ACTUAL STARVATION.

Facts About Indigestion and Its Relief That Should Interest You.

Although indigestion and dyspepsia are so prevalent, most people do not thoroughly understand their cause and cure. There is no reason why most people should not eat anything they desire—if they will only chew it carefully and thoroughly. Many actually starve themselves into sickness through fear of eating every good-looking, good-smelling, and good-tasting food, because it does not agree with them.

The best thing to do is to fit yourself to digest any good food.

We believe we can relieve dyspepsia. We are so confident of this fact that we guarantee and promise to supply the medicine free of all cost to every one who will use it, who is not perfectly satisfied with the results which it produces. We exact no promises, and put no one under any obligation whatever. Surely, nothing could be fairer. We are located right here and our reputation should be sufficient assurance of the genuineness of our offer.

We want every one troubled with indigestion or dyspepsia in any form to come to our store and buy a box of Rexall Dyspepsia Tablets. Take them home and give them a reasonable trial, according to directions. Then, if not satisfied, come to us and get your money back. They are very pleasant to take; they aid to soothe the irritable stomach, to strengthen and invigorate the digestive organs, and to promote a healthy and natural bowel action, thus leading to perfect and healthy digestion and assimilation.

A 25c. package of Rexall Dyspepsia Tablets furnishes 15 days' treatment. In ordinary cases, this is sufficient to produce a cure. In more chronic cases, a longer treatment, of course, is necessary, and depends upon the severity of the trouble. For such cases, we have two larger sizes which sell for 50c. and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store.

MENNER WINS DAMAGE SUIT

(Continued From Page One.)

Walter M. Fowler all testified to the unsafe condition of West street at this point and based their opinions on personal experience.

William Sherwood, a clerk in Manner & Co.'s store, testified that he was going up Main street to dinner when he saw Manner cross Main street on Fifteenth and stated that the team seemed to be under control and was not going fast. He did not hear any shouting or see anything unusual.

Clark Kimble was sworn. He stated that he sometimes went along with Mr. Manner to help deliver. He knew the team to be perfectly safe and never had any trouble with it prior to the accident.

After this witness testified the plaintiff rested the case.

A compulsory non-suit was offered by the attorneys for the defendant but it was denied by the Court.

The defense stated to the jury that they intended to prove that the plaintiff was guilty of contributory negligence in not turning up Main street when he could have avoided the dangerous ditch. The first witness called was George M. Genung who stated he was a borough commissioner at the time of the accident and had served two or three terms. He knew of the ditch and the condition existing there. He stated that it was 9 or 10 inches deep and 6 or 7 feet wide at the top. The sides sloped gradually in to the ditch. The ditch had been there for a long time he stated and they never had any complaints regarding it.

Geo. W. Penwarden was sworn. He testified to being a member of the street committee and corroborated Mr. Genung's story. In the cross-examination he stated that the ditch was there to carry away the water. Mr. Greene asked him that if the ditch was necessary before the accident, why was it covered up immediately after the accident? No different answer was given.

W. H. Kreitner stated that he lived near the scene of the accident and considered the ditch a safe place for ordinary travel.

Martin Caufield, president of the borough council, testified to about the same thing.

Mrs. Thomas Cantivan, who lives on Fifteenth street, testified to the occurrence and stated that while at dinner she heard a noise and shouting and running to the window exclaimed, "There is a runaway." She saw Manner & Co.'s delivery wagon come around the corner from East street and when it reached West street it swerved, broke the hind wheel and fell over. She did not see the man inside.

Mrs. W. H. Kreitner told the same story.

George Decker of Fifteenth street, and Fred Weniger, of West street, also testified to the accident.

Wyman Kimble and William T. Moore testified to the crossing on corner of West and Fifteenth streets to be safe for ordinary travel, but Mr. Moore said that if any one ever went across on a trot "something would happen."

The only really conflicting testimony was that of Dr. Harry B. Ely who stated that he had made an examination of the plaintiff on Monday night along with Dr. Burns and had found Mr. Manner suffering from heart disease, hardening of the arteries and also found a shoulder wound. He stated that he thought the operation performed in Dr. Reed Burns' hospital was totally unnecessary and that it was not a serious injury. It would not disable him permanently from doing manual labor.

On cross-examination he stated that he could not tell Manner's exact condition for he never had the opportunity of thoroughly examining him. He couldn't say how much he would be liable to suffer in the future or how much he is incapacitated in caring for himself.

Louis Kreitner's testimony completed the defense. He merely stated or repeated what has been given of the accident heretofore.

Attorneys Searle and McCarty gave short but excellent arguments to the jury. Homer Greene did not, as many thought he would, touch on the sympathies of the jury, but stuck to the facts. It is not necessary to go into these discussions further for they merely covered the testimony given.

COURT NOTES.

SULKY PLOWS We can do this
Because:

Anyone who can drive a team can do good plowing. An 1800-pound team handles one nicely.

They stay in the ground on rough and stony land. They have steel moldboards and landsides. Almost impossible to wear one out.

They do the work better than is possible with an old style plow. They save the hard part of spring work. Every farmer should have one, and we wish to furnish him.

We have a good plow and want you to know it. Our price is \$45.00, just high enough to give you the best plow. We consider the "Wood" the best. Make us prove it.
