It is stated in railroad circles that Lester R. Knapp, of Passaic, N. J., former Erie station agent of this place, has been appointed traveling passenger agent for the Erie R. R. His territory, it is claimed, will cover their system from New York to Susquehanna, including Honesdale.

Payments of the State appropriation for schools passed the \$4,000,000 mark Monday. The disbursements for the account of schools at the State Treasury has been at the rate of from \$150,000 to \$250,000 per day. The total at the conclusion of business for the week had reached \$3,759,000.

"Ramapo" and "Tuxedo" are the two Pullman cars that make alternate trips between Honesdale and Jersey City. The cars were built expressly for the Tuxedo club to convey its members from Tuxedo Park to Jersey City. The Pullman business from the park to the city is in charge of the Erie railroad and is separate from the Pullman company. These cars are two of the finest and most convenient cars built. The "Ramapo" was exchanged for the "Martha" last week. The "Ramapo" has been on the New York Central lines for some time, with which road the "Martha" is now connected, being used in the Adirondack Mountain region.

From the Scranton Tribune-Republican of Monday: County Treasurer-elect W. W. Wood has become a scout. No, no; not a member of Edward Jenkins' Boy Scouts, although W. W. is about the youngest man who walks Honesdale's streets. What has happened is just this: The Board of Trade is anxious to bring new industries to this borough. To do that requires personal work and W. W. Wood does that line of service to perfection. They have, therefore, made him a sort of scout, to look over the lay of the industrial land with a view of helping along the general campaign on the industrial line. Mr. Wood is just the man for that position.

DECORATE YOUR HOMES.

The Governor of Pennsylvania Will Arrive at 3:15 Wednesday.

The invasion of Governor John K. Tener, his staff, members of the State Armory Board and Regimental officers into Honesdale on Wednesday of this week, will add another epoch to the history of the Maple City. Governor's Tener's coming to Honesdale has been advertised for many months and now that enjoyable time has approached. Hall to the Governor! May his visit in historic Honesdale be profitable and one full of pleasure.

Unfulfilled Old Glory to the breeze in his honor, and decorate your stores and homes upon this auspicious occasion.

The Governor is coming on Wednesday afternoon to be present at and take part in the dedication exercises of the new State armory, the home of Company E, Thirteenth Regiment, N. G. P.

You can see him and listen to his address in the armory if you attend the dedicatory exercises, which are free, Wednesday afternoon at 4 o'clock. It is not a common matter for the Governor of the State to visit a town the size of Honesdale, located as it is in the most extreme northeastern part of the State. Now, that the people of Honesdale and Wayne county will be granted this privilege, it behooves the good country folks to take advantage of their opportunity, come to Honesdale and greet the Governor and other distinguished State officials.

Do not fear about getting home the same night, if you arrive on either the 3:15 afternoon or 7:30 evening trains of the Delaware and Hudson railroad, because you can get home, besides you will be honored by riding on the Governor's train. Arrangements have been completed whereby you can stay all evening, allowing you to attend the military ball, shake hands with the Governor and then return home about midnight on a special train. The tickets to the ball are \$2, including supper for two but of course you won't mind that when you can shake hands with the Governor.

A new fifteen-frame glass cutting shop was opened, Monday, in the Farham building on Spring street formerly occupied by the Diamond Cut Glass Company now located in Waymart. The surveyors of the State Highway commission are making their headquarters in the city and are at work staking out the proposed State road between this city and Honesdale. The stakes have been driven on Canaan street from Belmont street up and beyond the chapel at No. 4. After the preliminary work has been done bids for building the roads will be asked for this winter and work will probably be started in the spring.—Carbondale Leader.

Secretary Joseph Kalbfus, of the Pennsylvania Game Commission, prefaces the Digest of the Game, Fish and Forestry Laws of the Commonwealth, just issued, with some interesting facts and observations. He says: "We had in Pennsylvania last Fall fully 8,000 men who camped upon state lands. We had fully 20,000 men who hunted in this state with rifles alone, and fully 130,000 men who hunted at one time or another for small game with shotguns. More than 800 deer were killed, and fully 500 bears last Fall. I believe that 150 pounds would be a fair estimate of the average weight of each deer killed, making a total of 60 tons of venison taken in Pennsylvania."

Chas. P. Searle, Esq., was appointed master to take evidence in the case of David A. Potter, libellant, vs. Ida V. Potter, respondent. The rule granted June 27, 1911, to the overseers of poor of Palmyra township on Anna Klencik to support Walter Klencik, her son, was discharged at the cost of the petitioner. In the case of the Commonwealth vs. Ira Ritch, sentence was suspended, conditional upon the good behavior of the defendant.

The Court handed down a decree separating Emma L. Bloomer from the bonds of matrimony contracted between her and Charles L. Bloomer. Both parties are permitted to marry again. The Court also awarded to the libellant against the said respondent her costs in this behalf incurred and expended.

FIRE AT BUNNELLTOWN.

The home of Mrs. Charles Marsh was destroyed by fire last Saturday evening, entailing a loss to her of about \$1,000. There was, however, an insurance of \$400 on the contents.

The origin of the fire is supposed to have started by the explosion of a lantern that had been in use, and prior to the family leaving the house the lantern was given a jerk, endeavoring to extinguish the light in this manner, and placed upon the floor in the kitchen. In a short time black smoke was seen coming from the house and neighbors, some of whom had been there only an hour before, ran to the dwelling. They found the room was filled with smoke, the fire having not yet broken out. As soon as entrance was gained great long tongues of fire shot out of the building. The smoke was so dense that it was impossible to save much of the contents. A cook stove, sewing machine and phonograph, however, besides a few light pieces of furniture, were taken out of the burning building.

The structure was a well-constructed farm house and was the property of Harry Bunnell of Berlin. His loss is about \$2,000.

Mrs. Charles Marsh, her son and the former's brother, Joseph Ackerman, occupied the house.
