to do, and I therefore take this opportunity of thanking them for past favors, and appealing to them for their support in the present campaign.

As the people of Wayne very well know, I have given my best years to their service, politically, in the performance of duties which brought no adequate return. In the present campaign, a position appears open to me that promises a fair reward for services rendered. Hence I venture to hope in view of all the circumstances, and the counsel of my friends that the people will recognize the claims put forward in my behalf, and stand by me as one fairly deserving their endorsement at the polls.

Very respectfully,  
LEOPOLD FUERTH.

## ENJOYS EATING \$100 FOWL.

District Attorney Small, of Columbia county to-day rues the loss of a Rhode Island Red Cockerel as well as a Black Minorca cockerel, for which he had paid \$100 and counted as sure winners at the Columbia County Poultry Show next month.

In honor of his return to Bloomsburg from Philadelphia, where he had undergone an operation, his wife killed two of the largest roosters in the pen.

He enjoyed the dinner, told his wife she was a fine cook, and then went out to look over his prospective prize winners. They were missing, and explanations were in order.

Male and Rockwell are both "on the square."

## THE LATEST SWEATER.

The latest thing in sweaters are first cousins to the fuzzy wuzzy tam-o'-shanters that abounded some five years back. They look like goats and camels, for they are wild and they are woolly. They have a shaven and a long beard nap, all combed out smooth and shiny—until one buys them, then they will probably gather up in lumps, but they will continue to be just as warm and comfortable and much softer than the regular worsted ones.
