## THE SUCCESSFUL REPUBLICAN CANDIDATES

W. J. BARNES, for Prothonotary, second highest man on the ticket, having received 3,093 votes, or a majority of 1219 over Leopold Fuerth, Democratic candidate, in 35 districts out of 42 in the county.

### WILL CLOSE ON FRIDAY.

End in Your Slogan and Help a Good Cause Along.

Friday at noon the Slogan Contest of the Board of Trade closes.

A number of good slogans have been received and printed but several have not sent a slogan. Do it now.

Here are a few:

"While Honesdale is humming, Industries are coming."

"Honesdale, home of quality, leads industrially."

"Honesdale is Always Humming and Buzzing."

"Humming, Buzzing, Energetic Honesdale."

"Honesdale, the Beehive."

"Honesdale, City of Thrift."

"Honesdale Excels Industrially."

"Honesdale at the Head of the Race—Industrially."

"Honesdale, Always for Business."

"Honesdale on Top Industrially."

"Honesdale Ahead Every Time."

"Always Ahead—Honesdale."

"Thrift Honesdale."

"Honesdale, the Place of Thrift."

"Honesdale, the Manufacturing City."

### REAL ESTATE DEALS.

James Davey and John H. Brill, Oregon township. Thirty acres Oregon township. Consideration, \$1,000.

John H. Brill and wife, Oregon township to John Brill, of Oregon township. Thirty acres in Oregon township. Consideration, \$500.

Jerry Canfield and wife to Frank Canfield, Damascus township. Two parcels of land in Damascus township, consisting of 94 acres and 4 acres 71 perches, respectively. Consideration \$1.

### CANDIDATES' TOTAL VOTES—SEVEN DISTRICTS MISSING.

Congress.

Ainey 2109, Rockwell 1,740. Ainey's majority, 369.

Judge.

Searle 2,840, Kimble 2,355. Searle's majority 485.

Prothonotary.

Barnes 3,093, Fuerth 1874. Barnes' majority, 1219.

Sheriff.

Boyd 2244, F. C. Kimble 2784. Kimble's majority 540.

Register and Recorder.

Leshner 1855, Saunders 1855. Leshner's majority 124.

Treasurer.

Wood 2764, Voigt 2374. Wood's majority 390.

Commissioners.

Male 2,465, Rockwell 2,118; Herrman, 2,235, Holgate 2,415. Male's majority over Holgate 50; Herrman over Rockwell 117.

### MEETING OF TOWN COUNCIL

#### Nothing the Matter With Lake Lodore

ROUTINE BUSINESS DISPOSED OF AND \$2762.45 WORTH OF BILLS PAID.

"The Council don't think there is anything the matter with Lake Lodore, and if the Honesdale Improvement Society thinks there is they can report the matter to the State authorities."

Such was the action taken at the October meeting of the Town Council, last Thursday evening, when the matter of the condition of Lake Lodore was brought up for discussion, following the statement of President Caulfield that the president of the Improvement Society was considerably worried about the condition of the Lake Lodore dam, in view of the recent tragedy at Austin.

One of the councilmen remarked that he had talked to a lawyer about the matter, and the attorney suggested that the Secretary of the Town Council ought to write to the Water Commission at Harrisburg about it, as there were two pretty big bodies of water up there on the mountain, and if both should give way some of those up town would catch it.

The majority of the borough fathers seemed, however, to think there could be no possible danger from the threatened breaking of the dam, and spoke of a similar hue and cry raised many years ago about the Lake Lodore dam, when the council went so far as to send a man up there to examine the breakwater construction. Nothing satisfactory ever came from his report, and it cost the borough \$25 for his services.

The general impression seemed to be that in the remote event of the breaking of the dam, the water would all be dissipated before it got to Honesdale. One councilman even went so far as to say, that, in his opinion, the State Examiners were not more practical than the men here, as many of them held their jobs as political appointees.

