Searle, President Judge of Wayne county, took the bench in the case of the Commonwealth vs. George and Lewis LeBar in the Monroe county court last week. On hearing Hon. R. L. Burnett, the defendants having entered a technical plea of guilty, the court sentenced them to pay the costs of prosecution and a fine of \$10. The defendants were inspectors of election in Price township and illegally received the vote of John Luckey, who had moved from the district, and had not returned in time to have the right to vote. The town council has granted June Decker the privilege to use any fire hydrant on Main street to secure water for the street sprinkling wagon. Mr. Decker will be requested to sign a contract in which he will agree to keep in repair any plug broken by him. Also that he will not allow water to collect in the road at any hydrant and that the same man will operate the plugs during the season. The council allowing Mr. Decker to use the different fire hydrants on Main street is a first class proposition. It will flush the water that otherwise would flow only when tests are made by the town and Water company officials. The Improvement Association card party was largely attended at the Lyric hall last Thursday evening. Five Hundred and pinocle were played. It is a complete and comprehensive series of pictures of the maple sugar and syrup industry from the tapping of the trees to the shipping of the product and concluding with the gathering of the young people of the neighborhood in an old-fashioned warm sugar party. The Edison people ran this picture before the board of censors in New York for the first time last week where it received the most favorable comment. It is intended chiefly for educational work in the school although it will be seen in theatres as well. Mr. Wright has one of the largest and best appointed sap bushes in Susquehanna county and it afforded excellent facilities for the making of the picture film. The old saying is that "Charity begins at home" and it can be applied right here in Honesdale. For many years perhaps the Salvation Army wagon has been coming here from Scranton, collecting old clothes and things for Scranton's poor. The goodness that prompts these acts of charity on the part of our people cannot be overlooked and we are glad that such is the case, but while all this charity is being distributed abroad the poor of Honesdale and Texas are going without. There are many families right here in our vicinity who are wanting and are probably in more immediate need of the things that are going elsewhere than those who receive them ever can be. There are plenty of people in Scranton who can well look out for their own poor. Let Honesdale care for her own before helping others. Inasmuch as ye have done it unto others, ye have done it unto Me.
