

REAR ADMIRAL KNIGHT.

To Be First Commander of the Atlantic Reserve Fleet.

Copyright by Walden Fawcett.

New York, Feb. 6.—Rear Admiral Austin M. Knight, U. S. N., is to be the first commander in chief of the United States reserve Atlantic fleet that is about to be organized, and which is to be composed of about ten first class battleships and several vessels of the cruiser class. He is one of the highest ordnance authorities in the navy and is on duty as president of the special board of naval ordnance in Washington.

Admiral Knight was court martialed last spring on two separate occasions on the charge of culpable negligence in connection with the sinking of the monitor Puritan at Hampton Roads, following the test of high explosives in November, 1910. He was acquitted, and the present rumored promotion is taken as a complete vindication and reward.

EXPECT TO BE INDICTED.

Labor Leaders in Many Cities Ready to Fight Dynamite Charges.

Indianapolis, Feb. 6.—Though some additional information bearing on the dynamiting conspiracy has come to the district attorney since the grand jury adjourned last week, there is little probability that the investigation will be continued soon. The indictments are ordered, and some of the grand jury must get pass upon have been prepared and are awaiting final action. Information as reached the federal building that labor leaders in several cities—New York, Chicago, Cleveland, Omaha, San Francisco and Los Angeles—are expecting indictments and are preparing to give bail, several already having secured bondsmen.

As there are more than a half hundred indictments, it is not expected that any arrests will be made today, yet it is possible that some warrants may be issued on them. It is said that it is the purpose of the district attorney to have all arrests made at the same time if possible, or at least within a few hours of each other. When that is done the indictments will be open to public inspection, but not before.

It is said that the records of the American Federation of Labor brought here by Secretary Frank Morrison and relating to the McNamara defense fund will be taken to California to be used in the trial of Clarence Darrow.

MUST SETTLE OWN DISPUTES

Pittsburgh District Miners Get No Relief From International Board.

Indianapolis, Ind., Feb. 6.—The international board of the United Mine Workers has decided to refer to the district convention of the Pittsburgh district the factional troubles involving Robert Gibbons, Abe Kephart and Andrew Puscar. The international convention referred these troubles to the international executive board, but the members of the latter board believed that they should be disposed of by the district convention before receiving consideration at the hands of the higher tribunal.

President White was instructed by the board to appoint a committee of three international board members to attend the district convention at Pittsburgh and endeavor to help straighten out the internal differences from which the district organization has suffered for so long. The three members have not yet been appointed.

MORSE MAY GO TO NEW YORK

Health Improves He and Wife Will Leave Atlanta.

Atlanta, Ga., Feb. 6.—Charles W. Morse has made such rapid strides toward recovery since he was pardoned by President Taft that it is planned to take him to New York some time this week.

Mrs. Morse, who has been with her husband constantly since he was pardoned, admits that she hoped to have her husband in New York in a few days. It is said that Morse and his wife will leave here for the north either tomorrow or Thursday, provided the improvement in Morse's condition continues.

Honor Memory of Grady.

Albany, N. Y., Feb. 6.—The legislature attended in a body the funeral of Senator Grady in New York today. A resolution to that effect was passed at last night's session.

ACCUSES BURNS.

Lorimer Probe Hearing Has Heated Session.

CALLS REPORT FABRICATION.

Milton W. Blumenberg, a Senate Stenographer, is Dismissed and Subpoenaed as Witness—Unquestioned Procedure in History of Upper House.

Washington, Feb. 6.—Interest in the Lorimer investigation became intense when Milton W. Blumenberg, official stenographer of the committee, took the witness stand and in all seriousness repeated his charge that the stenographic notes submitted in evidence Saturday by Detective Burns' dictagraph operator, J. E. Sheridan, were fabricated. Blumenberg furnished the committee with the names of eleven official reporters employed at the capitol and asked that they be called as expert witnesses to corroborate his charges.

Mr. Blumenberg appeared before the committee to answer the charge of contempt made against him because of his conduct in the presence of the committee Saturday night. The committee held an executive session and then announced by unanimous vote that they had dispensed with the services of Blumenberg as official reporter and had subpoenaed him as a witness.

J. E. Sheridan, the Burns stenographer, whose testimony Saturday had led to the sensational scene in the committee, explained the method by which he had taken his notes. He declared that the notes were absolutely accurate, produced the dictagraph before the committee and explained its workings, and in answer to a question from Chairman Dillingham stated his willingness to submit to any test that the committee might prescribe to determine the accuracy of his report and of his capacity to hear and record a conversation under the circumstances which had surrounded his report made at Toronto of the alleged conversation between A. C. Bailey, Harry Kerr and Charles McGowan, in which McGowan, a Lorimer witness, is alleged to have made damaging admissions.

There was a flurry in the committee after Sheridan left the witness chair. The attorneys for Lorimer insisted that Blumenberg be called as a witness at once before the Lorimer witness took the stand. The situation created by the startling charges made by Blumenberg Saturday night and his action, which broke up the hearing, is one of the most remarkable that ever occurred in the history of congress. The committee will undoubtedly report the matter to the senate and ask for instructions as to what course shall be taken in dealing with Blumenberg for contempt. He has not only been dismissed as official reporter of the committee, but has been temporarily suspended as an official reporter of senate debates and proceedings.

TURKEY TO LOSE CRETE.

Porte Worried Over Expected Alliance With Greece.

Constantinople, Feb. 6.—The Turkish government is worried over the situation in Crete, especially since last Saturday, when the executive took an oath of allegiance to the Cretan Revolutionary Union committee. Political circles are unfavorably impressed by the events taking place on the island, and the porte has called the attention of the powers to the state of affairs. It is hoped that by this action the Cretans will be prevented from carrying out their plans for union with Greece.