Bills and claims amounting to \$2,762.45 were ordered paid, large items of which were the following: Seaman, Irwin and Brennan, for stone used on County Seat streets, \$2002.13; Light company bill, \$264.48.

The meeting was called to order by President Caulfield at 8:09 p. m. when all the members answered to their names at roll call. Others present at the session were: Street Commissioner Lawrence Weidner, Attorney P. H. Iloff, Chief Engineer John M. Lyons, Christie Rabbit and representatives of the Scranton Truth and the Citizen.

Treasurer Penwarden reported as follows:

DR.

Balance on hand last meeting 428.67

Received from Tax Collector Schuerholz 5,000.00

Total 5,428.67

CR.

Paid out 3,039.17

Balance on hand 2389.50

Mr. Penwarden reported that all the bank notes had been paid off, and that there were no floating debts except the bills for current expenses.

Lawyer Iloff, attorney for Mrs. Maggie Stengel, Spring street, appeared before the council asking on behalf of his client, that the sewer on West street be extended 75 feet to her corner property. The reason he assigned in urging the councilmen to grant her request was as follows:

"Mrs. Stengel," he said, "was one of the five or six original constructors of the sewer on West street. Subsequently the borough took over this sewer. Those five or six persons each paid \$25 to build the sewer. Mrs. Stengel asks that the sewer be extended to the corner property. She thought she should be entitled to an extension up to the corner house. She is willing to pay \$25 for the extension."

Mr. Hoff further declared that he was going to bring suit against the borough if the council didn't lay the sewer. "We're like the game cock," he said. "We are willing to fight if we aren't treated right."

"Mrs. Stengel," he continued, "has a good cause for action in the changing of the grade. There was a cut of three or four feet in front of her place. If she wished she could bring a nice suit."

The president assured Mr. Hoff that the council would give him a decided answer within a week, and the breezy incident was closed.

The committee on testing the fire plugs, consisting of Councilman Penwarden and Chief Engineer John M. Lyons, reported that they had tested all the plugs in the borough, Wednesday afternoon, and found them all O. K., save the one at Main and Fifth street, which needs some repairs.

Frank McMullen, William Road-knight, foreman of Number 3, and Benjamin K. Loris, Jr., foreman of Number 1, accompanied them on their tour of inspection. Chief En-

## Ainey Wins by 3,000 Searle's Majority 800

WAYNE COUNTY AND THE 14th CONGRESSIONAL DISTRICT POLL A TREMENDOUS VOTE--THE WHOLE REPUBLICAN TICKET, WITH THE EXCEPTION OF SHERIFF, IS ELECTED BY LARGE MAJORITY.

WAITING FOR THE RETURNS. "So goes Bethany, so goes the Union."

The large crowd of men who assembled in the Commissioners' office to get the election returns, Tuesday night, were anxious to hear from the smallest district in the county, whose votes is always considered an infall-

ible index of what the other districts will show.

When at 8:36 p. m. the returns came over the 'phone that Bethany had given Searle 34 and Kimble 5 votes everybody knew how the whole thing was going.

The 639 votes cast in the borough of Honesdale were long in counting, and it was not until 11:33 p. m. that the returns showed a majority of 231 for Searle in the County Seat.

At 8:30 Hawley sent up word that she had given 220 votes for Kimble and 105 for Searle. And then came Bethany's returns, dear to the heart of Republicans on election night, forecasting, as always, the result of the election.

At 9 o'clock everybody sat back in their chairs, the cigars were passed around, and the time was spent in

congratulating how large the Republican majority would be.

Then there was another long wait and Berlin 1 reported a vote of 75 for Searle and 49 for Kimble. Next came Paupack, Buckingham No. 3, Damascus No. 5.

"Searle is elected," cried a number of enthusiastic politicians, some of whom satisfied with the way things were going, went home.

The Republicans cast 80 straight tickets and the Democrats 48 in the county seat. One Prohibition ballot was cast.

