The superintendent will then issue a diploma to the successful speller in each township of the various districts. —One of the most impressive and dignified memorial services was that of the Elks' Lodge of Sorrow held last Sunday night in the Poll theatre, Scranton. The attendance taxed the capacity of the house and only standing room was afforded late comers. Seated at the back of the stage, behind a white netting, were the members of the Scranton Ladies' Musical club, all dressed in white. In a semi-circle in front of them sat the officers of the lodge, James E. Watkins, the eulogist; Hon. James T. Rogers, of Binghamton, N. Y., who delivered the memorial address, and Professor M. J. Jennings. The front of the stage was draped with the national colors, and held palms and ferns. Orchestral selections were furnished by Lawrence's orchestra which gave the "Four Kings" march by Losey; Bratton's June poem, "Apple Blossoms"; reverie, "Roses Honeycomb," by Bratton, and the "Seven Last Words" by Haydn. The opening ceremonies entailed the usual custom of the roll call of the members who died during the past year, in which participated the members of the local lodge. As each name was called the light of a star went out. There were ten stars to represent the following deceased members: John R. Thomas, Henry F. Dixie, Joseph F. Baumeister, Emanuel Moses, J. M. Simpson, August Robinson, Dennis J. Roche, John Kubbach, Honesdale; William Haggerty and Ludwig Wehlan.

—Five hundred thousand more Red Cross Seals have arrived at the Philadelphia office of the Pennsylvania Society for the Prevention of Tuberculosis. This brings the total of the number of seals about to be put into circulation to 3,500,000. This year more seals have been distributed throughout the State than ever before. The number now exceeds those distributed last year by 1,500,000. The following bulletin has been sent to all Red Cross Seal Agents throughout the State from the headquarters of the Pennsylvania Society: "Remember that this is not only a campaign for money to fight tuberculosis. It is also a campaign of education. In selling the seals tell people that tuberculosis is a social disease. The campaign against it will not be ended until every consumptive has been placed under treatment either at home or in a sanatorium, and until people realize that improper sanitation; child labor; long working hours; damp, ramshackle houses and personal uncleanliness are all aids to consumption and must be done away with."

—Every agent in the Red Cross Seal campaign is meeting with scores of pathetic incidents. Wives whose husbands have been taken from them by consumption are sending in their widows' notes to help prevent others from suffering the sorrow that they have undergone. In many places the children are joining in the fight, eagerly selling the Red Cross Seals. A feature of this year's sale is the fact that the Red Cross insignia is not being worn on the sleeves of any of the persons selling the seals. This is at the request of the American Red Cross, who wish to reserve the emblem for use by their nurses.

—Back of the holding under advisement by the State Water Supply Commission of applications for approval of charters for the Lawrence Hydro-Electric and Connoquessing Power companies, which sought franchises to construct dams for water supply and storage as well as transmission of power is a policy of complete investigation inaugurated by the commission. It has always been the custom of the commission to go carefully into all applications for power companies, especially those intending to construct dams, but since the Austin disaster precautions have been more than trebled. Engineers of the commission are making a survey of the territory to be covered and in addition plans for a dozen projects are held up for complete investigation, among them those for the Clarion River Power propositions. In addition inspections are being made by members of the commission and engineers of existing dams for the purpose of obtaining data upon which to base recommendations for new laws which will be made to Governor John K. Tener in advance of the next Legislature. Every large dam in the State is being visited for this reason, among those recently inspected being Raystown dam in Huntingdon county; Lake Lodore at Honesdale, Wayne county; Mt. Penn Suburban Water company, at Mt. Penn, and Leighton Water Supply Company dam on Long Run near Leighton. —Harrisburg Telegraph.

SEELYVILLE 76; MILFORD 2.

The Seelyville Basketball team defeated the Milford High school team Friday night by the overwhelming score of 76 to 2. A great crowd witnessed the game which was played at the Seelyville Fire Company's Hall. The next contest will be played at the same place Saturday evening, December 9, when the strong White Mills team will be the attraction.

Milford was certainly outclassed. The only goal scored to her credit was made by Jallet in the very last part of the second half, just before the whistle blew. Gilpin, of Hawley, played centre for the Pike county bunch.

According to a member of the Milford team "Seelyville plays a rough game. You can't pass up there. The floor is like glass. We wore plain sneakers and had no chance to shoot a basket. They wore suction shoes. You got to rough it to beat them." All the same the County Seat or Rink Five will be right on the job when the Seelyvillers come to the Maple City. All teams look alike to the locals this year. The summary: Seelyville Positions. Milford H. Polley.....F.....Quick R. DANDRUFF AND ITCHING SCALP YIELD TO ZEMO TREATMENT

Why should you continue to experiment with salves, greasy lotions and fancy hair dressings to rid your scalp of germ life. They can't do it because they cannot penetrate to the seat of the trouble and draw the germ life to the surface of the scalp and destroy it. Why not try a PROVEN REMEDY? One that will do this. We

have a remedy that will rid the scalp of germ life and in this way will cure DANDRUFF and ITCHING SCALP.

This remedy is ZEMO, a clean, refined, penetrating scalp tonic that goes right to the seat of the trouble and drives the germ life to the surface and destroys it.

A shampoo with ZEMO (ANTI-SEPTIC) SOAP and one application of ZEMO will entirely rid the scalp of dandruff and scurf. Do not hesitate, but get a bottle of ZEMO today. It acts on a new principle and will do exactly what we claim for it.