Last Saturday at Kanea the Cretan executive took the oath of allegiance which was demanded by the committee and also pledged adherence to the Greek constitution. The Mohammedans did not take part in the ceremony, which was held in the Cretan national assembly.

TAFT TO NAME HOOK.

Despite Protests Kansas Gets Supreme Court Place.

Washington, Feb. 6.—President Taft expects to send to the senate tomorrow the nomination of Judge William C. Hook of Kansas for the supreme court place made vacant by Justice Harlan's death.

The president also expects to nominate at the same time justices for vacancies in the federal court at Chicago, southern district of New York and eastern district of Wisconsin.

Julius Mayer, former attorney general of New York, is mentioned for the place there; Judge George A. Carpenter, now of the district bench at Chicago, is said to be likely to succeed to the vacancy in the circuit court.

TALE OF THE WEATHER.

Observations of the United States weather bureau taken at 8 p. m. yesterday follow:

	Temp.	Weather.
New York.....	18	Clear

Boston.....	26	Clear
Buffalo.....	12	Snow
Chicago.....	16	Clear
St. Louis.....	16	Cloudy
New Orleans...	40	Cloudy
Washington...	16	Clear

SENATOR N. P. BRYAN.

Who Seeks Publicity of Federal Pension Lists.

Washington, Feb. 6.—Senator Nathan P. Bryan of Florida has introduced a bill requiring the commissioner of pensions in his annual report hereafter to include an alphabetical list of the names of all pensioners, with a statement of the length of service of each, monthly rates of payment and residences. This seems to the unprejudiced mind an essential procedure.

The pension bill this year provides for the payment of nearly \$160,000,000. Senator Bryan probably believes that if the pension roll could be made public a reduction in the list of pensioners would be the inevitable result. Few can doubt that there are many names on the roll that ought not to be there.

CHINESE REBELS VICTORIOUS.

Reports Received at Peking Tell of Two Battles.

Peking, Feb. 6.—Reports of two battles between the imperial forces and the revolutionary armies have been received here, and in both conflicts the republicans were victorious.

The first report states that the imperial troops commanded by General Chang Hsun were attacked and driven back by the rebels, who sustained a loss of but a hundred killed and wounded. It is added that a thousand of the imperial soldiers deserted to the enemy.

Another dispatch received here comes from Mukden and says that the royal forces sent to attack the revolutionaries who were recently landed at the mouth of the Yalu river have met with a sharp repulse, in which they lost eighty killed, while the republicans had but twenty killed.

FOR SPAIN'S NEW NAVY.

King and Queen Attend Launching of Battleship Espana.

Ferrol, Spain, Feb. 6.—The battleship Espana was launched in the presence of King Alfonso and Queen Victoria, and also a great throng of dignitaries.

Great interest was manifested in the launching, as this marks the first stage in the reconstruction of the Spanish navy. The cabinet ministers, deputations representing both houses of the cortes and many representatives of the foreign press made the journey here from Madrid to witness the ceremony. A squadron of warships filled the harbor. The city is dressed up in gala array.

Their majesties arrived at the railway station from Madrid and were welcomed in a specially built pavilion. After the launching a procession was formed, which marched to the cathedral, where a "Te Deum" was sung.

Later the king and queen attended a review and also witnessed the laying of the keel of the battleship Jamle.

PENNSY OFFICIAL HURT.

Second Vice President Turner's Car Derailed at Fort Wayne.

Fort Wayne, Ind., Feb. 6.—J. J. Turner, second vice president of the Pennsylvania railroad, was slightly injured when his private car was derailed at the western limits of the city.

Mr. Turner was en route to Chicago, and his private car was the rear coach of limited train No. 5. The car was derailed and whipped from the track, rolling down an embankment. It was so badly wrecked that it will be destroyed. Mr. Turner received a slight cut on the head and an abrasion of the arm, neither injury being serious. One of the porters in his car was also slightly injured.

FAREWELL TO BACON.

French Lyceum Entertains For Departing Ambassador.

Paris, Feb. 6.—The ladies of the Lyceum tendered a reception to Ambassador and Mrs. Robert M. Bacon, who are leaving here as the result of Mr. Bacon's acceptance of a place in the Harvard corporation.

It was a brilliant affair, and well known French and American women were present. The Duchesse d'Uzes and Mme. Bofflay received.

Eight Just Escape Death.

Newport, Ind., Feb. 6.—Eight men riding in the caboose of a Toledo, St. Louis and Southwestern freight train narrowly escaped death when twenty cars of the train plunged into Wabash river near Cayuga, Ind.

SECEDED CHURCH QUILTS.

First Christian Scientist of East Orange Disbands.

New York, Feb. 6.—The First Church of Christ, Scientist, of East Orange, which seceded from the mother church on Dec. 5 last and became an independent church with a "reformed" ritual, has disbanded.

The church, so Chairman Cox of the New York publication committee of the mother church says, was reduced to a membership of about ten when the vote was taken to disband.

DO YOU KNOW HOW TO REST?

University of Wisconsin Establishes Class For "Fidgety" Students.

How to rest is the newest thing to be taught in the modern university. Classes in "rest" have just been added to the gymnastic curriculum of the University of Wisconsin.

In reporting to the United States bureau of education George Wehler, director of physical education at the Wisconsin institution, says:

"We do not go on the theory that the gymnasium is good for every one and that therefore every one must take gymnastics. The purpose of these classes in rest is to teach girls who are restless and fidgety and who grow weary from the performance of tasks that ought not to produce fatigue how to acquire control over their own nervous systems."