"We won't go home till the last district is heard from," shouted one enthusiastic politician. But when 3 a. m. came, and Searle's election by from 600 to 700 majority was assured, they all went home, happy.

THOSE INSTITUTE ENTERTAINMENTS.

The annual Teachers' Institute will bring to Honesdale one of the finest Lyceum courses that the people of Wayne county have ever had the opportunity to hear.

Monday evening, November 13, the Wayne County High School Contest will take place in the High School Auditorium, where all the entertainments of the week will be held.

Tuesday evening, November 14, Mr. Clifton Mallory and Company will present the beautiful English comedy "David Garrick" elaborately staged with magnificent costumes and beautiful scenery.

Wednesday evening, November 15, a musical entertainment will be given under the auspices of the Lotus Glee Club of New York, and Minnie Marshall entertainer.

Thursday evening, November 16, John Temple Graves, the most eloquent Southerner of to-day, lectures on "The Reign of the Demagogue."

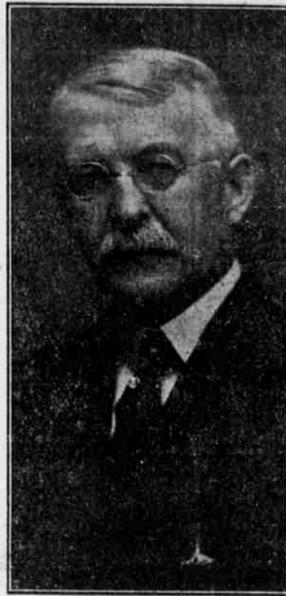

Reserved seats on sale at Chambers' drug store as usual.

LAKE LODORE DAM EXAMINED.

Farley Gannett, engineer to the Water Supply Commission of Pennsylvania, Harrisburg, was in town, Friday, Mr. Gannett was sent here by the Department to look into the construction of Lake Lodore, and report on whether or not there is any danger of the dam breaking and flooding Honesdale.

EARL ROCKWELL is running good and has a good chance of being elected. In the 39 districts heard from he is only 25 behind Charles Herrman, one of the Democratic nominees. The districts unreported will favor Rockwell with small majority.

Charles Herrman received 2235 and Neville Holgate 2,415.

HON. A. T. SEARLE'S majority over F. P. Kimble will reach the 800 mark.

## BOOM HONSDALE AND THE COUNTY

Bright Outlook for Development of Lackawaxen Valley

CONDITIONS ARE RIPE FOR A BIGGER, BETTER AND BUSIER TOWN.

The Honesdale Citizen heartily endorses a bigger, better and busier Honesdale and Wayne county; the development of the Lackawaxen Valley or anything that means more business for dear old Wayne.

Honesdale is the home of a half hundred varied industries and its wheels in the different mills and shops hum from morning till night.

Industrially Honesdale is far ahead of other towns and cities. Parties at different times in their lives who, by the turn of the tide of circumstances have left Honesdale, invariably return to this place to make their fortune and live the balance of their lives in their home town.

The opportunities afforded in Honesdale and Wayne county are many and diversified. There are several waterpowers developed and others possible of development.

Within a few miles of Honesdale a dam is being constructed for the largest power in this section of the country and in the State of Pennsylvania, that of harnessing the waters of the Wallen-Paupack river. This will insure cheap power, which alone will be an incentive to locate in Honesdale. Another wise precaution to consider regarding the possibility of the breaking of the dam of this mammoth lake is that Honesdale is several feet higher than the site of the overflow of the water and consequently would do away with any possible flood or danger. Locate in Honesdale and be on the safe side. It is in Honesdale that free sites are offered by the Greater Honesdale Board of Trade to any new industry locating within its boundaries or in Texas township. Sites can be secured on either the Erie or Delaware and Hudson railroad entering Honesdale. There are no strings attached to the sites offered by the Board of Trade, but they are offered absolutely free to the prospective manufacturer.

Since the census of 1900 several industries have been established and located in Honesdale.

(Continued on Page Four.)
