Washington, May 21.—Secretary of Agriculture Wilson is under fire by imputation at least in a resolution introduced in the house by Representative Akin of New York.

"Resolved, That the secretary of agriculture, James Wilson, report to the house of representatives the name of the irrigation company in Colorado with which his son, Jasper Wilson, is now connected at an annual salary reported to be \$10,000.

"Also report the name of the person sent to the Philippine Islands from the United States to take charge of agriculture in those islands, the salary he received, his qualification for the position and whether his appointment was arranged so that Jasper Wilson, at the time private secretary to his father, James Wilson, could be given a \$10,000 position in Colorado."

Duke of Cumberland's Eldest Son Is Victim.

Copenhagen, May 21.—The Duke of Cumberland's eldest son has been killed in an automobile accident near the frontier of Mecklenburg. This new death again afflicts the Danish and British royalties.

Prince George was steering, and the automobile was going at full speed. They came suddenly upon a road which was under repair, and the car turned over.

Prince George's head was smashed and his chest shattered. Von Greve's neck was broken. The chauffeur was seriously injured.

MINE STRIKE ENDS

Final Pact Means Peace For Four Years.

SAY OPERATORS HAVE WON.

Miners Get Increase in Wages of Something Over 5 Per Cent, but Union Is Not Recognized—Union Men on Grievance Committee.

Philadelphia, May 21.—The agreement between the anthracite operators and the United Mine Workers, which assures peace in the anthracite mines for four years, was signed this afternoon in the office of President George F. Baer of the Reading company. Those signing the agreement were:

Representing the Mine Workers—John F. White, president of the United Mine Workers of America; John T. Dempsey, John Fahy, Thomas Kennedy, Andrew Matvey, John H. Mack, Thomas J. Richards, Neil J. Ferry, M. A. Nash and John Fallon.

Baer Heads Operators. Representing the Operators—George Baer, E. P. Thomas, W. H. Truesdale, F. D. Underwood, L. D. Loree, Morris Williams, Joseph B. Dixon, J. L. Calk, Alvan Markle and Percy C. Maderia.

Soft coal operators asserted that they regarded the anthracite wage settlement as a victory for the operators. President J. Wiltonberg of the Pocahontas and New River Coal company said:

"The anthracite miners conceded more than they gained. They gained a net increase in wages of something over 5 per cent, but the union is not recognized. The power to appoint union men on the grievance committee is the only concession to the union. On the other hand, the open shop still prevails in the trade. The operators brought about a four years' agreement, which will not expire at the same time as the soft coal agreement, on March 31, 1914."

Norristown, Pa., May 21.—Judge Weand sentenced Grover Cleveland Bergdoll, son of the Philadelphia brewer, to pay a fine of \$75 for assault and battery upon Policeman Mullen of Lower Merion. Bergdoll was convicted at the last session of criminal court.

In sentencing Bergdoll Judge Weand said too many young men who run automobiles had an idea that others had no rights on the highways and therefore ran their machines recklessly, feeling secure in the thought, apparently, that the money at their disposal will buy their liberty.
